Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The supplemental schedule of assets held at end of year as of December 31, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Spartech Corporation 401(k) Savings & Investment Plan

Notes to Financial Statements

Note 1 - Plan Description

The following description of the Spartech Corporation 401(k) Savings & Investment Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees employed by PolyOne Designed Structures and Solutions LLC (the "Company" or "Plan Administrator"), a wholly owned subsidiary of PolyOne Corporation, and its subsidiaries, as of December 31, 2016. Generally, all U.S. employees that are seconded from PolyOne Corporation to the Company are eligible to become participants in the Plan upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee 401(k) contributions up to the maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

In addition, the Plan provides for employer matching contributions to a participant's account. The Plan provides a matching contribution each payroll period equal to 100 percent of the first 3 percent and 50 percent of the next 3 percent of the participant's eligible deferred compensation.

The Company may also make discretionary nonelective contributions to the Plan. There were no such contributions to the Plan in 2016.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Company's matching contributions and discretionary contributions, if any, and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately vested in employee salary and rollover contributions and any income or loss thereon. Effective January 1, 2016, the Company's contribution portion of participants' accounts, plus actual earnings thereon, is immediately vested. Prior to January 1, 2016, vesting in the Company's contribution portion of participants' accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 20 percent after one year of service, and continue to vest in 20 percent increments until they become fully vested after five years of service. Participants also become fully vested upon reaching age 65, upon becoming completely disabled, upon death, or upon the Plan's termination.

Spartech Corporation 401(k) Savings & Investment Plan

Notes to Financial Statements

Participant Notes Receivable - Participants may borrow from their accounts subject to a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1 percent. Principal and interest are paid ratably through monthly payroll deductions.

Benefit Payments - Distributions are payable upon retirement, death, disability, attainment of age 59½, or termination of employment in the form of either a lump-sum amount equal to the vested balance of a participant's account or annual installments over a period based on his or her life expectancy. Hardship withdrawals are also permitted under the Plan.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the participant's account is forfeited. Forfeitures are used to reduce future company contributions. At December 31, 2016 and 2015, forfeited account balances totaled \$195,227 and \$194,867, respectively.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by John Hancock Trust Company (the "Custodian") or its affiliates. These transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become fully vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability within the statement of net assets available for benefits.

Benefit Payments - Benefits are recorded when paid.

Spartech Corporation 401(k) Savings & Investment Plan

Notes to Financial Statements

Administrative Expenses - The Plan has entered into agreements with certain service providers for the Plan to receive certain fee rebates which are generally used to pay administrative expenses of the Plan. Participants are charged investment management fees, which are netted with the returns of the respective investment.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Investment Valuation - Investments are stated at fair value, except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3, *Fair Value Measurements*, for further discussion and disclosures related to fair value measurements.

The Anchor Account is a pooled separate account made available to participating plans through a group annuity contract. The group annuity contract is an investment contract that is benefit responsive, meaning it provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers to other investment options offered to the participant by the Plan.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 18, 2017, which is the date the financial statements were available to be issued.

On July 19, 2017, PolyOne sold its Designed Structures and Solutions segment to an affiliate of Arsenal Capital Partners (the "Transaction"). As a result of the Transaction, sponsorship of the Plan and its trust were transitioned to PolyOne Corporation from the Company. PolyOne Corporation will retain sponsorship of the Plan. The employees covered under the Plan who were included as part of the Transaction will continue to participate in the Plan until they are transferred from PolyOne Corporation back to the Company, which we expect to occur no later than December 31, 2017.

Note 3 - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. In accordance with Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 - Fair value is based on quoted prices in active markets that are accessible to the Plan at the measurement date for identical assets.

Level 2 - Fair value is based on inputs other than quoted prices in active markets for identical assets that are observable either directly or indirectly for substantially the full term of the asset or liability. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs such as interest rate and yield curves that are observable.

Level 3 - Fair value is based on unobservable inputs for the assets or liability. Level 3 inputs include the Plan's management's own assumption about the assumptions that market participants would use in pricing the asset (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such assets pursuant to the valuation hierarchy.

The Plan's investments are stated at fair value. Mutual funds are valued based on quoted active market prices and are classified within Level 1 of the valuation hierarchy. The Plan holds interests in a stable value fund, which consists of an investment in the Anchor Account, which is not traded in an active market, and is valued at the net asset value per share of the fund.

Spartech Corporation 401(k) Savings & Investment Plan

Notes to Financial Statements

The fair values of the Plan's investments at December 31, 2016 and 2015, by asset category, are as follows:

	Total	Quoted Prices (Level I)
Mutual funds	\$ 70,750,140	\$ 70,750,140
Self-directed brokerage accounts	34,187	34,187

Investments measured at NAV -		
Pooled separate account - Stable value fund	13,352,185	
Total investments at fair value	<u>\$ 84,136,512</u>	

Assets at Fair Value at December 31, 2015

Investments in Entities that Calculate Net Asset Value per Share

The New York Life Insurance Company Anchor Account (the "Stable Value Fund") is invested in high-quality fixed-income securities. It seeks to provide a low-risk stable investment, offering competitive yields and limited volatility, with guarantee of principal and accumulated interest. There were no unfunded commitments related to the Anchor Account.

Spartech Corporation 401(k) Savings & Investment Plan

Notes to Financial Statements

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Withdrawals and transfers resulting from certain events, including employer-initiated events, may limit the ability of the fund to transact at contract value. These events may cause liquidation of all or a portion of a contract at market value. The plan administrator believes that the occurrence of any event which would limit the Plan's ability to transact at contract value is not probable. Furthermore, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2013.

Note 5 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016 and 2015 to Form 5500:
