401(k) Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of Envision Management, LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Envision Management, LLC and its affiliated entities (the Company) for the benefit of its employees who have completed three months of service (with a minimum of 83.33 hours of employment in each of the three months prior to becoming eligible to participate in the Plan) and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Ascensus, Inc. serves as the Plan's record keeper. Ascencus Trust serves as plan trustee.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of eligible pre-tax annual compensation allowable, not to exceed the limits set by law, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employee rollover and after-tax (Roth) contributions are also permitted.

The Company contributes a matching Safe Harbor contribution of 100% of the employee's elective contributions up to 3% of compensation and 50% of the employee's elective contributions from 3% to 5% of compensation. The Plan also allows for discretionary profit sharing contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily. The plan accounts of participants not electing to direct the investment of their plan accounts will be invested with the default investment alternatives established under the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon, their rollover contributions and the Company's matching Safe Harbor contributions, plus actual earnings thereon. For the Company's discretionary profit sharing contributions, participants are vested ratably over a four year period.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. They are allowed to have up to two loans outstanding at once. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon severance from employment with the employer, or death, an employee or their beneficiary may elect to receive either a lump-sum amount equal to the vested value of his or her account or receive partial payments. In-service distributions are also available to participants who have reached age 59-1/2. Hardship distributions of vested amounts may be made in the event of hardship, defined as an immediate and heavy financial need where the participant lacks other available resources.

Forfeited Accounts

Forfeited accounts are to be used to reduce future employer contributions. As of December 31, 2016 and 2015, there were no forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Envision Management, LLC
401(k) Profit Sharing Plan and Trust
Notes to Financial Statements
December 31, 2016 and 2015

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the period beginning date.

Note 3: Certification of the Trustee's Agent

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, as agent for the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2016 and 2015
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits and related disclosures for the years ended December 31, 2016 and 2015
- Investment information included in the accompanying schedules of assets (held at year-end) as of December 31, 2016

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4: Related-party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee company whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan for investment management and administration services amounted to approximately $15,705 and $10,758 for the years ended December 31, 2016 and 2015, respectively.

The Company provides certain administrative services at no cost to the Plan and pays directly any other fees related to the Plan's operations.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015:

	2016			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 21,909,799	$ 21,909,799	$ -	$ -
Investments at fair value	$ 21,909,799	$ 21,909,799	$ -	$ -

	2015			
		Fair Value Measurements Using		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 19,004,100	$ 19,004,100	$ -	$ -
Investments at fair value	$ 19,004,100	$ 19,004,100	$ -	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2016. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan holds no Level 2 or Level 3 securities.

Note 6: Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 7: Tax Status

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by Ascensus. This prototype plan document has been filed with the appropriate agency and has obtained a determination letter from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the Internal Revenue Code and that the related trust was tax-exempt as of the financial statement date.

Note 8: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, the lost earnings and interest on participant contributions of $256,542 were not remitted during 2015 until the year ended December 31, 2016.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
