Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

To the Trustee and Participants of
LifeStyle Pension Plan for Employees of Sunbury Textile Mills, Inc.

Report on the financial statements

We were engaged to audit the accompanying financial statements of LifeStyle Pension Plan for Employees of Sunbury Textile Mills, Inc. (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the statement of accumulated plan benefits as of December 31, 2015 and the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did

not perform, any auditing procedures with respect to the certified information described in Note I, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator obtained a certification from this entity as of December 31, 2016 and 2015, and for the years then ended, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements, other than that derived from the certified information described in Note I, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of the LifeStyle Pension Plan for Employees of Sunbury Textile Mills, Inc., formerly the LFI Salaried Employees' Pension Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Effective in 2002, NCFII Holdings, Inc. (the "Company"), a subsidiary of Masco Corporation ("Masco"), became the Plan Sponsor for the Plan.

1. *General.* The Plan is a defined benefit pension plan covering eligible employees at Sunbury Textile Mills, Inc. ("Sunbury"), a former subsidiary of LifeStyle Furnishings International Ltd. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by Masco's Benefits Department, which has overall responsibility for the operation and administration of the Plan. Masco's Pension Trust Investment Committee ("Committee"), which is a committee of members of management of Masco, is responsible for the management of the Masco Corporation Retirement Master Trust ("Master Trust"). The Committee sets the investment objectives, goals, and guidelines and monitors investment performance.

Effective December 31, 2001, all benefit accruals under the Plan were frozen. As a result, there are no increases in benefits under the Plan, and no new participants will be added to the Plan, from and after December 31, 2001.

2. *Pension Benefits.* Participants with five or more years of credited service at the time the Plan was frozen or who have attained normal retirement age (65) are entitled to vested annual pension benefits beginning at normal retirement age. Generally, employees may elect to receive their pension benefits in the form of a joint and survivor annuity, lifetime annuity or period certain annuity.

3. *Death and Disability Benefits.* If a vested participant (who is married) dies before retirement, a pre-retirement survivor annuity is paid to the participant's spouse. This survivor annuity is payable on the earliest date on which the participant could have elected to receive retirement benefits if the participant had survived. Disability retirement benefits are subject to offsets as described in the Plan agreement.

4. *Funding Policy.* The contributions of the Company are designed to fund an amount which falls between the minimum contribution requirements and the maximum deductible allowance, as determined annually under the provisions of the Internal Revenue Code ("IRC"). The yield on investments of the Plan serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan. The Company's contributions for 2016 and 2015 of \$1,164,000 and \$500,000, respectively, met or exceeded the minimum funding requirements of ERISA. No participant in the Plan is required to make a contribution under the Plan.

5. *Plan Termination.* Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

B. ACCOUNTING POLICIES

The following is a summary of significant accounting policies (in accordance with accounting principles generally accepted in the United States of America) followed in the preparation of these financial statements.

Basis of Accounting. The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from these estimates and assumptions.

Risks and Uncertainties. The Plan's invested assets ultimately consist of common and preferred stocks, private equity and hedge funds, corporate debt securities, government and other debt securities, a common collective trust fund, a

EMPLOYEES OF SUNBURY TEXTILE MILLS, INC.**

B. ACCOUNTING POLICIES, Continued

securities lending collateral pool, and short-term and other investment securities. Investment securities are exposed to various risks, including interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in the value of investment securities in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Plan contributions and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Investment Valuation and Income Recognition. Investments represent the Plan's pro rata interest in the fair value of the net assets of the Master Trust, as determined by The Northern Trust Company ("Trustee"). The Plan's Committee determines the Plan's valuation policies utilizing information provided by its investment advisers and Trustee. See Note D for a discussion of fair value measurement.

Investment transactions are reflected on a trade-date basis. Net appreciation (depreciation) includes the Master Trust's realized gains and losses on investments that were both purchased and sold during the period as well as unrealized appreciation (depreciation) of the investments held at year-end. Interest income is recognized on the accrual basis of accounting. Dividend income is recorded on the ex-dividend date. Income from other securities is recorded as earned on an accrual basis.

The Plan presents in the statements of changes in net assets available for benefits the investment income (loss) from its interest in the Master Trust. The investment income (loss) is comprised of the net appreciation (depreciation) in the fair value of its investments which consists of the Plan's pro rata interest in the realized gains or losses and the unrealized appreciation (depreciation) of the investments of the Master Trust. Also included are the Plan's pro rata share of the interest and dividend income of the Master Trust. Such pro rata allocations are made monthly based on the Plan's weighted average interest in the fair value of the Master Trust net assets.

