NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Mesa Vineyard Management 401(k) Retirement Plan (the Plan) is for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Mesa Vineyard Management, Inc. (the employer) who are at least eighteen years of age and have completed three months of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Organization – Mesa Vineyard Management 401(k) Retirement Plan was organized effective January 1, 1994 to provide a tax deferred savings plan for employees of the employer who become participants of the Plan. The Plan's investments are administered by Automatic Data Processing, Inc. (ADP).

Contributions – Eligible participants may contribute, by voluntary payroll deduction, up to the maximum allowed by sections 415 and 401(k) of the Internal Revenue Code. The Company elected to adopt safe-harbor provisions and makes a matching contribution to all non highly compensated participants equal to 100% of the first 5% of compensation. The Plan also allows eligible participants to rollover amounts from other qualified retirement plans.

Participant Accounts – Each participant's account is credited or debited with (1) the participant's contributions by payroll deduction, (2) the participant's portion of employer contributions, (3) an allocation of plan earnings, (4) any loans made to or repaid by the participant, and (5) an allocation of Plan expenses.

Vesting – Participants are immediately vested in their voluntary and employer contributions plus actual earnings thereon.

Payments of Benefits – Upon termination of service for any reason, a participant's account is generally distributed in a single lump sum payment. Withdrawals of a participant's account during the participant's employment are limited to elective contributions upon reaching age 59-1/2, and financial requirements meeting the hardship provisions of the Plan or through borrowings under the loan provisions of the Plan.

Participant Investment Options – Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation several times each quarter.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants – Loans are available to all participants as described in the Plan's loan policy. Participants may apply to borrow from the Plan a minimum amount of $500 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Most loan funds may be repaid over any reasonable period, not to exceed the fifth anniversary of the date the funds were borrowed, with the exception of loans used for the purchase of a principal residence which can be repaid over a period of up to 30 years. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus two percent as published in the Wall Street Journal on the 14th day of each month. Interest rates range from 5.25% to 5.50%. Principal and interest are paid ratably through payroll deductions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting which is in conformity with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassified Amounts – Certain prior year amounts have been reclassified to conform with current year presentation.

Valuation of Investments and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

NOTE 2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as it is earned and dividends are recorded on the ex-dividend date.

Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – Expenses to administer the Plan, if not paid by the sponsor, may be paid by the Plan, and certain fees are allocated to the individual participant accounts.

Subsequent Events – The Plan Administrator has evaluated subsequent events through September 11, 2017, the date the financial statements were available to be issued.

NOTE 3. **RECENTLY ISSUED ACCOUNTING STANDARDS**

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

NOTE 3. **RECENTLY ISSUED ACCOUNTING STANDARDS (Continued)**

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value, accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I and Part II of this Update for the 2016 plan year, and the amendments in Part I and Part II were retrospectively applied to December 31, 2015. Prior year disclosures in Notes 4 and 5 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

NOTE 4. **CERTIFIED INFORMATION**

The Plan funds are held by Reliance Trust Company, the current custodian of the Plan, and State Street Bank and Trust Company, the former custodian of the Plan. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2016 and 2015 and interest, dividends, and net appreciation (depreciation) of fair value of investments for the years then ended were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan custodians.

NOTE 4. CERTIFIED INFORMATION (Continued)

The following table is a summary of the Plan's asset information as certified by the Plan custodians at December 31.

	2016	2015
Investments at fair value:		
Mutual Funds	$ 4,644,666	$ 4,152,029
Collective trust funds	1,451,004	1,225,253
Investments at contract value – Stable value trust fund	688,807	597,978
Total investments	6,784,477	5,975,260
Notes receivable from participants	281,619	224,561
Total certified assets	$ 7,066,096	$ 6,199,821

The Plan custodians also certified to the completeness and accuracy of $363,711 and $(216,160) of net appreciation (depreciation) in the fair value of investments and $143,916 and $173,314 of interest and dividends related to the aforementioned investments and notes receivable from participants for the years ended December 31, 2016 and 2015, respectively.

NOTE 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 5. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the net asset value ("NAV") as provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. The NAV's unit price is quoted on a private market and the underlying assets owned by the fund are traded on active markets.

Stable value trust fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5. **FAIR VALUE MEASUREMENTS (Continued)**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual fund	$4,644,666	$ –	$ –	$4,644,666
Collective trust funds	–	1,451,004	–	1,451,004
Investments measured at fair value	4,644,666	1,451,004	–	6,095,670
Investments measured at net asset value (a)	–	–	–	688,807
Total investments at fair value	$4,644,666	$1,451,004	$ –	$6,784,477

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$4,152,029	$ –	$ –	$4,152,029
Collective trust funds	–	1,225,253	–	1,225,253
Investments measured at fair value	4,152,029	1,225,253	–	5,377,282
Investments measured at net asset value (a)	–	–	–	597,978
Total investments at fair value	$4,152,029	$1,225,253	$ –	$5,975,260

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6. **FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT**

The plan has a fully benefit responsive investment contract with Invesco. Invesco maintains the contributions in a collective trust. The Invesco Stable Asset Fund (the "Fund") is a diverse portfolio of bank, insurance company or synthetic investment contracts, short-term investments or other collective investment funds. In determining the net assets available for benefits, the Fund is included in the accompanying financial statement at contract value, which represents contributions made under the contract plus earnings, less withdrawals and administrative expenses.

NOTE 6. **FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)**

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's management believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

NOTE 7. **RELATED PARTY TRANSACTIONS**

Plan investments are invested in funds held by Reliance Trust Company, current custodian of the Plan, and State Street Bank and Trust Company, former custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodians, for investment services, are included in net appreciation (depreciation) in fair value of investments and amount to $ –0– and $500 for the years ended December 31, 2016 and 2015, respectively. Fees paid to the plan recordkeeper, ADP, and plan financial advisor also qualify as party-in-interest transactions and amount to $68,933 and $8,628 for the years ended December 31, 2016 and 2015, respectively.

NOTE 8. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the company has the right under the Plan document to terminate this Plan subject to the provisions of ERISA. In the event of termination, each participant, retired participant, former participant and beneficiary shall be entitled to receive any amount credited to that person's account.

NOTE 9. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the administrator that the prototype plan and related trust are designed in accordance with applicable section of the Internal Revenue Code (IRC). The prototype plan was most recently amended effective April 1, 2015 to conform to new regulations, and the Plan Administrator believes the Plan continues to be operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the value of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Variations in the timing of the recognition of certain transactions affecting the Plan have resulted in differences between the financial statements and the Internal Revenue Service Form 5500. The following is a reconciliation of these differences:

	2016	2015
Net assets available for benefits:		
Per audited financial statements	$ 7,066,516	$ 6,199,980
Contributions receivable	(420)	(159)
