REPORT

INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of
GPI Hourly Savings Plan (For Represented Employees)
Atlanta, Georgia

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of GPI Hourly Savings Plan (For Represented Employees) (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016, and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule of Assets Held (At End of Year), as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2015 Financial Statements

The financial statements as of December 31, 2015 were audited by Babush, Neiman, Kornman & Johnson, LLP ("BNKJ"), who merged with Carr, Riggs & Ingram, LLC as of March 1, 2017. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed BNKJ not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity, the trustee of the Plan. Their report, dated July 29, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

GPI Hourly Savings Plan (For Represented Employees) Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN

The following description of the GPI Hourly Savings plan (For Represented Employees), formerly known as Riverwood International Hourly Savings Plan (the “Plan”), provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan and is sponsored by Graphic Packaging International, Inc. (the “Company”). Legacy Riverwood and Graphic full-time hourly employees whose employment is covered by the terms of a collective bargaining agreement are eligible to participate in the Plan on the first payroll date following employment or immediately upon re-employment if previously employed. Legacy Altiivity full-time hourly employees whose employment is covered by the terms of a collective bargaining agreement are eligible to participate in the Plan on the first payroll date after meeting the service and age requirements, if applicable, as defined by the Plan. Rehires are eligible to participate immediately upon rehire if they have already met the service and age requirements, if applicable, as defined by the Plan. If the employee is a covered employee, such employee is eligible to participate in the Plan after completing at least 1,000 hours and meeting the applicable age and service eligibility requirements as defined by the Plan. Effective January 1, 2009, the Altiivity Packaging Savings Plan for Union Hourly Employees merged into the Plan and the Plan was amended and restated. The Plan is subject to the provisions of the ERISA.

Effective January 1, 2015, the Plan has been restated to incorporate all prior amendments.

Effective February 16, 2016, the Company purchased Walter G. Anderson, Inc. (“WGA”) and the employees of WGA became eligible to participate in the Plan with their prior service being recognized by the Plan and were given the option to roll their balances into the Plan from WGA’s plan.

Effective March 31, 2016, the Company purchased Metro Packaging & Imaging, Inc. and the employees of Metro Packaging & Imaging, Inc. became eligible to participate in the Plan.

Contributions

Each year, participants may elect to contribute up to 75% of their pre-tax annual compensation to the Plan, as outlined by the Plan’s Subplan provisions. In addition, the Plan allows after-tax and ROTH contributions for certain Subplans. Any participant who is age 50 by the end of the Plan year may contribute additional “catch-up” contributions. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to maximum annual contribution limits.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Company contribution is based on matching of pre-tax contributions, as defined by the Plan. In addition, several locations are eligible for Supplemental Employer Contributions, Special Employer Contributions and Employer Automatic Contributions pursuant to the collective bargaining agreements in effect for each location, as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings or losses. Participant accounts are charged with withdrawals and investment fees which are netted against the revenue allocated to them and certain loan and distribution fees. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferrals, rollover contributions plus actual earnings thereon. Vesting in employer contributions varies based on the type of employer contribution which varies by location, as defined by the Plan.

Payment of Benefits

A participant is entitled to a distribution of 100% of his or her account balance upon retirement, death, or disability. Upon termination of service for any other reason or if the participant has attained the age of 59 1/2, a participant may elect to receive the value of the vested portion of their account either as a lump-sum amount or in the form of installment payments. A participant may take a distribution in the event of financial hardship if all requirements are met as specified by the Plan document.

Notes Receivable from Participants

In accordance with the Plan, certain participants may borrow from their accounts in amounts equal to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The Plan prohibits loans from being made out of the participant's Supplemental Employer Contribution portion of the participant's account. The loans are secured by the balance in the participant's account and bear varying rates of interest, which are commensurate with local prevailing rates as determined by the Plan administrator. The loans can have up to a maximum term of 57 months, unless the loan is to be used in conjunction with a purchase of a principal residence and in that case the loan can have a maximum term of 25 years. Interest rates range from 4.25% to 10.50% per annum on loans outstanding as of December 31, 2016. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

For the plan year ended December 31, 2016, forfeitures of \$59,471 were used to reduce employer contributions. As of December 31, 2016 and 2015, forfeited nonvested accounts totaled \$892 and \$734, respectively. These accounts are available to reduce future employer contributions to the Plan or pay the Plan's administrative expenses.