Payment of Benefits. Benefit payments to participants are recorded upon distribution.

Administrative Expenses. The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in investment income (loss), net, presented in the accompanying statements of changes in net assets available for benefits.

Reclassifications. Certain reclassifications of prior year amounts have been made to conform with the current year presentation.

Recently Adopted Accounting Pronouncements. In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2015-07 ("ASU 2015-07"), "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)," which exempts investments measured using the net asset value ("NAV") (or its equivalent) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy while being separately presented to permit reconciliation of total pension plan assets. The Plan retrospectively adopted ASU 2015-07 on December 31, 2016. As a result of the adoption, the Master Trust's assets valued using the NAV per share method (or its equivalent) as a practical expedient as of December 31, 2016 and 2015 have been removed from the fair value hierarchies (Note D). The value of these assets has been presented separately to permit reconciliation to total Master Trust assets.

Recently Issued Accounting Pronouncements. In February 2017, the FASB issued Accounting Standards Update 2017-06 ("ASU 2017-06"), "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting." This standard expands employee benefit plan reporting with respect to a plan's interest in a master trust. Specifically, the update

requires a plan's interest in a master trust and any change in that interest to be presented as separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits. Additionally, plans must disclose the dollar amount of their interests in each of their general types of investments and other asset and liability balances. The guidance is effective for the Plan for fiscal years beginning after December 15, 2018 and shall be applied retrospectively to all periods presented. The Plan's administrator is currently evaluating the impact adoption of the standard will have on the Plan's financial statements.

C. INVESTMENTS

The Plan's investments at December 31, 2016 and 2015 include for each year its 1.2 percent participation in the Master Trust.

The following table presents the fair value of the Master Trust's net assets at December 31, 2016 and 2015.

With respect to the Master Trust's investments in private equity funds and other debt securities, the Master Trust had, at December 31, 2016 and 2015, commitments to contribute up to \$15 million and \$17 million, respectively, of additional capital to such funds and securities representing the Master Trust's aggregate capital commitment to such funds less capital contributions made to date. The Master Trust is contractually obligated to make additional capital contributions to certain of its investments upon receipt of a capital call. The Master Trust has no control over when or if the capital calls will occur. Capital calls are funded in cash and generally result in an increase in the carrying value of the Master Trust's investment when paid.

Securities Lending:

Masco Corporation has an agreement with The Northern Trust Company authorizing the Trustee to lend securities held in the Master Trust to third parties. The Trustee must obtain collateral from the borrower in the form of U.S. Government securities, irrevocable bank letters of credit, or cash. The cash collateral is invested in interest bearing accounts with The Northern Trust Company. The total collateral for the securities loaned as of December 31, 2016 and 2015 was \$36,845,308 and \$52,884,367, respectively, of which \$770,363 and \$3,514,896 was non-cash as of December 31, 2016 and 2015, respectively. Both the collateral and the securities loaned are marked-to-market on a daily basis so that all loaned securities are, at a minimum, collateralized at 102% of the market value of the borrowed securities. The Master Trust has a corresponding liability (equal to the collateral) to repay the collateral upon return of the securities. In the event that the loaned securities are not returned by the borrower, the Trustee will purchase equivalent securities by applying the collateral to the payment of the purchase price and demand from the borrower any remaining amounts due and owing. All recoveries will be credited to the Master Trust when received.

C. INVESTMENTS, Concluded

The fair value of securities loaned by the Master Trust as of December 31, 2016 and 2015 is shown below by type of security:

	2016	2015
Common Stocks	\$ 30,347,443	\$ 46,549,500
Corporate Debt Securities	5,193,965	4,082,740
U.S. Government Debt Securities	197,867	656,673
	<u>\$ 35,739,275</u>	<u>\$ 51,288,913</u>

The Master Trust and the Trustee each receive a percentage of the net income derived from securities lending activities based on the type of securities. Income earned by the Master Trust related to securities lending activities for the years ended December 31, 2016 and 2015 was \$196,427 and \$159,680, respectively, net of bank fees of \$83,965 and \$68,223 for the years ended December 31, 2016 and 2015, respectively.

