Safe Harbor Behavioral Health 401(k) Retirement Plan

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Safe Harbor Behavioral Health 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Safe Harbor Behavioral Health of UPMC Hamot (Organization) for the benefit of its employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In May of 2016, the Board of Directors of Safe Harbor Behavioral Health of UPMC Hamot approved amending the Plan to freeze contributions into the Plan and cease future loans to participants effective June 30, 2016. Effective, July 1, 2016, the Organization's eligible employees were able to participate in the UPMC 403(b) Retirement Savings Plan and the UPMC 401(a) Retirement Savings Plan.

Administration

The Plan is administered by the Organization. Record-keeping is maintained by The Vargo Company. Plan assets are held and administered by John Hancock Life Insurance Company (the Trustee).

Contributions

Up until June 30, 2016, at which time all contributions into the Plan were frozen, the Plan permitted employees through a salary deferral election to have the Organization make annual contributions of up to 100% of eligible compensation. Employees were eligible to participate upon hire, with no age or service requirement. Employee rollover and employee Roth contributions were also permitted. The Organization made matching contributions of 100% of participant elective deferrals on the first 3% of compensation, if the participant contributed at least 3% of compensation and the employee had at least one year of service. Contributions were subject to certain limitations. Forfeitures can be used to reduce Organization contributions.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his/her contributions into any of the separate investment accounts and may change the allocation daily.

Participant's Accounts

Each participant's account is credited with the participant's contribution, the Organization's contribution, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Organization's contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants are considered to have completed one year of service for purposes of vesting upon the completion of 1,000 hours of employment. Employer contributions are vested at 20% per year beginning after the second year of service, with participants becoming fully vested after six years of credited service. The non-vested balance is forfeited upon termination of service.

Payment of Benefits

Upon termination of service, whether voluntary, or due to disability or retirement, a participant may elect to receive an amount equal to the participant's vested interest in his or her account in either a lump sum amount or in installment payments. In the event of a participant's death, distributions are made in a lump

Safe Harbor Behavioral Health 401(k) Retirement Plan

Notes to Financial Statements

sum payment to the beneficiary. Hardship withdrawals for immediate and heavy financial need, as defined in the Plan, are available to participants while currently employed. In-service withdrawals are available to participants who are at least 59 years of age and from participant rollover accounts, regardless of a participant's age.

Forfeited Accounts

During the years ended December 31, 2016 and 2015 terminated participants forfeited non-vested balances of \$3,120 and \$18,132, respectively. At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$1,841 and \$5,698, respectively. For the years ended December 31, 2016 and 2015 the amount of forfeitures used by the Plan Sponsor to reduce employer contributions was \$6,977 and \$12,978, respectively.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants until June 30, 2016, at which time the Plan ceased issuing any new loans. Loans were made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan could be \$1,000. The maximum amount of a participant's loans was determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings, unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the Plan Administrator.

Plan Termination

Although it has not expressed an intention to do so, the Organization has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Pooled separate accounts are valued at estimated fair value as provided by John Hancock Life Insurance Company (U.S.A.). The fair value of the guaranteed investment account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income is recognized monthly throughout the term of the notes receivable.

Safe Harbor Behavioral Health 401(k) Retirement Plan

Notes to Financial Statements

Plan Tax Status

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by The Vargo Company. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

With a few exceptions, the Plan is no longer subject to U.S. federal, state and local or non-U.S. income tax examinations by tax authorities for years before 2013.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Organization or the Plan, at the Organization's discretion.

Subsequent Events

In preparing these financial statements, the Plan Sponsor evaluated events that occurred through September 28, 2017, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3 - Information Certified by John Hancock Life Insurance Company (U.S.A.)

