HULL AND ASSOCIATES, INC. RETIREMENT PLAN

NOTES TO AUDITED FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Hull and Associates, Inc. (Company) Retirement Plan (the Plan) is provided for general information purposes only. The Plan covers all eligible employees of the Plan Sponsor. Participants should refer to the Plan document for more complete information.

General

Participants are eligible to make pretax contributions if they have reached the age of 21 and have attained one month of service. Employees meeting the eligibility requirements may enroll in the Plan on the first day of the month following meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Contributions

Participants may elect to contribute a percentage of their compensation to the Plan on a pre-tax or ROTH basis through payroll deductions subject to limitations under the Internal Revenue Code.

All eligible employees receive a Safe Harbor employer non-elective contribution to the Plan in an amount equal to 4% of their plan compensation. Safe Harbor employer non-elective contributions totaled \$285,975 and \$342,679 for the years ended December 31, 2015 and 2014, respectively. The Company may also make discretionary matching or non-elective contributions. Discretionary non-elective contributions are allocated based on an excess integrated allocation formula. To be eligible for any Company contributions, participants must work at least 1,000 hours of service during the Plan year and be employed by the Company on the last day of the Plan year. The Plan also provides for an employer profit sharing contribution, which is in addition to the employer's Safe Harbor contribution. Profit sharing contributions totaled \$213,304 and \$246,687 for the years ended December 31, 2015 and 2014, respectively.

The Plan also allows participants to transfer amounts (rollovers) from other qualified plans to their respective account upon meeting the eligibility requirements to participate in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's Safe Harbor contribution. Vesting in other Plan Sponsor contributions, plus actual earnings thereon, is based on years of continuous service. Participants vest at the rate of 25% per year of service. A participant is 100 percent vested after four years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

HULL AND ASSOCIATES, INC. RETIREMENT PLAN

NOTES TO AUDITED FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, participants may elect to receive a distribution equal to the value of their vested interest in their account, or defer receipt of their account balance until age 70½. Furthermore, participants, upon a hardship (as defined by the Plan), may elect to withdraw a portion of their salary deferral (redirection) account.

Forfeited Amounts

Forfeitures shall be used to reduce employer contributions and offset Plan expenses. For the year ended December 31, 2015 and 2014, forfeited non-vested accounts were \$2,028 and \$684 respectively. For 2015 and 2014, forfeitures applied to the employer's contribution amounted to \$7,524 and \$0, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits as of the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the custodian and in accordance with the Plan's investment policy. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan (i.e. audit fees, etc.) are paid by the Company and are excluded from these financial statements. Other administrative fees are paid by the Plan and included as administrative expenses. Investment management fees are netted against Plan earnings.

Subsequent Events

Subsequent events have been evaluated through September 28, 2016, which is the date the financial statements were available to be issued.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management is currently evaluating the impact this update will have on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Part III is not applicable to the Plan. There is no anticipated effect on the value of the net assets available for benefits, as the main changes resulting from implementation of the ASU centers around certain disclosures in the notes to the financial statements. The adoption of ASU 2015-12 is expected to be adopted for the plan year beginning January 1, 2016 (and will be applied retrospectively as required).

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the Plan Administrator and certified as complete by Reliance Trust Company (the trustee of the Plan).

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

HULL AND ASSOCIATES, INC. RETIREMENT PLAN

NOTES TO AUDITED FINANCIAL STATEMENTS

NOTE 5: FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued based on the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

- (a) The Common Collective Trust seeks to preserve principle while generating earnings at rates competitive over time with short-term high quality fixed income investments while maintaining sufficient liquidity to provide participant-directed withdrawals. Currently, it is entirely invested in the MetLife Group Annuity Contract 25554.
- (b) The Common Collective Trust seeks stable returns comparable to those short-term fixed income securities by investing in stable value products, including money market instruments and guaranteed investment contracts (GICs) and synthetic GICs issued by major insurance companies. Currently, it is entirely invested in the MetLife Group Annuity Contract 25053.

NOTE 6: RELATED PARTY OR PARTY IN INTEREST TRANSACTIONS

The Plan receives administrative services from third parties who qualify as parties-in-interest. Administrative expenses represent fees paid to these service providers.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

NOTE 8: TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan, as amended, is currently being operated in compliance with applicable requirements of the Internal Revenue Code and is exempt from Federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The plan invests in various securities that are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with such investments, it is reasonably possible that changes in the values of such investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
