Novelis Savings and Retirement Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN

The following description of the Novelis Savings and Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing plan with a Safe Harbor 401(k) and a Roth 401(k) feature. The Plan is administered by the Pension and Investment Committee ("Plan Administrator"). Vanguard holds the funds, executes investment transactions, and makes distributions, as directed by the Plan Administrator, to the participants or their beneficiaries. Vanguard serves as the Plan's recordkeeper, allocating net assets to individual participant accounts. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

All full-time employees of Novelis Corporation (the "Company" or "Novelis") and certain related companies (Novelis Inc. and Logan Aluminum, Inc.) are eligible to participate in the Plan upon date of hire, or after one year of service for part-time employees.

Effective January 1, 2014, the Plan was amended and restated to allow union employees working at the Company's Fairmont location who were hired after November 2012 and have completed 90 days of service to be eligible to participate in the Plan.

The Plan was amended and restated as of January 1, 2016.

Contributions

Each participant may make contributions at the rate of 1% to 50% for 2015 and 1% to 75% for 2016 of such participant's compensation for each payroll period. The participant may elect to make all or a portion of this basic contribution on a before-tax, Roth 401(k) or after-tax basis subject to limits set by law. The Plan includes an auto-enrollment provision for all new hires. New hires are automatically enrolled at a 6% before-tax rate and invested in the target retirement fund closest to their age at retirement. Additionally, these employees are enrolled in an auto-increase program, which automatically increases the employees' deferral by 1% each July following the year of hire, up to a maximum deferral of 75%. At any time, employees can opt out of auto-enrollment or auto-increase, and make changes to their deferral percentages and investment elections.

The Plan also accepts rollover contributions from other qualified plans or from an Individual Retirement Account.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

The Plan takes advantage of the Internal Revenue Code ("IRC") approved "safe-harbor" method for satisfying the nondiscrimination tests applicable to participant before-tax and Roth 401(k) contributions and company matching contributions. Highly compensated employees may still be limited in the amount of after-tax contributions they can make in order to satisfy IRC nondiscrimination regulations.

The Company makes two types of contributions – "Company Match Contributions" and "Retirement Account Contributions". The Company will match 100% of the first 3% of compensation plus 50% of the next 3% of compensation contributed by an employee. Participants hired January 1, 2005 or later (January 1, 2006 for the Russellville, KY location) are not eligible for the Company's traditional pension plan and therefore are eligible for Retirement Account Contributions. The Company contributed 5% of the eligible participants' compensation to the Retirement Account for the year ended December 31, 2016. No employee contributions can be made to the Retirement Account.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company Matching Contributions, Company Retirement Account contributions, and Plan earnings. Participant accounts are charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in their employee contributions and the Company Match Contributions plus actual earnings thereon. Retirement Account Contributions are 100% vested after the participant has completed 3 years of service.

Investment Options

The assets of the Plan, both employee and employer, are allocated to the various funds at the discretion of the participant. There are various investment options offered by the Plan. Participants may change their investment options daily.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants are permitted to borrow from their account, excluding any Retirement Account balance, within the limits specified by the IRC. Loans are taken from a participant's account in the following order of priority:

- a) any portion of before-tax contributions and their earnings,
- b) any portion of Company Match Contributions made on or after January 1, 2001 and their earnings,
- c) any portion of Roth 401(k) contributions plus earnings,
- d) any portion of Company Match Contributions made before January 1, 2001, and their earnings,
- e) any portion of rollover contributions and their earnings,
- f) any portion of after-tax contributions made after 1986 and their earnings,
- g) any portion of after-tax contributions made before 1987 and their earnings.

