Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Parts Express International, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of Parts Express International, Inc. (the Company, Employer and Plan sponsor). Employees who have completed six months of service and are age 21 or older are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Participants may contribute up to the maximum dollar set by law as defined in the Summary Plan Description. Contributions may be subject to certain limitations.

Employer contributions: The Plan document allows for annual discretionary contributions for eligible employees who are actively employed on the last day of the Plan year. The Company may contribute an amount equal to a percentage of the participant's elective deferrals or an amount which would be allocated using a pro-rata ratio of the total discretionary contribution approved.

Participant accounts: Each participant's account is credited with his or her contribution, the Company's discretionary contribution, if any and actual earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are always 100% vested in their elective deferrals to their accounts. Amounts derived in their accounts that are attributable to Employer contributions become vested according to a 6 year graded vesting schedule.

Payment of benefits: On termination of service for any reason, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or periodic installments.

Notes receivable from participants: Participants may borrow from their fund accounts. Loans may not exceed the lesser of \$50,000 or 50% (but not less than \$1,000) of a participant's vested account balance. Each loan is collateralized by the remaining balance in the participant's account. Interest charged to participants is reviewed by the loan administrator and is based upon prevailing interest rates for similar loans in the surrounding community. Interest rates on participant loans range from 4.25% to 4.50% at December 31, 2016 and 2015.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Forfeited accounts: Forfeitures are used to reduce future employer contributions. Forfeited, non-vested accounts totaled \$876 and \$419 at December 31, 2016 and 2015, respectively. Forfeited amounts of \$106 were used to reduce employer contributions during 2016.

Contributions: Participant contributions are recognized when withheld. Employer discretionary matching contributions are recognized concurrently with participant contributions. Discretionary matching contributions for 2016 were \$72,570.

Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan sponsor has elected to pay certain costs associated with Plan administration from its operating assets.

Investment valuation and income recognition: The Plan's investments are held by Reliance Trust Company. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest and dividend income.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through September 27, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustees

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedules as of December 31, 2016 and 2015 and for the year ended December 31, 2016 was prepared by or derived from information provided by the trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to these plan assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 8 and supplemental schedules related to the Plan's assets.

The trustees also certified the completeness and accuracy of \$163,510 of net appreciation in fair value of investments, \$96,937 of interest and dividends related to investments and \$2,788 of interest income from notes receivable from participants for the year ended December 31, 2016.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Note 5. Income Tax Status

The Plan adopted a volume submitter plan sponsored by ADP, Inc. which received a favorable opinion letter issued on July 16, 2014, stating that the volume submitter plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2013.

Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7. Related-Party Transactions

Notes receivable from participants represent loans taken from participant accounts and qualify as party-in-interest transactions. Various administrative expenses are paid out of the Plan. Total fees paid by the Plan for trustee, recordkeeping and other professional services rendered by parties-in-interest amount to \$10,254 for the year ended December 31, 2016.

Note 8. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

The fair value hierarchy is as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Parts Express International, Inc. 401(k) Plan

Notes to Financial Statements

Note 8. Fair Value Measurements (Continued)

Common/collective trust fund: Valued based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes assets measured at fair value on a recurring basis as of December 31:

	2016			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 3,241,230	\$ 3,241,230	\$ -	\$ -
Investment measured at NAV	414,782			
Total investments, at fair value	\$ 3,656,012	\$ 3,241,230	\$ -	\$ -
	2015			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 3,037,839	\$ 3,037,839	\$ -	\$ -
Investment measured at NAV	393,707			
Total investments, at fair value	\$ 3,431,546	\$ 3,037,839	\$ -	\$ -

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2016 and 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2016 and 2015.

<u>Investment</u>	2016	2015	2016	2015	Redemption Frequency	Redemption Notice Period
	Fair Value	Fair Value	Unfunded Commitment	Unfunded Commitment		
Common/collective trust fund	\$ 414,782	\$ 393,707	None	None	Immediate	None

Note 9. Nonexempt Transactions

During 2016, the Company inadvertently failed to deposit \$16,444 of participant deferrals and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Company deposited lost earnings to correct this failure in 2016.
