NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of O-AT-KA Milk Products Cooperative, Inc. 401(k) Plan for Union Employees (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by O-AT-KA Milk Products Cooperative, Inc. (the Cooperative) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility:

Employees of the Cooperative who are covered by the Cooperative's collective bargaining arrangement and have completed two months of credited service, as defined, are eligible to participate in the Plan. Prior to October 1, 2016, employees became eligible to participate after completing one year of credited service. Participants are eligible for cooperative non-elective contributions once they have completed one year of credited service. Participants who are no longer covered by the collective bargaining arrangement but remain employees of the Cooperative are required to transfer their account balances to the O-AT-KA Milk Products Cooperative, Inc. Retirement Plan.

Contributions:

Participants may make voluntary pre-tax contributions to the Plan of up to 60% of their annual eligible compensation, as defined. Participants who are fifty years and older before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Pursuant to the collective bargaining agreement, Cooperative non-elective contributions are provided equal to \$1.30 per hour for each paid hour of eligible service, as defined, up to a maximum of forty hours per week. Prior to October 1, 2016, Cooperative non-elective contributions were provided at a rate of \$1.25 per hour for unskilled workers and \$1.20 per hour for skilled workers.

Contributions are subject to certain limitations under the provisions of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions, Cooperative contributions, an allocation of Plan earnings, reduced for benefits paid or transferred, and charged directly for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary and Cooperative contributions, plus earnings thereon.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59½.

Notes receivable from participants:

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. A participant may not have more than two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the 401(k) Committee. Loans must be repaid in at least quarterly installments over a maximum term of five years for personal loans and ten years for the purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions. Delinquent loans generally 90 days past due are considered to be in default. Loans are secured by the balance in the participant's account.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Cooperative and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees. Investment expenses related to fund management are included in net appreciation (depreciation) in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies

Basis of accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions required to be distributed by the Plan as of December 31, 2016 and 2015.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through September 26, 2017, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by the Plan's Trustee

The 401(k) Committee has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents the assets of the Plan that have been certified as complete and accurate by Fidelity Management Trust Company (Fidelity) at December 31, 2016 and 2015:

	2016	2015
Investments at fair value:		
Mutual funds	\$ 15,135,165	\$ 14,553,983
Collective trust fund	263,684	243,235
	<u>\$ 15,398,849</u>	<u>\$ 14,797,218</u>
Notes receivable from participants	<u>\$ 1,041,349</u>	<u>\$ 1,163,888</u>

Fidelity has also certified to the completeness and accuracy of the following financial information for the years ended December 31, 2016 and 2015:

	2016	2015
Investment income:		
Net appreciation (depreciation) in the fair value of investments	\$ 413,239	\$ (736,835)
Interest and dividends	605,397	743,607
	<u>\$ 1,018,636</u>	<u>\$ 6,772</u>
Interest income on notes receivable from participants	<u>\$ 44,446</u>	<u>\$ 45,812</u>

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

O-AT-KA MILK PRODUCTS COOPERATIVE, INC.
401(k) PLAN FOR UNION EMPLOYEES

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The Plan's investment in the collective trust fund has a daily redemption frequency, no redemption notice requirement and has no unfunded commitments at December 31, 2016 and 2015.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2016 and 2015. The classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Note 6. Tax Status

The Plan adopted a nonstandardized form of a prototype plan sponsored by Fidelity Management and Research Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status dated March 31, 2014. The prototype plan opinion letter has been relied upon by this Plan. The 401(k) Committee believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The 401(k) Committee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The 401(k) Committee believes it is no longer subject to income tax examinations for years prior to 2013.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Certain Plan investments are shares of mutual funds and a collective trust fund managed by Fidelity Investments Institutional Operations Company, Inc. (FIIOC), an affiliate of Fidelity Management Trust Company (FMTC). FMTC is the trustee as defined by the Plan and, therefore, transactions within these investment funds qualify as party-in-interest transactions. Strategic Advisers, Inc. (Strategic Advisers) provides investment advisory services to the Plan and, therefore, transactions with Strategic Advisers also qualify as party-in-interest transactions. Indirect fees paid by the Plan to the various investment managers are included in net appreciation (depreciation) in fair value of investments as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
