MOLDEX-METRIC, INC. PROFIT SHARING PLAN
& TAX SHELTERED 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting
The financial statements of the Moldex-Metric, Inc. Profit Sharing Plan & Tax Sheltered 401(k) Retirement Plan (the Plan) are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation
Plan investments are participant-directed. As required under U.S. GAAP, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest based on the interest rate and repayment terms specified in the loan documents. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Income Recognition and Payment of Benefits
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Income from participant contributions is recognized in the period coinciding with the associated payroll deductions. Employer contributions are recognized in the annual accounting period from which the contribution is determined. Benefit payments are recorded when paid to the participants or in the period when deemed a distribution by the plan administrator.

Excess Contribution Refunds Payable
Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to net assets available for benefits. At December 31, 2016 and 2015, the excess contribution refunds payable to the applicable participants totaled $5,606 and $22,530, respectively. The Plan distributed the 2016 excess contributions prior to March 15, 2017 and the 2015 excess contributions prior to March 15, 2016.

NOTE A - SUMMARY OF ACCOUNTING POLICIES (Continued):

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires that the plan administrator make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Accounting Principles

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards update (ASU) 2015-07, *"Fair Value Measurement (Topic 820); Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)"*. In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting; Defined Contribution Pension Plan (Topic 962)"*. These pronouncements are effective for fiscal years beginning after December 15, 2016 and December 15, 2015, respectively, with early adoption permitted. The Plan adopted early and implemented these standards on a retrospective basis for the year ended December 31, 2015.

ASU 2015-07 eliminated the requirement to categorize investments measured at fair value using net asset value (NAV) as a practical expedient within the fair value hierarchy. The investment disclosures required by this standard update are presented in the fair value hierarchy disclosures in Note C.

ASU 2015-12, a three-part standard, simplified employee benefit plan accounting and reporting. Part I of this standard update eliminated the requirements to measure fair value of fully benefit-responsive investment contracts. Part II eliminated the requirements to disclose individual investments that represent five percent or more of net assets available for benefits, net appreciation or depreciation for investment by general type, and disaggregated investments by nature, risk and characteristics. Part III was not applicable to the Plan.

Date of Management's Review

Subsequent events were evaluated through October 4, 2017 which is the date the financial statements were available to be issued.

NOTE B - DESCRIPTION OF THE PLAN:

The Plan was adopted as of August 1, 1974 to provide benefits to employees of Moldex-Metric, Inc. as a profit sharing plan. The Plan was amended and restated as of August 1, 1984 to provide benefits under I.R.C. Section 401(k). It is a voluntary salary-deferral plan designed to enable employees to maintain tax deferred savings accounts. The Plan has been amended and restated since then to incorporate required amendments, regulatory changes and other enhancements and legal requirements.

The following brief description of the current Plan is provided for general information only. Participants should refer to the plan agreement for more complete information.

1. Eligibility. Each employee shall be eligible to participate on the first entry date following the completion of 1,000 hours of service.

2. Employee Contributions. Employees may contribute up to 75% of their salaries pursuant to salary deferral agreements subject to maximum amounts allowable by the Internal Revenue Code. All such agreements are voluntary. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified eligible plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

3. Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) employer's discretionary contribution, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Employer Discretionary Contributions. The employer may make discretionary contributions to the Plan subject to limitations imposed by the Internal Revenue Code. Discretionary contributions for the plan years 2016 and 2015 amounted to $517,733 and $533,296, respectively, and were determined as follows:

   Participant Group A - consists of one participant. For the plan years ended December 31, 2016 and 2015, this group received a discretionary contribution of $25,000, subject to limitations under Internal Revenue Code.

NOTE B - DESCRIPTION OF THE PLAN (Continued):

4. Employer Discretionary Contributions (continued).

   Participant Group B - consists of five participants. For the plan years ended December 31, 2016 and 2015, each participant in this group received a discretionary contribution of $10,000, subject to limitations under Internal Revenue Code.

   Participant Group C - consists of all other eligible participants. For the plan years ended December 31, 2016 and 2015, this group received discretionary contributions equal to 4.17% of eligible compensation.

5. Vesting. Participants are immediately vested in their voluntary contributions, rollovers from other qualified plans and actual earnings thereon. Employer discretionary contributions are subject to a five-year vesting schedule.

