1. Plan Description

The following description of the Pacific Ag Rentals, LLC 401k Plan (the "Plan") provides only general information. Interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees who are employed by Pacific Ag Rentals, LLC Inc. (the "Plan Sponsor") and affiliates. The Plan was formed on January 1, 2007. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and to certain sections of the Internal Revenue Code ("IRC"). All employees who have reached age (21) and complete 1,000 hours of service are eligible to participate in the Plan. Certain classes of employees as defined by the Plan document are excluded from participating in the Plan.

Plan Administration

The Plan Sponsor is the administrator of the Plan. As administrator, the Plan Sponsor has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the custodian). John Hancock Life Insurance Company (U.S.A.) ("John Hancock") is the custodian for the Plan, and acts at the direction of the Plan's administrator. The Plan Sponsor pays the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses are primarily comprised of legal fees and expenses relating to the maintenance of the Plan's records.

Contributions

Employees who elect to participate in the Plan may contribute (pre-tax or post-tax (roth)) a portion (up to 100%) of their eligible compensation up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may make safe harbor contributions and non-elective contributions employee elective matching contributions based on employee deferrals. The Company matches 100% of the participant deferral contributions up to a maximum of 3% of compensation plus 50% of the elective deferral that exceed 3% of eligible compensation but does not exceed 5% of compensation. Participants must complete 1,000 hours of service and be employed on the last day of the Plan year to be eligible for employer contributions. For the year ended December 31, 2016, matching contributions were approximately $77,400.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan Sponsor's discretionary matching contribution (if any), Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance.

Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

1. **Plan Description**, continued

Vesting

Participant contributions, safe harbor contributions rollovers, and net earnings on these contributions, are fully vested when made or earned.

Non-elective employer contributions (if any) as well as all earnings on these contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Forfeitures

Forfeitures may be used to reduce administrative expenses of the Plan or reduce employer contributions during the Plan year in which forfeitures occur. There were no forfeitures or forfeiture activity in 2016.

Payment of Benefits

When participants leave the employer upon retirement (age 55½ and 5 years of participation) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer contributions, rollovers, and the net earnings thereon in a single lump-sum payment. In-service distributions are available to participants at age 59½. Financial hardship distributions are available for certain immediate and heavy financial needs. Participants should refer to the Plan document for the specific needs that qualify for a financial hardship distribution.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an Individual Retirement Account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in a specific percentage or dollar amount, into a series of pooled separate accounts and cash equivalents offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Recent Accounting Pronouncements

Effective January 1, 2016, the Plan adopted Part II of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits, 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments and 3) disaggregation of investments by nature, characteristics and risks (disclosure in aggregate by type is still required). Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution, or other event that occurs between these two measurement dates is required to be disclosed. The adoption of Part II and III had no effect on the Plan's net assets or changes therein. Part I is not applicable to the Plan.

Effective January 1, 2016, the Plan adopted FASB ASU No. 2015-07, *Fair Value Measurement* (Topic 820), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in ASU 2015-07 apply to reporting entities that measure an investment's fair value using the net asset value per share (or its equivalent) practical expedient. The ASU eliminates the requirement to classify the investment within the fair value hierarchy. In addition, the requirement to make certain disclosures for all investments eligible to be assessed at fair value with the net asset value per share practical expedient has been removed. Instead, such disclosures are restricted only to investments that the entity has elected to measure using the practical expedient. The adoption of the new guidance had no effect on the Plan's net assets available for benefits or changes therein.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Continued

2. Summary of Significant Accounting Policies, continued

Expenses

Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Prepared and Certified by the Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by John Hancock as of and for the year ended December 31, 2016:

Investments	$	775,955
Net appreciation in fair value of investments	$	50,104
Dividends and interest	$	100

4. Fair Value Measurements

Accounting Standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and December 31, 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Cash Equivalent	$ 3,758	$ -	$ -	$ 3,758
Net asset value - Pooled Separate Accounts				772,197
Total Assets				$ 775,955

	Assets at Fair Value as of December 31, 2015 (Compiled)			
	Level 1	Level 2	Level 3	Total
Cash Equivalent	$ 3,726	$ -	$ -	$ 3,726
Net asset value - Pooled Separate Accounts				575,618
Total Assets				$ 579,344

The Plan's valuation methodology used to measure the fair values of cash equivalents was derived from quoted market prices as all of these instruments have active markets. The pooled separate accounts are valued based on the Net Asset Value ("NAV") of units of shares held by the trust. In accordance with Accounting Standards Codification 820-10, this investment has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016 and 2015:

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 772,197	n/a	Daily	30 days

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 575,618	n/a	Daily	30 days

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by John Hancock, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in the appreciation in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

6. Tax Status

The Plan Sponsor adopted a Volume Submitter 401(k) Profit Sharing Plan document. The Plan document obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving that opinion letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Plan Termination

The Plan Sponsor has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Plan Sponsor reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances and distributions would be made to participants as described in the Plan agreement.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefit.

9. Subsequent Events

Effective January 17, 2017, the Plan Sponsor changed custodians and recordkeepers from John Hancock to Ascensus, Inc. The provisions of the Plan are consistent with the previous Plan document.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through August 25, 2017, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred, other than listed above, since December 31, 2016 that require recognition or disclosure in such financial statements.
