NOTE 1. PLAN DESCRIPTION

The following description of the SCOI 401(k) Plan and Trust (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, who have been employed for at least three months by Southern California Orthopedic Institute (the "Plan Sponsor") and participating employers (collectively, the "Company"), have worked at least 250 hours, and have attained 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute from one percent to 90 percent of their pre-tax compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company made discretionary matching contributions of 50 percent of the participant's deferral up to four percent of compensation, not to exceed $750 each quarter. The Company discretionary matching contribution was $287,445, net of forfeitures, for the year ended December 31, 2016. The Company may also make discretionary profit sharing contributions. Participants must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year in order to be eligible for Company discretionary profit sharing contributions. The Company did not make a discretionary profit sharing contribution for the year ended December 31, 2016.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in Company contributions at 25 percent after two years of service and an additional 25 percent each year thereafter until 100 percent vested upon five years of service. While still employed by the Company, if a participant becomes disables, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures

Forfeitures of Company contributions may first be used to pay Plan administrative expenses and then to reduce future Company contributions. During the year ended December 31, 2016, $7,152 of forfeitures were used to pay Plan administrative expenses and $241 were used to reduce Company matching contributions. As of December 31, 2016, forfeitures in the amount of $4,602 are available for future use.

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in accordance with the Plan.

NOTE 1. PLAN DESCRIPTION (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Reliance Trust Company (the "Trustee").

Recent Accounting Pronouncement

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. ASU 2015-07 is effective for plan years beginning after December 15, 2016. Plan management does not expect this pronouncement to have a material impact on the Plan's financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses (Continued)

According to the Administrative Services Agreement between the Company and ADP, ADP is required to make quarterly contributions to the Plan Expense Account ("PEA") in an annualized rate of 0.25 percent of the Plan's assets. The funds in the PEA shall be used to pay or offset certain Plan administrative expenses, as directed by the Company. During the year ended December 31, 2016, ADP contributed $35,328 to the PEA, and $35,130 was used to pay Plan administrative expenses. As of December 31, 2016, PEA funds in the amount of $223 are available for future use.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value (Continued)

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

Common collective trust – The common collective trust ("CCT") is valued at the net asset value ("NAV") of units of a bank collective trust. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCT NAV is not a publicly-quoted price in an active market; therefore, the CCT is classified as Level 2 within the valuation hierarchy.

The common collective trust does not have any unfunded commitments relating to its investments. Participant-directed redemptions for in-service withdrawals or termination of employment can be made on any business day and do not have a redemption notice period. Participant-directed exchanges to another investment option may be made on any business day, provided that the exchange is not directed into a competing fund, in which case there is a 90 day holding period in a non-competing investment option.

Self-directed brokerage account – Investments in this account consist of common stocks, which are valued at the closing price reported on the active market on which the individual securities are traded, and an interest-bearing deposit account, which is valued at par. The fair value of the brokerage account is the aggregation of the fair value of the underlying assets and therefore is classified as Level 1 within the valuation hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Investments at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,211,397	$ -	$ -	$ 17,211,397
Self-directed brokerage account	178,298	-	-	178,298
Common collective trust	-	988,358	-	988,358
Total investments at fair value	$ 17,389,695	$ 988,358	$ -	$ 18,378,053

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,537,385	$ -	$ -	$ 15,537,385
Common collective trust	-	965,769	-	965,769
Total investments at fair value	$ 15,537,385	$ 965,769	$ -	$ 16,503,154

NOTE 3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015.

b. Net appreciation of investments, dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2016.

c. Investments and participant loans as of December 31, 2016 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

NOTE 4 PARTY-IN-INTEREST TRANSACTIONS

The Trustee of the Plan charges the Plan transaction fees which qualify as party-in-interest transactions for which exemptions exist. ADP, the recordkeeper and broker-dealer, received $43,196 for administration fees that were paid by participants through the Plan and receives indirect compensation from certain funds based on a formula which is based on average daily balances. The Plan also paid the independent qualified public accountant $12,220 for audit services and the Plan's investment advisor received direct compensation of $30,062, all of which was paid from the PEA and forfeitures.

NOTE 5. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan which is the subject of a favorable tax opinion letter from the IRS dated July 16, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

NOTE 7. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 4.50 percent. Principal and interest are paid ratably through payroll deductions.

NOTE 8. RECONCILIATION TO FORM 5500

The following table presents a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 18,697,803	$ 16,824,533

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through October 4, 2017, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective January 1, 2018, the Plan was amended to change the eligibility requirement to participate in the Plan to immediate upon date of hire.
