NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of The B&W Thrift Plan (the "B&W Plan") provides only general information. Participants should refer to the Summary Plan Description for more detailed information or to the official plan documents for complete information.

General

The B&W Plan is a defined contribution plan administered by The Babcock & Wilcox Benefits Committee (the "Committee"). Vanguard Fiduciary Trust Company (the "Trustee"), a wholly owned subsidiary of The Vanguard Group, Inc. ("Vanguard"), is the trustee of the trust that holds the assets of the B&W Plan. Recordkeeping and investment management of the funds (as selected by the Committee) is the responsibility of Vanguard.

The B&W Plan offers investment in funds managed by Scout Investments, Inc., Diamond Hill Capital Management, T. Rowe Price, Wells Fargo Funds Management, Dodge & Cox and Southern Sun.

Effective December 31, 2016 the Committee merged the assets and participants of the former MEGTEC 401(k) Plan and SPIG 401(k) Plan with the B&W Plan. MEGTEC and SPIG are both wholly-owned subsidiaries of The Babcock & Wilcox Company ("the Company"). Vanguard received the assets to invest into the B&W Plan on January 3, 2017 in the amount of $32,455,285 and on January 20, 2017 in the amount of $4,404,815 and on February 17, 2017 in the amount of $343,722.

The B&W Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Substantially all employees of the Company and participating subsidiary and affiliated companies are generally eligible to participate in the B&W Plan. Exceptions include, non-resident alien employees who do not earn income in the United States, leased employees, independent contractors, employees under certain collective bargaining agreements, and employees who regularly work less than 30 hours per week, unless they complete a year of service (as defined in the B&W Plan).

Contributions

A participant may generally elect to make contributions to the B&W Plan in an amount ranging from 1% to 25% of the participant's compensation up to a maximum amount established annually by the Internal Revenue Service ("IRS"), subject to certain limited exceptions for employees under certain collective bargaining agreements. Participants 50 and older are allowed to make certain additional contributions above these normal limits, subject to certain limited exceptions for employees under certain collective bargaining agreements. Contributions on a pre-tax, after-tax or Roth basis, up to the first 6% of a participant's eligible compensation are considered basic contributions under the B&W Plan and any additional contributions up to 25% of eligible compensation are considered supplemental contributions. Subject to certain limited exceptions for employees under certain collective bargaining agreements, new employees are automatically enrolled in the B&W Plan at the 6% employee contribution level on a pre-tax basis, with the rate of contribution automatically increasing by 1% annually each

January until the contribution reaches 10%, and with an option to elect out of contributing to the B&W Plan at any time. Rollover contributions from other plans are accepted provided certain specified conditions are met.

Subject to certain limited exceptions for employees under certain collective bargaining agreements, Company matching contributions are made in amounts equal to one-half of the participants' basic contributions. Matching contributions are typically made in cash. The B&W Plan also allows for certain employees to receive service-based and/or flat Company cash contributions, without regard to whether they elect to make voluntary contributions to the B&W Plan.

Participants' accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and investment gains, and charged with withdrawals, investment losses and administrative expenses. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account under the B&W Plan.

Participants in the B&W Plan are entitled to transfer, in 1% increments and in unlimited number, subject to any restrictions set forth in the prospectus of the investment options, their accumulated participant and Company contributions and related fund earnings to other investment options, subject to the following restrictions: (a) transfers to the B&W Stock Fund are restricted to Company contributions plus gains and losses that were originally invested in the B&W Stock Fund and transferred out of that fund, (b) participants cannot transfer into and out of the same fund effective on the same valuation date, (c) if a participant moves money out of an investment fund, the participant cannot move money back into the same fund for 60 calendar days and (d) participants cannot contribute to the B&W Stock Fund.

Vesting

All participants are 100% vested in participant contributions and rollover contributions made to the B&W Plan. Participants vest in Company contributions and earnings at retirement or death while employed, disability, involuntary termination for reasons other than cause or after three years of service.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of (1) $50,000 minus the highest outstanding loan balance during the one-year period ending on the day before the new loan is made or (2) 50% of their vested account balance. Loans are repaid over a period not to exceed five years with exceptions for loans taken for the purchase of a primary residence. Participants may have only one loan outstanding at any one time. The loans are secured by the balance in the participants' accounts and bear interest at the Prime Rate received by the Trustee from Reuters, plus 1%. Principal and interest are generally paid ratably through payroll deductions.

