## 1. Description of Plan

The following brief description of the MagnetStreet Employees' 401(k) Savings and Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General** – The Plan is a Section 401(k) defined contribution plan with salary deferral provisions which was established on January 1, 2001. Under the Plan, all nonunion employees of MagnetStreet, Inc. (Company) who are not non-resident aliens are eligible to participate in the Plan starting on the first day of the quarter following the date of hire. Effective January 23, 2014, seasonal or temporary employees of the Company are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** – Pre-tax or post-tax deferred savings contributions in the form of salary reductions by participants are allowed. The amount contributed is determined by the participant, subject to statutory limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participant elective deferrals each payroll period. The Company elected not to match employee contributions during 2016.

**Participants' Accounts** – Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution, and gains and losses from the investment funds elected. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting** – A participant is fully vested in participant contributions, plus actual earnings, gains and losses thereon, at all times. Vesting in the Company's discretionary matching contribution portion of their accounts is as follows:

| Number of Completed Years of Service | Portion of Balance of Account Vested |
|---|---|
| Less than one year | 20% |
| One year but less than two years | 40% |
| Two years but less than three years | 60% |
| Three years but less than four years | 80% |
| Four years or more | 100% |

1. **Description of Plan** (cont'd)

**Notes Receivable From Participants** – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1 percent above the prime rate, as defined. At December 31, 2016, interest rates ranged from 4.25% to 4.75%. Principal and interest is paid ratably through payroll deductions.

**Payment of Benefits** – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either a single lump-sum amount, or installment payments equal to the value of the participant's account. In-service withdrawals from transfer accounts and distributions after age 59½ are also allowed by the Plan.

**Forfeited Accounts** – At December 31, 2016 and 2015, forfeited nonvested accounts totaled $933 and $487, respectively. These accounts will be used to reduce nonelective contributions. No nonelective contributions were made or reduced in 2016.

2. **Summary of Significant Accounting Policies**

**Basis of Accounting** – The accompanying financial statements have been prepared on the accrual basis of accounting.

**Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. **Summary of Significant Accounting Policies** (cont'd)

**Notes Receivable From Participants** – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits** – Benefits are recorded when paid.

**Expenses** – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Subsequent Events** – Subsequent events have been evaluated through October 2, 2017, which is the date the financial statements were available to be issued.

3. **Information Prepared and Certified by Trustee**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, dividends and interest from investments, and interest on notes receivable from participants for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Trust Company of Illinois, the trustee of the Plan.

4. **Fair Value Measurements**

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

**Level 1** – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

4. **Fair Value Measurements** (cont'd)

**Level 2** – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

**Level 3** – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments recorded at fair value are exclusively mutual funds that are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. These assets are categorized in Level 1 of the fair value hierarchy.

At December 31, 2016, the Plan's financial instruments were categorized as follows:

| | **Level 1** | **Level 2** | **Level 3** | **Total** |
|---|---|---|---|---|
| Mutual funds | **$ 4,038,870** | **$ -** | **$ -** | **$ 4,038,870** |

At December 31, 2015, the Plan's financial instruments were categorized as follows:

| | (Compiled) | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 4,503,561 | $ - | $ - | $ 4,503,561 |

5. **Related-Party and Party-in-Interest Transactions**

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the Trust Company of Illinois, of $12,632. The Trust Company of Illinois, is the trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. The Company pays directly any other fees related to the Plan's operations.

6. **Plan Termination**

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. The termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. **Tax Status**

The Plan has adopted the Trust Company of Illinois Defined Contribution Prototype Plan and Trust document. The Internal Revenue Service has determined and informed the Trust Company of Illinois, by a letter dated March 31, 2014, that the Prototype Plan and Trust document is designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
