The MidwestHR, LLC. 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2016 and 2015

Note 1: Description of the Plan

The following description of The MidwestHR, LLC. 401(k) and Profit Sharing Plan (Plan) provides only general information. The Plan is sponsored by The Midwest HR, LLC. and is made available to adopting employers. Interested parties should refer to the plan document and Participating Employers' Adoption and Acceptance Agreement (PEAAA) for a more complete description of the Plan's provisions.

General

The Plan is a multiple-employer defined contribution profit sharing and 401(k) plan covering the employees of Participating Employers (Employer) who have attained the eligibility requirements as set forth by each Employer in their PEA. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

During 2016 and 2015 respectively, the Plan had net transfers out of \$289,006 and in of \$786,366 as a result of Participating Employers adopting or withdrawing from the Plan.

Contributions

The Plan is funded by voluntary pre-tax and post-tax contributions of participants and discretionary matching and profit sharing contributions of the Employer as set forth in the PEA. Eligible employees can elect to contribute to the Plan pre-tax and/or Roth after-tax deferrals of their compensation, as defined by the Plan, through regular payroll deductions, subject to limitations imposed by the Internal Revenue Code.

Participants may also roll over amounts representing distributions from other qualified employee benefit plans. Participants who have attained age 50 before the plan year are eligible to make additional pre-tax contributions, also known as "catch-up" contributions.

Investment Options

Participants direct their salary deferral contributions and the Employer's contributions into a variety of investment funds made available and determined by the plan administrator. Participants may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's discretionary matching and, if any, an allocation of profit sharing contributions and an allocation of plan earnings. Plan earnings are allocated to participant's accounts in direct proportion to their respective account balances, based on the performance of participant's investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

The MidwestHR, LLC. 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2016 and 2015

Notes Receivable From Participants

Participants are permitted to take loans from the Plan at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at the prime interest rate plus 1%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Interest rates range from 4.25% to 5.25% at December 31, 2016.

Vesting

Participants are immediately fully vested in participant and rollover contributions, plus actual earnings thereon. Vesting provisions for the employer contributions are set forth in the PEAAA.

Forfeited Accounts

Forfeitures of non vested account balances are used to pay plan administrative expenses or reduce Employer contributions. There were \$13,424 and \$48,775 of forfeitures available for future use at December 31, 2016 and 2015, respectfully. During 2016, \$215 and \$51,651 of forfeitures were used to offset plan administrative expenses or reduce Employer contributions, respectively. During 2015, \$124 of forfeitures were used to offset plan administrative expenses.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum payment equal to the value of his or her vested account balance.

Administrative Expenses

Administrative expenses incurred by the Plan for professional services are charged directly to participant accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The MidwestHR, LLC. 401(k) and Profit Sharing Plan

Notes to Financial Statements

December 31, 2016 and 2015

Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The pooled separate accounts held are valued at net asset value (NAV) of units held as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by each fund less its liability.

The Plan's investment in a guaranteed interest contract is fully benefit-responsive and is reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Determination as to when participant loans are considered in default and reclassified as distributions is based on the terms of the plan document.

Benefit Payments

Benefit payments are recorded when paid.

Note 3: Financial Data Certified by the Plan's Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company (Transamerica) has

certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Investments Measured Using the Net Asset Value per Share

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016 and 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5: Risks and Uncertainties

The Plan invests in various investment options. These investment options are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options and the level of uncertainty related to changes in the value of the investment options, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Notes to Financial Statements

December 31, 2016 and 2015

Note 6: Party-in-Interest Transactions

Certain plan investments are managed by Transamerica Partners, an affiliate of Transamerica Life Insurance Company, the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment management services are included in the net appreciation (depreciation) in the fair value of the investments. During 2016 and 2015, the Plan also made direct payments for administrative expenses of \$131,637 and \$137,009, respectively.

The terms of the Plan permit loans to participants under certain conditions. These loans, which are party-in-interest transactions, are permitted under ERISA.

Note 7: Income Tax Status

The Plan operates under a volume submitter plan sponsored by Transamerica Retirement Solutions Corporation. The volume submitter plan has been filed with the appropriate agency and has obtained an opinion letter dated July 7, 2014, from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 8: Plan Termination

Although it has not expressed any intention to do so, the plan administrator has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants become fully vested in their entire account balance.

Note 9: Investment Contract With Insurance Company

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The investment in the general account, the Transamerica Stable Value Option, is considered fully benefit-responsive with a contract value equal to its fair value. Transamerica maintains the contributions in a general account. It invests primarily in guaranteed investment contracts, money

market investments and other cash equivalents. The investments are credited with earnings on underlying investments and charged for plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The value of the investment is not guaranteed and is subject to the claims paying ability of Transamerica. The plan administrator does not believe that any events would likely limit the Plan's ability to transact at contract value. There are no reserves against the contract for credit risk of the contract issuer or otherwise.

Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. The guaranteed rate of interest shall not change during the six-month period for which it is effective. There is no stated minimum or maximum interest rate for the Stable Value Option.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of amounts per the financial statements to the Form 5500 for the year ended December 31, 2016:
