Columbia Bank Cash or Deferred Profit Sharing Plan
Tacoma, Washington

Report on the Financial Statements

We have audited the accompanying financial statements of Columbia Bank Cash or Deferred Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the year ended December 31, 2016, in accordance with accounting principles generally accepted in the United States of America.

Independent Auditors' Report, Continued

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, as listed in the accompanying table of contents, as of and for the year ended December 31, 2016 is presented for the purpose of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

COLUMBIA BANK CASH OR DEFERRED PROFIT SHARING PLAN

Notes to Financial Statements
Years Ended December 31, 2016 and 2015

1. DESCRIPTION OF PLAN

The following description of the Columbia Bank Cash or Deferred Profit Sharing Plan (the Plan) provides only general information. The Plan is sponsored by Columbia Banking System, Inc. (the Company). Plan participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan covering all employees of the Company who have three months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended during 2012 to adopt an automatic rollover provision for accounts of terminated employees whose vested account balances do not exceed \$5,000 as well as to change eligibility requirements of the Plan effective January 1, 2013. The Plan was amended during 2013 to reflect changes in Plan Trustees. There was no impact to net assets as a result of the Plan amendments.

During 2016 the Plan was amended to remove the three month waiting period to enter the Plan. The age requirement did not change as a result of this amendment.

b. Contributions

Participants may enter into a salary reduction agreement and make elective deferral contributions of pretax annual compensation, as defined in the Plan, up to the statutory maximum. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes 50 percent of the participant's eligible contributions ("matching contribution"). The Company's matching contribution is limited to the first six percent of the participant's periodic compensation. Additional discretionary amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

c. Participant accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their voluntary contributions and Company matching contributions plus actual earnings thereon. Vesting in the Company discretionary contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

1. DESCRIPTION OF PLAN, continued

e. Investment options

Upon enrollment in the Plan, a participant may direct their contributions and the related Company matching contributions in any of the Plan's available investment options. Participants may change their investment options on a periodic basis as defined by the Plan.

f. Forfeitures

For the years ended December 31, 2016 and 2015, forfeited non-vested accounts totaled \$104,065 and \$126,583, respectively. These accounts will be used to 1) restore participant forfeitures, 2) offset Plan expenses, or 3) reduce the Company's contribution to the Plan. During the year ended December 31, 2016, \$110,702 of forfeited nonvested accounts were used to offset the Company's contributions into the Plan.

g. Participant loans

Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum equal to the lesser of (a) \$50,000 or (b) one-half the present value of the nonforfeitable account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes account. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan trustees. Principal and interest is paid ratably through payroll deductions. Participant notes receivable of \$2,620,982 and \$2,644,792 are included as receivables on the statements of net assets available for benefits for the years ended December 31, 2016 and 2015, respectively. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are considered in default if payments thereon are ninety days past due. Loans are deemed distributable upon default and offset at the time of default and the occurrence of a distributable event, as defined by the Plan's loan policy.

h. Payment of benefits

On termination of service due to death, disability or retirement, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a specified period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's vested account balance is less than \$5,000, the entire amount will be distributed to the employee as a lump sum payment or may be rolled over into another qualified plan.

Upon attaining age 59½, a participant may elect an in-service distribution of the vested interest in his or her account.

2. SUMMARY OF ACCOUNTING POLICIES

a. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians the collective trust.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investment bought and sold as well as held during the year.

d. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

e. Payment of benefits

Benefits are recorded when paid.

f. Plan expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

These footnotes are an integral part of the financial statements.

2. SUMMARY OF ACCOUNTING POLICIES, continued

g. Tax status

The Plan obtained its latest determination letter on July 13, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan accounts for tax positions in accordance with the Recognition and Initial Measurement Sections of the Income Taxes Topic of Financial Accounting Standards Board (FASB) Accounting Standards Codification. With few exceptions, the Plan is subject to U.S. federal and state income tax examinations by tax authorities for the prior three years. Management has reviewed the Plan's tax positions and determined there were no uncertain tax positions as of December 31, 2016 and 2015.

The Plan recognizes income tax related interest expense and penalties in administrative expenses. During the year ended December 31, 2016, the Plan recognized no income tax related interest or penalties.

h. Date of management's review

Subsequent events have been evaluated through October 2, 2017, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 101,327,388	-	-	101,327,388
Common stocks	9,455,539	-	-	9,455,539
Total assets at fair value	<u>\$ 110,782,927</u>	<u>-</u>	<u>-</u>	<u>110,782,927</u>

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 91,887,092	-	-	91,887,092
Common stocks	7,099,794	-	-	7,099,794
Total assets at fair value	<u>\$ 98,986,886</u>	<u>-</u>	<u>-</u>	<u>98,986,886</u>

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$10,395,432.

4. INVESTMENT CONTRACT WITH COLLECTIVE TRUST

The Plan entered into a fully benefit-responsive guaranteed investment contract with the Federated Capital Preservation Fund (the Fund). The Fund maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Fund, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer. Such interest rates are set at the beginning of the contract and held constant, or reset periodically to reflect the performance of the underlying securities.

Certain events limit the Plan's ability to transact at contract value with the Fund. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The guaranteed investment contract does not permit the contract issuer to terminate the agreement prior to the scheduled maturity date.

Based on data from the Fund at December 31, 2016 and 2015, the average yield based on actual earnings to participants was 2.14% and 1.93% and the average yield based on interest rate credited to participants was 1.71% and 1.44%, respectively.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of Columbia Banking System, Inc. common stock within a unitized fund. Columbia Banking System, Inc. is the Plan sponsor. These transactions qualify as party-in-interest transactions.

Charles Schwab manages certain Plan investments and is also Custodian to the Plan. These transactions qualify as party-in-interest transactions.

As described in Note 2, the Plan provides for participant loans. These transactions qualify as party-in-interest transactions.

Certain fees incurred by the Plan for the investment management, advisory services, and recordkeeping services are included in net appreciation of the investment, as they are paid through revenue sharing, rather than direct payment.

6. PLAN MERGER

During 2015, the Plan sponsor acquired Intermountain Community Bancorp, the parent company of Panhandle State Bank. As a result of the merger, assets totaling \$15,002,140 were merged into the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. SUBSEQUENT EVENTS

Subsequent to year end, the Plan was amended to allow for employees who were previously employed by Pacific Continental Bank to enter the Plan on his or her hire date with the Plan sponsor, and to extend their past service credit to the Plan.

10. RECENT ACCOUNTING GUIDANCE

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update (“ASU”) No. 2015-07, *Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The amendments in this update remove the requirement to categorize with the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investment that are eligible measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using the practical expedient. This update will be effective for annual financial statements issued for fiscal years beginning after December 15, 2016.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts I and II early. Accordingly, the amendments were retrospectively applied resulting in a change in presentation whereby the adjustment from fair value to contract value on the Statement of Net Assets Available for Benefits for the year ended December 31, 2015, has been included in the investments at contract value for that year. Part III is not applicable to this Plan.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2016 and 2015:

	2016	2015
