Independent Auditors' Report

Independent Auditors' Report

To the Participants and Babcock & Wilcox Investment Committee
The Universal Acoustic & Emission Technologies, Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Universal Acoustic & Emission Technologies, Inc. Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Minnesota Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2016 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Other Matter-2015 Financial Statements

The financial statements of the plan as of December 31, 2015, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated August 1, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Universal Acoustic & Emission Technologies, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Universal Acoustic & Emission Technologies, Inc. (the “Company”). The Plan's Trustee determines the appropriateness of the Plan's investment offerings and monitor investment performance.

On January 11, 2017, 100% of the stock of the Company was acquired by Babcock & Wilcox Enterprises, Inc. (“B&W”). At the time of the acquisition, the Company was renamed Babcock & Wilcox Universal, Inc.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees become eligible to participate in the Plan immediately upon being hired. Employees who have completed a year of eligible service (1,000 hours or more of service), and are employed as of the last day of the year are eligible to receive employer profit sharing contributions. The Plan's Trustee is responsible for oversight of the Plan.

Contributions

The Plan currently offers various pooled separate accounts, and an insurance investment contract as investment options for participants. Participants may elect to defer up to 100% of their annual compensation, up to the maximum amount established annually by the Internal Revenue Service (“IRS”). Rollover contributions from other plans are accepted provided certain specified conditions are met. The Plan allows for the Company to make matching contributions and a discretionary profit sharing contribution, determined annually. The Company utilizes a matching contribution formula which calculates the matching contribution at 100% of the employees' deferrals up to 3% of the participant's eligible compensation, plus 50% of the employees' deferrals on the next 2% of the participant's eligible compensation. During 2016, the Company elected not to make a profit sharing contribution.

Participants’ accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contributions (b) the Company’s discretionary contribution and (c) plan earnings, and charged with an allocation of administrative expenses and plan losses. Allocations are based on participant earnings on account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Vesting

Participants are immediately vested in their deferral contributions and matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing portion of their accounts is based on the following table:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 minus the highest outstanding loan balance during the one-year period ending on the day before the new loan is made or (2) 50% of their vested account balance. Loans are repaid over a period not to exceed five years with exceptions for loans taken for the purchase of a primary residence. Participants may have only one loan outstanding at any one time. The loans are secured by the balance in the participants' accounts and bear interest at rates ranging from 4.25% to 4.50%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are generally paid ratably through payroll deductions.

Forfeitures

Forfeitures due to termination from the Plan before a participant is 100% vested are used to reduce future Company contributions or to defray reasonable Plan administrative expenses. Unallocated forfeited non-vested accounts totaled \$3,444 and \$3,027 at December 31, 2016 and 2015, respectively. Forfeitures used to offset Company contributions during the year ended December 31, 2016 totaled \$3,039.

Investment Options

Participants may direct all their contributions among one or more funds subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan's provisions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP"). Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract

value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of these financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Such estimates include those regarding fair value. Actual results could differ from those estimates and those differences could be material.

Reclassifications

Certain reclassifications have been made to the 2015 financial statement presentation to correspond to the current year's format. The net assets available for benefits and changes in net assets available for benefits are unchanged due to these reclassifications.

Risks and uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment valuation and income recognition

Investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation in the fair value of its investments, which consists of the realized loss on sale of assets, realized gain and losses upon the sale of investments and the unrealized appreciation and depreciation of those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Management fees and operating expenses charged for investments in the mutual funds and collective trust funds are embedded in their trading prices and are not separately reflected. Consequently, management fees and operating fees are reflected as a reduction of investment return for such investments within the line described as net appreciation in the fair value of investments.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses

and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Loan administration and distribution fees are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also expands the disclosure requirements around fair value and establishes a hierarchy for valuation inputs that emphasizes the use of observable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Categorization of instruments within the fair level hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs are based on unadjusted quoted prices for identical instruments traded in active markets.
Level 2	Inputs are based on unadjusted quoted prices for similar instruments in active markets or identical instruments in inactive markets and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the asset or liability.
Level 3	Inputs are generally unobservable and typically reflect estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are usually determined using model-based techniques that include option pricing models, discounted cash flow models and similar valuation techniques.

The following is a description of the valuation methodologies used for assets measured at fair value.

Guaranteed investment contracts: The guaranteed investment contract is a fully benefit-responsive contract and is reported at fair market value which approximates contract value as determined by the custodian. The fair values of the guaranteed investment contract is determined using the income approach using the activity in the investment contract and a crediting rate tied to average renewal market rates applied to new funds deposited as well as expected rollover rate and an average withdrawal factor. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

Pooled separate account: Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair market value and are valued by the insurance company based on

the net asset value of shares held by the Plan at year end. The net asset value is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

The following table sets forth the fair value of the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Total
Pooled separate accounts	—	18,447,682	18,447,682
Total	\$ —	\$ 18,447,682	\$ 18,447,682

The following table sets forth the fair value of the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Total
Pooled separate accounts	—	16,437,172	16,437,172
Total	\$ —	\$ 16,437,172	\$ 16,437,172

Changes in Fair Value Levels

The Plan assesses the levels of the investments at each measurement date, and transfers between levels are recognized on the actual date of the event or change in circumstances that caused the transfer in accordance with the Plan's accounting policy regarding the recognition of transfers between levels of the fair value hierarchy. For the year ended December 31, 2016, there was no such transfer.

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with Minnesota Life Insurance Company ("Minnesota Life"). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2016 and 2015, the contract value of the fully benefit-responsive investment contract was \$1,357,190 and \$1,192,682, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

A plan sponsor initiating termination of the contract, should that occur, is an event that could limit the ability of the Plan to transact at contract value paid within 90 days. There are no events that allow the issuer to terminate the contract or allow settlement as an amount different from contract value.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE (Unaudited)

Pursuant to the provisions of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Company's management elected that independent auditors not perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related financial statements. All financial data included in the financial statements and supplemental schedule and their accompanying notes relating to investments, income from investments, and net appreciation/depreciation in fair value of investments was obtained from the information certified by the Trustee and is unaudited.

The following is a summary of the Plan's financial information and data certified by the Trustee as complete and accurate.

	December 31,	
	2016	2015

Investment income:	
Net appreciation in fair value of investments	<u>\$ 1,618,844</u>
Interest on participant loans	<u>\$ 9,982</u>

NOTE 6 - INCOME TAX STATUS

The Company adopted a prototype plan from Minnesota Life Insurance Company. This plan received a determination letter from the Internal Revenue Service ("IRS") on March 31, 2014 stating that the Plan, as then designed, was in compliance with the applicable requirements of the IRS. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely-than-not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken, or expected to be taken, that

would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. Currently no audits for any tax periods in progress.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain plan investments and notes receivable from participants are managed by Minnesota Life, the custodian and, therefore, these transactions qualify as party-in-interest. Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan for their services.

NOTE 8 - SUBSEQUENT EVENTS

The Company's management has evaluated events through June 23, 2017, which is the date the financial statements were available to be issued, for their impact on amounts recorded and related to disclosures, and has incorporated the related effects as appropriate.
