To the Plan Administrator
Steere Enterprises, Inc. 401(K) Retirement Savings Plan
285 Commerce St.
Tallmadge, OH 44278

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the Steere Enterprises, Inc. 401(K) Retirement Savings Plan (the "Plan") for the year ended December 31, 2016, and have issued our report thereon dated September 18, 2017. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 19, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements, as required by generally accepted accounting principles. As described in Note 1, the Plan has applied the adoption provisions of Financial Accounting Standards Board Accounting Standards Update 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) and Accounting Standards Update 2015-12, Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts and (Part II) Plan Investment Disclosures, in the year ending December 31, 2016 financial statements. Accordingly, the adoption of these standards has been retrospectively applied to prior periods presented as if the policy had always been used. We noted no transactions entered into by the Plans during the year for which accounting policies are controversial or for which there is a lack of authoritative guidance or consensus or diversity in practice. We noted no transactions entered into by the Plans during the year for which there is

a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audits, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected and/or uncorrected adjustments noted.

Disagreements with Management

For the purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 18, 2017.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions

occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it had not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Steere Enterprises, Inc. 401(k) Retirement Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Steere Enterprises, Inc. (the "Company", "Plan Sponsor" or "Employer") 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was originally established on February 1, 1985 and was amended and restated as of January 1, 2015 and covers all eligible employees. For purposes of participating in the Plan via the employee deferral and Company match contribution, an employee who has attained age 21 is eligible to participate upon completion of 90 days of service prior to any entry date. The entry dates are the first day of each calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute up to the maximum amount allowed by law of their compensation under the Plan. The Company makes discretionary matching contributions equal to 50% of employee deferrals that are 6% or less of the individual participant's compensation.

The Plan also has a profit sharing component in the form of a discretionary contribution, to be made at the election of the Company. Participants must be employed by the Company on the last day of the Plan year in order to receive an allocation of any discretionary contributions. No discretionary profit sharing contributions were made to the Plan for the years ended December 31, 2016 or 2015.

Vesting

Plan participants acquire vested nonforfeitable interest in the Plan Sponsor's matching contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

However, if an active participant dies or becomes permanently disabled prior to attaining his normal retirement age his vesting percentage shall be 100%. Participants are always 100% vested in their contributions to the Plan.

401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Allocation of Forfeitures

Forfeitures attributable to employer matching contributions are used to reduce the Employer's contribution or to pay administrative expenses for the plan year in which such forfeitures occur. Forfeitures amounted to \$35,347 and \$46,207 for the years ended December 31, 2016 and 2015, respectively. There were no accumulated unused forfeitures as of December 31, 2016 and 2015.

Participant Accounts

Separate accounts are maintained by Voya Institutional Trust Company, the Trustee, in the name of each participant. Participants direct their contributions and matching Plan Sponsor contributions to be invested into various investment options offered by the Plan.

Notes Receivable from Participants

The Plan allows for loans to participants from their individual account balances, which are limited to the lesser of \$50,000 or 50% of the participants' available balance, reduced by the excess of the highest outstanding loan balance of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan was made. The loans have specific repayment schedules and interest rates ranging from 4.25% to 5.45%. For deemed loan balances of inactive participants, the participant loan balance is reduced and a benefit payment is recorded.

Benefits

Benefits are payable in either a lump-sum amount or in periodic payments. Lump-sum payments are made for distributions less than \$1,000. For those distributions between \$1,000 and \$5,000, and for which receipt is not specified by the participant, an automatic rollover to an Individual Retirement Account is made.

Termination Provisions

Although the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time. In the event of termination, the accounts of the participants will be distributed in a manner determined by the Plan Administrator and in accordance with the provisions of the Plan.

Administrative Fees

The Plan pays all administrative fees, unless paid by the Company.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the accrual basis.

Investment Valuation

The Plan's investments in money market funds and pooled separate accounts are stated at fair value at December 31, 2016 and 2015. The Plan's investment in a fully benefit-responsive investment contract is stated at contract value at December 31, 2016 and 2015.

The Plan has an interest in a traditional fully benefit-responsive group annuity contract as part of the Voya Fixed Account issued by the Trustee. Investment contracts held by a defined contribution plan are generally required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Voya Fixed Account is calculated with the methodology that the interest crediting rate is determined daily. The rate is net of all Trustee expenses and will apply to all new contributions and existing account balances for the specified period. The crediting rate is announced in advance of the upcoming crediting rate periods, which are quarterly, semi-annually and annually. Under the terms of the existing contract, the crediting rate is currently reset on a quarterly basis. Certain events limit the ability of the Plan to transact with the issuer at contract value. These events include Plan termination, termination of Plan interest in contract assets, or similar events. The Plan Sponsor does not believe the occurrence of any such events that would limit the Plan's ability to transact at contract value are probable. The Voya Fixed Account guarantees a minimum rate of interest and may credit a higher interest rate from period to period. The credited interest rate is subject to change, up or down, but will never fall below the guaranteed minimum.

Gains and losses on investments that were purchased, sold or held during the year are included in net appreciation (depreciation) in fair value of investments. Purchases and sales of securities are reported on a trade date basis. Dividend income is recorded on the ex-dividend date. In accordance with the policy of stating investments at market value, net appreciation or depreciation (including gains and losses on assets sold during the year and unrealized gains and losses on assets held) for the year is reflected in the statements of changes in net assets available for benefits.

Fair Value Measurements

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

STEERE ENTERPRISES, INC.
401(K) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Repayments of principal and interest are recognized in the period in which payroll deductions are processed.

Subsequent Events

The Plan has evaluated subsequent events through September 18, 2017, the date the financial statements were available to be issued. See Note 8.

NOTE 3 - SUMMARY OF FINANCIAL DATA CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by the Trustee, as of and for the years ended December 31, 2016 and 2015, and furnished to the Plan Sponsor. The Plan Sponsor has obtained certifications from the Trustee as of and for the years ended December 31, 2016 and 2015, that such information is complete and accurate.

NOTE 4 - INVESTMENTS

The Plan's investments are participant-directed accounts that are held by the Trustee.

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methods.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Money market fund: Valued at the accumulation unit value of shares held by the Plan at year end.
- Pooled separate accounts: Valued at the accumulation unit value of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Trustee by letter dated September 1, 2014 that the prototype plan, which was adopted by the Plan on January 1, 2015, is a qualified plan under Section 401(a) of the Internal Revenue Code ("IRC") and is exempt from tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The prototype plan has been amended since receiving the determination letter. However, the Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

NOTE 6 - PARTY-IN-INTEREST

Certain Plan investments are shares of a money market fund, pooled separate accounts, and a guaranteed investment contract that are managed by the Trustee as defined by the Plan and, therefore, these transactions are party-in-interest transactions.

Fees paid by the Plan to the Trustee related to these funds amounted to \$5,293 and \$4,648 for the years ended December 31, 2016 and 2015, respectively. There are also expenses deducted directly from investment earnings.