6. Notes Receivable from Participants. Participants may borrow from their vested fund accounts a minimum of $1,000 and a maximum of the lesser of $50,000 or 50% of their account balance. Loan terms may range from one to five years for general-purpose loans and up to ten years for the purchase of a primary residence. The loans are secured by the vested balance in the participants' account and bear interest at a rate commensurate with the local prevailing rate as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

7. Expenses of Plan. The Plan absorbs all significant costs of administering the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

8. Payments of Benefits. Benefits are payable when one of the following events occurs:

   a. The participant retires upon reaching age 65.

   b. The participant terminates employment and elects to withdraw.

   c. The participant reaches age 59 1/2 and elects to withdraw part or all of his or her account.

NOTE B - DESCRIPTION OF THE PLAN (Continued):

8. Payments of Benefits (continued).

   In any case, benefits shall be paid at age 70 1/2. Special provisions apply in the case of death, disability or severe financial hardships.

9. Forfeited Accounts. Forfeitures shall first be used to pay administrative expenses under the Plan, if so directed by the employer. To the extent that forfeitures are not used to pay Plan administrative expenses, as directed by the employer, forfeitures shall be applied to reduce the employer contributions. In April 2016, employer discretionary contributions were reduced by $200,000 from forfeited non-vested accounts. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $12,968 and $200,846, respectively.

NOTE C - FAIR VALUE MEASUREMENTS:

The fair value measurements standard establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable input and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 -
Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 -
Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in active markets,
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE C - FAIR VALUE MEASUREMENTS (Continued):

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 -
Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds and Money Market Funds: The fair value of mutual funds and money market funds is measured at the daily closing price as reported by the funds. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission (SEC), which are required to publish their daily net asset value and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund: The fair value of a stable value common/collective trust fund managed by Fidelity Management Trust Company (trustee) comprised primarily of fully benefit-responsive investment contracts is measured at the net asset value (NAV) of units of the common/collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for this fund. Withdrawals directed by the plan sponsor must be preceded by twelve month written notice to the trustee; provided, however, that the trustee may, in its discretion complete any such plan-level withdrawals before the expiration of such twelve-month period.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTE C - FAIR VALUE MEASUREMENTS (Continued):

		Assets at Fair Value as of December 31, 2016:		
	Total	Level 1	Level 2	Level 3
Mutual funds including money market funds	$ 18,612,027	$ 18,612,027	$ -	$ -
Total assets in the fair value hierarchy	18,612,027	$ 18,612,027	$ -	$ -
Stable value common/collective trust fund measured at NAV practical expedient *	2,688,323			
Investments at fair value	$ 21,300,350			

		Assets at Fair Value as of December 31, 2015:		
	Total	Level 1	Level 2	Level 3
Mutual funds including money market funds	$ 18,457,320	$ 18,457,320	$ -	$ -
Total assets in the fair value hierarchy	18,457,320	$ 18,457,320	$ -	$ -
Stable value common/collective trust fund measured at NAV practical expedient *	1,755,235			
Investments at fair value	$ 20,212,555			

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE D - INCOME TAX STATUS:

The Internal Revenue Service (the IRS) has determined and informed the plan sponsor by a determination letter dated June 13, 2005, that the Plan and related trust, as then designed, were in compliance with the applicable sections of the Internal Revenue Code. The Plan has been amended and restated since receiving the determination letter. Effective February 19, 2010, the Plan was amended and converted to adopt the Fidelity Volume Submitter Defined Contribution Profit-Sharing/401(k) Plan.

NOTE D - INCOME TAX STATUS (Continued):

The current restated and amended Plan is effective June 16, 2015 with an additional amendment adopted on December 1, 2015. The IRS has determined and informed the designer of the volume submitter plan by a letter dated March 31, 2014, that the volume submitter plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator and the Plan's tax counsel believe that the Plan and related trust are operated in compliance with the applicable requirements for the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE E - TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain plan investments are managed or sponsored by related affiliates of Fidelity Management Trust Company, the trustee of the Plan. These transactions qualify as exempt parties-in-interest transactions.

NOTE F - TERMINATION OF THE PLAN:

Although the employer has not expressed any interest in doing so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, all assets would be distributed to participants in proportion to their respective account balances.

NOTE G - ACCUMULATED BENEFITS FOR TERMINATED EMPLOYEES:

Net assets available for benefits at December 31, 2016 and 2015 include approximately $1,516,000 and $1,080,000, respectively, of accumulated benefits for terminated employees.

NOTE H - FINANCIAL INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE (UNAUDITED):

Investments totaling $21,300,350 at December 31, 2016 and $20,212,555 at December 31, 2015, and the related investment income, gains and losses for the years then ended were obtained from reports certified by Fidelity Management Trust Company, the trustee of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income & Security Act of 1974, auditing procedures were not performed with respect to these assets and the related investment income, gains and losses.

NOTE J - RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