Forfeitures

Forfeitures due to termination from the B&W Plan before a participant is 100% vested are used to reduce future Company contributions or to defray reasonable B&W Plan administrative expenses. Unallocated forfeited non-vested accounts totaled $10,768 and $100,978 at December 31, 2016 and 2015, respectively. During the year ended December 31, 2016, $186,012 of forfeitures were used to offset Company contributions.

Payment of benefits

Participants may elect in-service withdrawals of all or part of the value of their after-tax employee contributions,

vested Company contributions, rollover contributions into the B&W Plan and any earnings on those funds. Withdrawals may only be made in any six-month period if the participant is under age 65, and may subject the participant to certain suspension periods during which contributions may not be made. Withdrawals of pre-tax and Roth employee contributions may be requested in the event of financial hardship or upon attainment of age 59 ½.

Upon termination of service for any reason, including death, disability, or retirement, a participant may elect to receive the vested value of his or her account as a lump-sum distribution, to roll over the funds to an IRA or other qualified plan, and/or to receive certain installment payments. Distributions are paid in cash except B&W common stock may be distributed in-kind.

Plan termination

Although it has not expressed any intent to do so, the Company has the right to amend, terminate or otherwise modify the B&W Plan at any time, subject to the provisions of ERISA, solely at the discretion of the Board of Directors of the Company or its duly authorized delegates. In the event of plan termination, participants will immediately become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of estimates

The preparation of these financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Such estimates include those regarding fair value. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The B&W Plan provides for various investment options, including mutual funds, collective trust funds, and B&W stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment valuation and income recognition

The B&W Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the B&W Plan. Collective trust funds with underlying investments in benefit-responsive investment contracts are valued at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the B&W Plan. The B&W Stock Fund is valued at its year-end unit closing price (comprised of year-end market price plus un-invested cash position), which approximates fair value.

The B&W Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of the realized loss on sale of assets, realized gain and losses upon the sale of investments and the unrealized appreciation and depreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Management fees and operating expenses charged for investments in the mutual funds and collective trust funds are embedded in their trading prices and are not separately reflected. Consequently, management fees and operating fees are reflected as a reduction of investment return for such investments within the line described as net appreciation in the fair value of investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest and are excluded from investments in the fair value tables in Note 3 as prescribed by FASB Accounting Standards Update ("ASU") 2010-25. Delinquent notes receivable are reclassified as benefits paid based upon the terms of the B&W plan document. Loans bear interest at rates ranging from 4.25% to 9.50%.

Payment of benefits

Benefits are recorded when paid and are based on the fair value of the respective funds at the effective date of the withdrawal. Benefits are paid in cash except that B&W common stock may be distributed in-kind if elected by the participant.

Administration fees and investment expenses

Administrative expenses of the B&W Plan are paid by the B&W Plan or the Company as provided in the B&W plan document. Administrative expenses reported in these statements reflect only those expenses paid by the B&W Plan, and may include recordkeeping and other participant initiated transaction based fees.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also expands the disclosure requirements around fair value and establishes a hierarchy for valuation inputs that emphasizes the use of observable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Categorization of instruments within the fair level hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs are based on unadjusted quoted prices for identical instruments traded in active markets.
Level 2	Inputs are based on unadjusted quoted prices for similar instruments in active markets or identical instruments in inactive markets and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the asset or liability.

Level 3 Inputs are generally unobservable and typically reflect estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are usually determined using model-based techniques that include option pricing models, discounted cash flow models and similar valuation techniques.

The following is a description of the primary valuation methodologies used to measure the fair value of each class of B&W Plan assets.

Registered investment companies (mutual funds): Valued at the net asset value ("NAV") of shares held by the B&W Plan as evidenced on national trading exchanges.

Company stock fund: Valued based on the last quoted price on the listed exchange.

Money market fund: Valued at the notional monetary amount held by the B&W Plan.