Administrative Expenses

With the exception of certain administrative costs, substantially all costs of administering the Plan are paid by the Company. These costs include legal, accounting and administrative fees.

Transfers To Plan

During 2016, rollovers of plan assets from the WGA plan totaled \$8,035,561. See Note 1, General.

Income Tax Status

The Plan obtained a determination letter dated December 9, 2011 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was amended and restated effective January 1, 2015 and a new determination letter dated May 28, 2015 was received from the IRS. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principles and policies which significantly affect the determination of net assets available for plan benefits and results of operations are summarized below.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments in the GPI Savings Plans Master Trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in its statement of changes in net assets available for benefits an allocation of the GPI Savings Plans Master Trust's net income (loss) which consists of realized gains or (losses), unrealized appreciation (depreciation) on investments and interest and dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks and Uncertainties

The GPI Savings Plans Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the levels of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimates of investment valuation.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: INTEREST IN GPI SAVINGS PLANS MASTER TRUST (UNAUDITED INFORMATION)

The Plan's investments are in the GPI Savings Plans Master Trust, which was established for the investment of assets of the Plan and certain assets of another Company sponsored retirement plan. The plans participating in the GPI Savings Plans Master Trust collectively own, through the GPI Savings Plans Master Trust, the assets based upon investment percentages. Participant transaction activity is designated to specific plans. Accordingly, each plan's investment percentage in the GPI Savings Plans Master Trust changes regularly. Income earned by the GPI Savings Plans Master Trust is allocated to the various plans based upon the investment percentage on the day the income is earned. At December 31, 2016 and 2015, the Plan's interest in the net assets of the GPI Savings Plans Master Trust was approximately 32%. Investment income and administrative expenses relating to the GPI Savings Plans Master Trust are allocated to the individual plans based on 1) whether it is related to a specific plan (100 percent allocation to that plan), or 2) the Plan's proportionate share of the income or expense which is attributable to the Trust.

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following investment information was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, in accordance with DOL Regulations, and was not subjected to any auditing procedures, except for comparing such information to the amounts included in the Plan's financial statements and supplemental schedule.

The following presents the fair value of the GPI Savings Plans Master Trust as of December 31, 2016 and 2015, respectively and the related investment gain for the year ended December 31, 2016:

NOTE 3: INTEREST IN GPI SAVINGS PLANS MASTER TRUST (UNAUDITED INFORMATION) (CONTINUED)

Notes receivable from participants of \$23,380,832 and \$22,462,371 as of December 31, 2016 and 2015, respectively, and interest income from notes receivable from participants of \$998,909 for the year ended December 31, 2016 were also covered by the trustee certification.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") 820, *Fair Value Measurements* ("ASC 820"), defines fair value, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are observable as of the reporting date. These inputs include quoted prices for similar assets in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Graphic Packaging Stock Fund: The Graphic Packaging Stock Fund consists primarily of shares of the Company's common stock. The underlying common stock is valued at the last reported sales price at the end of the year or, if there were no sales that day, the last reported bid price. Effective January 1, 2004, no additional shares of Company stock may be purchased through the Plan.

GPI Hourly Savings Plan (For Represented Employees) Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Cash and cash equivalents: Valued at cost, which approximates fair value.

Common/collective trusts: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. As of December 31, 2016 and 2015, there are no unfunded commitments or redemption restrictions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the GPI Savings Plans Master Trust's investments at fair value as of December 31, 2016 and 2015. There were no level 2 or 3 investments as of December 31, 2016 and 2015.

<i>As of December 31,</i>	2016	2015
Level 1 Investments:		
Mutual Funds	\$ 415,376,030	\$ 405,369,162
Cash and Cash Equivalents	88,942,044	91,310,378
Graphic Packaging Stock Fund	15,759,149	17,777,110
Investments in the Fair Value Hierarchy	520,077,223	514,456,650
Common/Collective Trusts, measured at NAV (1)	253,320,068	186,762,726
Total Investments, at fair value	\$ 773,397,291	\$ 701,219,376

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

- (1) These investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Fidelity, the trustee of the Plan, and as such, qualify as party-in-interest investments. The Plan holds shares of Graphic Packaging, Inc. common stock and recognized depreciation of \$44,430 from its investment in the Company common stock. Additionally, the Plan holds party-in-interest investments in the form of notes receivable from participants. Fees paid by the Plan to Fidelity for the administration of the Plan amounted to \$118,753 for the year ended December 31, 2016.
