Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Kroenke Sports 401(k) Savings Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established July 26, 2000. The Plan is available to substantially all non-collective bargained employees of Kroenke Sports & Entertainment, LLC and its subsidiaries (collectively, the "Company"), including Colorado Avalanche, LLC; Denver Nuggets Limited Partnership; Kroenke Arena Company, LLC; KS LAX LLC; KSE Soccer, Inc.; The Opera Shop, Inc.; KSE Media Ventures, LLC; and Outdoor Sportsman Group, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to participate in the Plan and are eligible for employer discretionary matching contributions and profit sharing contributions upon completion of three months of employment and upon attaining the age of 21. The Plan excludes employees covered by a collective bargaining agreement.

Fidelity Management Trust Company ("Fidelity") serves as trustee, manages Plan assets, and maintains the Plan's records. Fidelity offers Plan participants a variety of investment options through various mutual funds, a money market fund, and a common/collective trust fund. Individual accounts are invested in the various investment options at the direction of the participants.

Plan Mergers

The Sportsman Channel, Inc. 401(k) Plan had $11,251 of employer matching contributions from 2015 that were not contributed to the Plan until 2016. As a result of the merger, all participants employer contributions (discretionary and match) balances transferred with the same vesting period as The Sportsman Channel, Inc. 401(k) Plan. See vesting schedule below:

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions

To be eligible for employer profit-sharing contributions, employees must complete 1,000 hours of credited service, as defined in the Plan, during the Plan year and be employed on the last day of the Plan year. Service with predecessor employers that had plans that were merged with the Plan is counted toward eligibility to participate in the Plan.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Contributions (continued)

Participants may make before- or after-tax contributions up to 60% of their annual compensation, not to exceed limits established by the IRS, which are adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan allows after tax Roth contributions and permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions. Participants who are age 50 or older during the Plan year are eligible to make catch-up contributions based on IRS limits.

The Company may make discretionary matching contributions on behalf of participants, as defined in the Plan. For the year ended December 31, 2016, there were no discretionary matching contributions. At its discretion, the Company may also make profit-sharing contributions to the Plan. No profit-sharing contributions were made to the Plan during the year ended December 31, 2016.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, Plan earnings or losses, forfeitures, and Plan expenses. Allocations are based upon Plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and any related investments earnings or losses thereon.

Participants become 100% vested in any employer matching contributions and the earnings or losses thereon after completing two years of service.

Participants of other plans that have merged with the Plan vest according to the vesting schedules disclosed in the *Plan Merger*s section.

Service with predecessor employers is counted for vesting purposes. Participants vest in employer profit-sharing contributions at a rate of 20% per year of 1,000 hours of credited service as follows:

Years of Service	Vested Interest
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Vesting (continued)

A participant's account becomes 100% vested upon death, attaining normal retirement age (the age of 59½ or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan), retirement due to disability, or if the Plan is terminated.

Participant Loans Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. Participants may have a maximum of one loan outstanding. The loans are secured by the balances in the participants' accounts; bear interest at rates that range from 4.25% to 10.25%, which are commensurate with local prevailing rates at loan origination as determined quarterly by the Plan administrator; and mature at various dates through October 2024. Principal and interest are paid ratably through payroll deductions with a maximum repayment term of five years, with the exception of loans used to acquire a participant's primary residence, which may be repaid over a period of up to ten years. Participant loans are recorded in the financial statements at amortized cost plus accrued interest.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or annual installments over a period as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested account balance as a lump-sum distribution. Hardship withdrawals are allowed under the Plan. Benefits are recorded when paid.

Upon a distribution event, participants are subject to a mandatory distribution in the form of a lump-sum payment if their vested account balance is less than $5,000. In the event of a mandatory distribution where the participant balance is greater than $1,000 and less than $5,000 and the participant has not elected a distribution, the Plan administrator will pay the account balance as a distribution to an individual retirement account plan established for the participant.

Participant Termination and Forfeitures

If at the time of termination of employment the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account. Forfeitures can be used to pay Plan expenses, reduce employer contributions, or shall be allocated to participants in the same manner as the employer's contribution. During the Plan year ended December 31, 2016, $87,260 of forfeitures were used to pay Plan expenses. The balance of this account as of December 31, 2016 and 2015 was $20,205 and $62,826, respectively.

Valuation of Investments and Income Recognition

Investments are recorded at fair value as reported to the Plan by Fidelity. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Valuation of Investments and Income Recognition (continued)

Investments in mutual funds are reported at the last reported sales price at the end of the respective periods using quoted market values. The money market fund is generally carried at cost, which approximates fair value.

The common/collective trust fund is a stable value fund that is 100% invested in the Wells Fargo Stable Return Fund, which is primarily comprised of investment contracts issued by financial companies, including guaranteed investment contracts and security-backed investment contracts. The common/collective trust fund is valued at the net asset value ("NAV") of units of the common/collective trust fund. The NAV, as provided by the trustee, is used to estimate fair value and is based on the fair value of the underlying investments held by the common/collective trust fund less its liabilities, utilizing NAV as a practical expedient. Investments in the common/collective trust fund do not have any redemption restrictions and can be redeemed daily.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected on the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Concentrations

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

At December 31, 2016 and 2015, one investment accounted for 11% and 14%, respectively, of total investments at fair value. During the year ended December 31, 2016, four investments accounted for 46% of investment income.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Subsequent Events

The Plan administrator has evaluated all subsequent events through the auditors' report date, which is the date the financial statements were available to be issued. Effective August 1, 2017, all assets and liabilities of the W. T. Waggoner Estate 401(k) Plan Trust were transferred into the Plan.

Note 2 - Assets Certified by Trustee

Fidelity has certified in writing to the Plan administrator that the stated amounts for investments at fair value and participant loans at amortized cost as of December 31, 2016 and 2015 and the income earned on the investments and interest on the participant loans for the year ended December 31, 2016, as reflected in the accompanying financial statements and the supplemental schedule of assets (held at end of year), are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by Fidelity, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets (held at end of year).

Note 3 - Fair Value Accounting

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Note 3 - Fair Value Accounting (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value on a recurring basis.

Assets at fair value as of December 31, 2016 are as follows:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 45,365,118	$ -	$ -	$ 45,365,118
Investments valued at NAV				3,657,303
Total				$ 49,022,421

Assets at fair value as of December 31, 2015 are as follows:

Description	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,476,225	$ -	$ -	$ 1,476,225
Mutual funds	27,214,044	-	-	27,214,044
	$ 28,690,269	$ -	$ -	28,690,269
Investments valued at NAV				465,531
Total				$ 29,155,800

There were no changes to the valuation techniques used during the years ended December 31, 2016 and 2015 or transfers between fair value hierarchy levels.

Note 4 - Income Taxes

The Plan did not obtain a Plan-specific determination letter as it operates with Fidelity's advisory letter dated March 31, 2014, which was issued on the basic Plan document and indicates the Plan was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are mutual funds, which are managed by Fidelity. Fidelity is the asset trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. In addition, participant loans qualify as party-in-interest transactions and are also exempt for the prohibited transaction rules.

Note 8 - Reconciliation to Form 5500

Contributions and benefits paid to participants for financial reporting purposes differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2016 due to the accrual of employee contributions receivable at December 31, 2016 and excess contributions payable at December 31, 2015.