Although the securities lending activities are collateralized as described above, they involve both market and credit risk. In this context, market risk refers to the possibility that the borrowed securities will not be fully collateralized upon a sudden material change in the fair value of the loaned securities or the collateral. In 2016 and 2015, based on improving market conditions, the Master Trust did not incur any liability related to the securities lending activities.

Security lending in the Master Trust is handled via an electronic platform provided by Equilend, a joint venture of various securities lending agents and security borrowers, in which The Northern Trust Company has an equity interest. Fees are not charged to the Master Trust for use of the services but are paid by the Trustee.

Since The Northern Trust Company has a financial interest in the successful operation of Equilend, Equilend has obtained a Prohibited Transaction Exemption from the U.S. Department of Labor. The exemption (a) enables The Northern Trust Company to use Equilend's platform for lending the securities of plans and (b) permits Equilend to sell or license ancillary products to Northern Trust or to a plan to which Equilend is a party-in-interest.

D. FAIR VALUE MEASUREMENTS

The Plan follows fair value guidance (ASC 820) that defines fair value, establishes a framework for measuring fair value and requires certain disclosures about fair value measurements. The guidance defines fair value as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." Further, it defines a fair value hierarchy, as follows: Level 1 inputs as quoted prices in active markets for identical assets or liabilities; Level 2 inputs as observable inputs other than Level 1 prices, such as quoted market prices for similar assets or liabilities or other inputs that are observable or can be corroborated by market data; and Level 3 inputs as unobservable inputs that are supported by little or no market activity and that are financial instruments whose value is determined using pricing models or instruments for which the determination of fair value requires significant management judgment or estimation.

The Master Trust has a target asset allocation of the investment portfolio that was developed with the objective of achieving an expected rate of return and reducing the volatility of asset returns. Our investments seek to minimize the volatility of the value of the Plan assets relative to pension liabilities and ensure Plan assets are sufficient to pay Plan benefits. We use a portfolio mix of equity investments and fixed-income securities to obtain these objectives. Equity securities are invested in individual securities or funds that are expected to mirror broad market returns for equity securities. Over time, these equity investments are expected to earn higher returns with more volatility than fixed-income investments. Risks in these investments are broadly diversified by geography, market capitalization, manager mandate size, investment style and process. To minimize asset volatility relative to liabilities, a portion of Plan assets are allocated to fixed-income investments that are exposed to interest rate risk. Rate increases and decreases generally will result in a corresponding increase or decrease in fixed-income assets, with offsetting increases or decreases in the present value of liabilities. The fixed-income portfolio invests in corporate bonds, bond index funds or U.S. Treasury securities.

D. FAIR VALUE MEASUREMENTS, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Common and Preferred Stocks and Short-Term and Other Investments: Valued at the closing price reported on the active market on which the individual securities are traded, or based on the active market for similar securities. Certain investments are valued based on NAV, which approximates fair value. Such basis is determined by referencing to the respective fund's underlying assets. There are no unfunded commitments or other restrictions associated with these investments.

Private Equity and Hedge Funds: Valued based on an estimated fair value using either a market approach or an income approach, both of which require a significant degree of judgment. There is no active trading market for these investments and they are generally illiquid. Due to the significant unobservable inputs, the fair value measurements used to estimate fair value are a Level 3 input. Certain investments are valued based on NAV, which approximates fair value. Such basis is determined by referencing the respective fund's underlying assets. There are no unfunded commitments or other restrictions associated with the investments which are valued at NAV.

Corporate, Government and Other Debt Securities: Valued based on either the closing price reported on the active market on which individual securities are traded, or using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. Certain investments are valued based on NAV, which approximates fair value. Such basis is determined by referencing the respective fund's underlying assets. There are unfunded commitments of \$3,311,412 and no other restrictions associated with these investments.

Common Collective Trust Fund: Valued based on an amortized cost basis, which approximates fair value. Such basis is determined by reference to the respective fund's underlying assets, which are primarily cash equivalents. There are no unfunded commitments or other restrictions associated with this fund.

Securities Lending Collateral Pool: Primarily invested in cash equivalents which are valued using pricing models maximizing the use of observable inputs for similar securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. INCOME TAX STATUS

The Internal Revenue Service ("IRS") determined and informed the Company by letter, dated July 20, 2011, that the Plan and the related trust are designed in accordance with applicable sections of the IRC. The Plan has since been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

F. RELATED PARTIES

Certain plan investments are investments managed by The Northern Trust Company as the Plan Trustee. Therefore, the purchases and sales qualify as party-in-interest transactions. Additionally, the Master Trust participates in Securities Lending programs of the Trustee.

G. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) beneficiaries of employees who have died. Benefits under the Plan are based on employees' credited years of service. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by an actuary from Willis Towers Watson and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2015 and 2014 were (a) life expectancy of participants - the Plan used the RP-2014 annuitants and non-annuitants blue collar adjusted mortality tables with the generational MP-2015 and MP-2014 improvement scales, respectively, (b) retirement age assumption (the assumed weighted average retirement age was 60 for 2015 and 2014), (c) discount rate (based on the assumed rate of return of 7.25 percent in 2015 and 2014) and (d) withdrawal assumptions. The change from the MP-2014 improvement scale to the MP-2015 improvement scale incorporates updated life expectancy improvement data. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2016. Had the valuation been performed as of December 31, 2015 there would be no material differences.

H. PLAN TERMINATION

Although there is no present intent to terminate the Plan, if the Plan were to terminate at some future time, the net assets of the Plan will first be allocated to provide benefits for participants as prescribed by ERISA and its related regulations. All remaining net assets, to the extent unfunded vested benefits exist, will be paid by the Pension Benefit Guaranty Corporation or in accordance with the Plan document, up to applicable limitations. Plan termination priorities are available from the Pension Benefit Guaranty Corporation.

I. SUMMARY OF FINANCIAL DATA PROVIDED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by the Trustee and was not subjected to any auditing procedures performed by the independent auditors.

- a. Plan interest in Master Trust, net, as shown on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015.
- b. Investment income (loss), net, as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015.
- c. Total Master Trust net assets, interest, dividends and net appreciation (depreciation), as shown in the accompanying Note C as of and for the years ended December 31, 2016 and 2015.

J. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 2, 2017, the date the LifeStyle Pension Plan for Employees of Sunbury Textile Mills, Inc. financial statements were available to be issued. No events were identified that required disclosure within the financial statements.

Demographic Assumptions

Inclusion date	The valuation date coincident with or next following the date on which the employee is hired.
New or rehired employees	It was assumed there will be no new or rehired employees.
Mortality	
■ Healthy	Separate rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected to 2031 using Scale AA and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2023 using Scale AA.
■ Disabled	Same as healthy mortality.
Termination	There are no active participants.
Disability	None
Retirement	Participants with deferred benefits are assumed to retire at age 60.
Benefit commencement date:	
■ Deferred vested benefit	The later of age 60 or termination of employment
Form of payment	Participants with deferred benefits are assumed to elect the normal form.
Percent married	60% of males; 30% of females. Used to value pre-retirement surviving spouse benefits and in determining the optional forms expected to be elected at commencement.
Spouse age	Wife three years younger than husband.
Covered pay	Assumed plan compensation for the year beginning on the valuation date was determined as the current annual rate of pay.

At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect form of payment based on marital status. The assumed form of payment for a married participant is the 50% Qualified Joint and Survivor Annuity. Single participants are assumed to elect the 5-year Certain and Life Annuity.
----------------------------	---

Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.
-----------------------------------	--

Methods

Valuation date	First day of plan year
-----------------------	------------------------

Funding target	Present value of accrued benefits as required by regulations under IRC §430.
-----------------------	--

Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
---------------------------	---

Actuarial value of assets for determining minimum required contributions	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 7.25% (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2015 plan year. The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.
---	---

Benefits not valued	All benefits described in the Plan Provisions section of this report were valued based on discussions with Masco Corporation regarding the likelihood that these benefits will be paid. Willis Towers Watson has reviewed the plan provisions with Masco Corporation and, based on that review, is not aware of any significant benefits required to be valued that were not.

Assumptions Rationale - Significant Economic Assumptions

Discount rate The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.

Lump sum conversion rate N/A – No participants are assumed to take annuity benefits in the form of a lump sum.

Rates of increase in:

■ Increases in statutory limits (CPI) Plan Compensation is limited to the maximum presently allowed under IRC Section 401(a)(17).

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality Assumptions used for funding purposes are as prescribed by IRC §430(h).

Disabled Mortality Assumptions used for funding purposes are as prescribed by IRC §430(h).