Common / collective trust funds: Valued at the NAV of units held by the fund on the day of valuation based upon the market value of the underlying investments. The fund has the ability to redeem its investment in the underlying fund at NAV per unit at the valuation date.

Stable value fund: Valued at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the B&W Plan. As this investment is carried at contract value, it has been excluded from the following tables in Note 3 as prescribed by FASB ASU 2015-12.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the B&W Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth the fair value of the B&W Plan's investments as of December 31, 2016:

	Level 1
Registered investment companies	$ 205,841,468
Company stock fund	15,505,884
Money market fund	10,727
Total assets in the fair value hierarchy	221,358,079
Investments measured at net asset value (a)	114,635,276
Investments at fair value	$ 335,993,355

The following table sets forth the fair value of the B&W Plan's investments as of December 31, 2015:

	Level 1
Registered investment companies	$ 198,166,849
Company stock fund	22,781,228
Money market fund	100,926
Total assets in the fair value hierarchy	221,049,003
Investments measured at net asset value (a)	99,672,911
Investments at fair value	$ 320,721,914

(a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in

this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the B&W Plan.

	Fair value at December 31, 2016	Fair value at December 31, 2015	Unfunded commitments	Other redemption restrictions	Redemption notice period
Common/collective trust funds	$ 114,635,276	$99,672,911	None	Daily	12 Months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the B&W Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Vanguard Retirement Savings Trust II (the "Trust") contains fully benefit-responsive investment contracts as defined by the American Institute of Certified Public Accountants. The Trust provides for the collective investment of assets of tax-exempt pension and profit-sharing plans. The Trust invests solely in the Vanguard Retirement Savings Master Trust (the "VRST Master Trust"). The underlying investments of the VRST Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bond trusts. The issuers' ability to meet these obligations may be affected by economic developments in these respective companies and industries. Withdrawals may be made for the primary purposes of funding an authorized distribution, withdrawal, or loan disbursement by a participating pension or profit-sharing plan to an employee or beneficiary covered thereunder, or for the purpose of the participating plan making an employee-directed transfer to another investment election of the employee's interest in the plan. Certain plan-directed withdrawals may be subject to market value adjustments calculated in accordance with the provisions of the investment contracts or restricted by a holding period. Such events would include premature termination of the contracts, certain levels of sponsor layoffs, B&W Plan termination or merger, changes to the B&W Plan's prohibition on competing investment options or bankruptcy of the B&W Plan sponsor that significantly affect the B&W Plan's normal operations. No events are probable of occurring that might limit the ability of the B&W Plan to transact at contract value. The contract value of the B&W Plan's investment in the Trust as of December 31, 2016 and 2015 was $93,595,468 and $90,956,911, respectively. Additional information regarding this investment can be found in the financial statements of the Vanguard Retirement Savings Trust II.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

Pursuant to the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Company's management elected that independent auditors not perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related financial statements. All financial data included in the financial statements and supplemental schedule and their accompanying notes relating to investments, income from investments, and net appreciation/depreciation in fair value of investments was obtained from the information certified by the Trustee and is unaudited.

The following is a summary of the B&W Plan's financial information and data certified by the Trustee as complete and accurate.

NOTE 6 - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated April 27, 2017, that the B&W Plan is qualified under the applicable regulations of the Internal Revenue Code, subject to the adoption of certain proposed amendments provided by the IRS. The Committee believes that because the B&W Plan is qualified, the related Trust is exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the B&W Plan and recognize a tax liability if the B&W Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by the IRS. The Company's management has analyzed tax positions taken by the B&W Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The B&W Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods are in progress.

NOTE 7 - RELATED PARTY TRANSACTIONS

Participants in the B&W Plan invest in shares of mutual funds managed by an affiliate of the Trustee. Participant accounts may also hold shares of B&W common stock. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Participant loans also qualify as exempt party-in-interest transactions. The Company also provides administrative services to the B&W Plan and may pay certain administrative expenses of the B&W Plan with no reimbursement from the B&W Plan.

NOTE 8 - SUBSEQUENT EVENTS

The Company's management has evaluated events through June 23, 2017, which is the date the financial statements were available to be issued, for their impact on amounts recorded and related to disclosures, and has incorporated the related effects as appropriate.
