MASTERS PHARMACEUTICAL, INC.
PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Masters Pharmaceutical, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Masters Pharmaceutical, Inc. (the Company) who have one year of service, which includes having worked at least 1,000 hours, and are age twenty or older. Employees will have the opportunity to become a participant on the first “entry date”, January 1, April 1, July 1, or October 1 of each year, once that employee satisfies those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document. Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Company may make matching contributions, as well as a profit sharing contribution to the Plan. These amounts will be determined by the Company’s Board of Directors on an annual basis. For both the years ended December 31, 2016 and 2015 the Company made matching contributions equal to 25% of the participant’s deferrals up to the first 6% of the participant’s compensation. There was no profit sharing contribution for either 2016 or 2015. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the employee’s elective deferrals and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service as defined in the Plan. Vesting begins upon the completion of one year of service and a participant is 100% vested after four years of credited service.

Forfeitures

Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than $5,000 will receive a lump sum amount equal to the vested portion of their account. Participants with a vested balance in excess of $5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

A portion of the administrative expenses, which include audit fees, are paid by the Plan's sponsor. Expenses paid by the Plan's sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The process of preparing financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company (See Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Payments of benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2016 and 2015 included $-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a prototype plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This prototype document received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2014. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2016 and 2015 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under federal statutes of limitations and remain subject to review and change. Neither the Plan nor the Company is currently under audit nor have they been contacted by any taxing authority.

Subsequent Events

The Plan has evaluated subsequent events through September 13, 2017, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2016 or 2015.

Mutual Funds (including Money Market Funds) – Valued at the quoted Net Asset Value (NAV) of the shares held by the Plan at year end as reported by the fund.

Self-Directed Brokerage Funds – Valued at fair value based on the quoted Net Asset Value (NAV) of the observable market prices of the underlying assets within that account less liabilities.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 39,062	$ -	$ -	$ 39,062
Mutual Funds	3,590,416	-	-	3,590,416
Self-Directed Brokerage Funds	303,592	-	-	303,592
Total Assets at Fair Value	$ 3,933,070	$ -	$ -	$ 3,933,070

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015:

Money Market Funds	$ 72,818	$ -	$ -	$ 72,818
Mutual Funds	2,731,764	-	-	2,731,764
Self-Directed Brokerage Funds	223,770	-	-	223,770
Total Assets at Fair Value	$ 3,028,352	$ -	$ -	$ 3,028,352

For both the years ended December 31, 2016 and 2015, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 – LIMITED SCOPE AUDIT