The following is a summary of the information as of December 31, 2016 and 2015 and for the years then ended included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that this information provided to the Plan Administrator by the Trustee is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following items:

	2016	2015
Cash Equivalents	\$ 1,841	\$ 5,698
Investments at Fair Value:		
Pooled separate accounts	\$ 2,684,838	\$ 3,158,511

Net Appreciation (Depreciation) in Fair Value of Investments	152,170	(42,963)
Interest Income	149	93
Interest on Notes Receivable from Participants	1,900	1,778

Note 4 - Investments

The fair value of the Plan's investments at the end of the year is as shown in Note 3.

Safe Harbor Behavioral Health 401(k) Retirement Plan

Notes to Financial Statements

The Plan's investments (including investments bought, sold and held during the year) appreciated in fair value \$152,170 and depreciated in fair value \$42,963 for the years ended December 31, 2016 and 2015, respectively. Interest realized on the Plan's investments for the years ended December 31, 2016 and 2015 were \$149 and \$93, respectively.

The John Hancock Guaranteed Interest Account guarantees the return of principal plus compound interest earned over a defined three-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period. Interest rates are established on the first day of the month and apply to any regular ongoing contributions made to the account in that month. At the end of each year, a composite rate of interest is determined for each participant account, depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective interest rate earned by all contributions to the guaranteed account during that reporting year for that participant. Contributions continue to earn the calculated composite interest rate for the duration of the guarantee term. At the end of the guarantee period, contributions and interest earned from a guaranteed account may be invested into any of the investment options available under the group annuity contract. However, if written instructions are not received at least 30 days before the maturity date specifying the participant's choice of investment option for the maturing amount, it will be automatically reinvested in a guaranteed account of the same term at the current new money rate. The average annual new money rate for 2016 was .54%.

Note 5 - Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Participants covered under the plan are considered to be parties-in-interest, as such, the notes receivable from participant balances of \$40,900 and \$43,670 as of December 31, 2016 and 2015, respectively, are considered to be party-in-interest investments.

Certain Plan investments are units of pooled separate accounts and a guaranteed interest account managed by John Hancock Life Insurance Company (U.S.A.), which is the custodian as defined by the Plan agreement. Therefore, these transactions qualify as party-in-interest transactions. The Plan paid \$232 and \$200 of record keeping fees to John Hancock Life Insurance Company (U.S.A.) during 2016 and 2015, respectively. The Plan paid \$1,300 and \$1,550 of recordkeeping fees to The Vargo Company during 2016 and 2015, respectively. The Organization provides certain administrative services at no cost to the Plan.

Note 6 - Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Notes to Financial Statements

Level 3: Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts- These funds hold mutual fund shares and are valued using the net asset value of the units in the sub-accounts held by the Plan at year end based upon the fair value of the underlying assets owned by the fund.

Guaranteed interest account- This account is valued based upon John Hancock's published rates for the account determined by comparing rates in effect on that date to the rates on which the actual interest is determined.

There have been no significant changes in the valuation techniques during the years ended December 31, 2016 and 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Recurring Measurements

Assets and liabilities measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2016 and 2015 is as follows:

Assets at Fair Value as of December 31, 2016				
	Total	Level 1	Level II	Level III
Pooled separate accounts	\$ 2,684,838	\$ 2,684,838	\$ --	\$ --
Guaranteed interest account	23,107	23,107	--	--
Total assets at fair value	\$ 2,707,945	\$ 2,707,945	\$ --	\$ --

Assets at Fair Value as of December 31, 2015				
	Total	Level 1	Level II	Level III
Pooled separate accounts	\$ 3,158,511	\$ 3,158,511	\$ --	\$ --
Guaranteed interest account	21,394	21,394	--	--
Total assets at fair value	\$ 3,179,905	\$ 3,179,905	\$ --	\$ --

The following is a summary of the Plan's investments for which fair value is estimated using the net asset value per share as of December 31, 2016 and 2015:

	2016 Fair Value	2015 Fair Value	Unfunded Commitment	Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	\$ 2,684,838	\$ 3,158,511	\$ --	None	None

Note 7 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8 - Recently Adopted Accounting Pronouncement

In 2016, the Plan changed its accounting policy on Plan accounting disclosures by adopting the provision of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirement to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.