Retirement Retirement rates were based on an experience study conducted in December 2015 with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.

Benefit commencement date for deferred benefits:

■ Deferred vested benefit Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

Schedule SB, Part V – Summary of plan provisions

Plan Sponsor

NCFII Holdings, Inc. c/o Masco Corporation

Plan

Lifestyle Pension Plan for Employees of Sunbury Textile Mills, Inc.

Effective Date and Most Recent Amendment

The plan was restated in 2000 effective April 1, 2000. The last amendment reflected herein was adopted December 21, 2009.

Plan Year

The twelve-month period ending December 31, 2016.

Coverage and Participation

All non-union employees are eligible for Plan participation. In general, participation commences at date of hire. No employees will be able to enter the plan after December 31, 2001. All covered locations have been closed and there are no remaining active participants. All participants are either retired or terminated with vested benefits.

Credited Service

Credited service was frozen for all participants as of December 31, 2001.

Salaried: The number of whole years and fractions thereof to the nearest 1/12th of the participant's period of Service.

Hourly: A Participant earns one year of Credited Service on the basis of 1,800 or more Hours of Service in a Plan Year. A partial year of credit is earned if the Participant has less than 1,800 Hours of Service, computed to the nearest 1/12th year, per the schedule defined in the Plan.

SCHEDULE SB ATTACHMENTS

Vesting Service

Vesting service for all participants was frozen as of December 31, 2001.

Salaried: An Employee receives one year of Vesting Service for each whole year of the Employee's period of Service.

Hourly: An Employee receives one year of Vesting Service for each Plan Year in which the Employee is credited with at least 1,000 Hours of Service.

Normal Retirement Benefit

Normal Retirement Age: Age 65

Normal Retirement Date: First day of the month coincident with or next following the participant's 65th birthday.

Benefit Formula: The Accrued Benefit

Normal Form of Benefit:

For Salaried Participants – Five Years Certain and Life Annuity: Monthly payments during the Participant's Retirement with a minimum of 60 payments.

For Hourly Participants – Life Annuity: Monthly payments during the Participant's lifetime only.

Unless the Participant and his spouse elect otherwise, a married participant will receive a 50% Joint and Survivor Annuity actuarially equivalent to the Normal Form of Benefit. If the present value is less than \$1,000, the Participant's benefit will be paid in a lump sum distribution in lieu of a monthly annuity.

SCHEDULE SB ATTACHMENTS

Accrued Benefit

The frozen accrued benefit was provided by Masco, what follows is a summary of the formula underlying that benefit.

For Salaried Participants: Based on the following formula, payable one-twelfth monthly:

- A. 1.1% of Final Average Compensation up to \$9,000 times years of Credited Service (maximum 30 years) prior to July 1, 1971, plus
- B. 1.3% of Final Average Compensation in excess of \$9,000 times years of Credited Service (maximum 30 years) prior to July 1, 1971, plus
- C. 1.1% of Final Average Compensation times years of Credited Service after July 1, 1971 (maximum 30 years, inclusive of service prior to July 1, 1971).

For Hourly Participants: \$10.00 times years of Credited Service.

Early Retirement Benefit

Eligibility: Age 55 with 5 or more Years of Vesting Service.

Benefit: Accrued Benefit as of Early Retirement Date reduced for commencement before age 65 to reflect the increased payment period. The reduction is 5/9ths of 1% for each of the first 60 months plus 5/18ths of 1% for each of the next 60 months that retirement precedes age 65.

Vested Benefits Upon Termination of Service

Vesting: Participants are 100% vested upon completion of 5 years of Vesting Service.

Termination Benefit: The accrued benefit is payable at age 65; or reduced at age 55 as per Early Retirement.

Surviving Spouse Benefits

Eligibility: All Participants eligible for a Vested Retirement Benefit who are married at date of death, automatically receive coverage under this Option.

Benefit: In the event of a Vested Participant's death prior to benefit commencement, a 50% Survivor Annuity will be paid to the Participant's spouse. Benefits to the Spouse are payable on the first day of the month following the Participant's death, or if later, the first day of the month following the Participant's 55th birthday. Benefit payable is the Participant's accrued benefit at date of death, reduced actuarially for survivor annuity and reduced for early commencement (if applicable) by the Early Retirement reduction formula described above. Cost of this protection is fully subsidized by the Company.