Notes receivable from participants bear interest at a fixed rate equal to the prime rate, as published in the Wall Street Journal, on the first business day of the month in which the loans are obtained. Interest rates on participant loans ranged from 3.25% to 9.50% at December 31, 2016 and 2015. Loan terms range from one to five years, or up to fifteen years if the proceeds of the loan are to be used for the purchase of a primary residence. Loan amounts are taken proportionately from each investment fund within each account based on their balances when the loan is processed. Principal and interest repayments made via payroll deductions or in a lump-sum payment are made into the investment funds according to the participant's current investment election. Individuals who retire or are terminated prior to meeting their loan obligation have the option to pay the outstanding balance in one lump sum, or to continue making monthly repayments directly to Vanguard; otherwise the loan becomes a deemed distribution from the participant's account. Such distributions are accounted for as withdrawals within the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

The Plan does not permit hardship withdrawals from before-tax contributions, but active participants may elect to make up to two withdrawals from the Plan in any given plan year. The Plan requires that any withdrawals be made in the following order of priority:

- a) any portion of after-tax contributions made before 1987,
- b) any portion of after-tax contributions made after 1986 and their earnings,
- c) any portion of earnings on after-tax contributions made before 1987,
- d) any portion of rollover contributions and their earnings,
- e) any portion of Company Matching Contributions made before January 1, 2001, and their earnings,

Novelis Savings and Retirement Plan Notes to Financial Statements

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits (Continued)

- f) if the participant has attained age 59-1/2, any portion of Company Match Contributions made on or after January 1, 2001 and their earnings,
- g) if the participant has attained age 59-1/2, any portion of before-tax contributions and their earnings, and
- h) if the participant has attained age 59-1/2, any portion of Roth 401(k) contributions plus earnings if account has been open at least 5 years.

The withdrawal of any post-1986 after-tax contributions includes a pro-rata share of earnings.

No withdrawals or distributions are permitted from the Retirement Account while the participant is actively employed with the Company. Terminated or retired participants with more than \$5,000 in the Plan may leave their account balance in the Plan indefinitely and may elect to make up to twelve withdrawals from the Plan per year. Participants who keep a balance in the Plan beyond age 70-1/2 will be required to take annual required minimum distributions from the Plan.

Forfeited Accounts

Forfeitures can be used to pay Plan expenses or reduce Company contribution funding. At December 31, 2016 and 2015, available forfeited non-vested accounts totaled \$213,887 and \$393,792, respectively. During 2016, Company contributions of \$777,393 were funded by the use of forfeited non-vested accounts.

Transfers In

During 2016, \$114,860 was transferred from the Novelis Hourly Savings Plan.

Income Tax Status

In January 2014, the Plan adopted a Volume Submitter Profit Sharing Plan with CODA ("Volume Submitter") sponsored by Vanguard which received an opinion letter dated March 31, 2008 provided by the Internal Revenue Service ("IRS"), which states the Volume Submitter document satisfies the provisions of Section 401 of the IRC. In January 2016, the Plan adopted an amended and restated Volume Submitter Profit Sharing Plan which received an opinion letter dated March 31, 2014. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current opinion letter. The Plan Administrator believes that the Plan, including any subsequent amendments, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the Company has the rights under the Plan to discontinue its contributions at any time and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments include a collective trust fund and mutual funds, which invest in various types of investment securities and in various companies within various markets. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses on investments.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included as a reduction of net appreciation of fair value of investments.

NOTE 3: INTEREST IN NOVELIS MASTER SAVINGS TRUST (UNAUDITED)

The Plan's investments are held by Vanguard Fiduciary Trust Company (the "Trustee") in the Novelis Master Savings Trust (the "Master Trust"), where they are commingled with the investments of the Novelis Hourly Savings Plan. The Plan has a specific interest in the net assets of the Master Trust, which represents the total of the specific interests of the individual participants in the Plan.

The Trustee of the Plan holds investment assets and executes transactions therein, and substantially all information pertaining to investments included in the financial statements has been certified by them. Therefore, in accordance with the request of the Company and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to auditing procedures generally accepted in the United States of America by the Plan's independent public accountants.

NOTE 3: INTEREST IN NOVELIS MASTER SAVINGS TRUST (UNAUDITED) (CONTINUED)

At December 31, 2016 and 2015, the Plan's interest in the net assets of the Master Trust was approximately 96.8% and 96.5% as of December 31, 2016 and 2015, respectively. The following represents the fair value of the Master Trust at December 31, 2016 and 2015 and the related income for the year ended December 31, 2016:

December 31,	2016	2015
Investments, at Fair Value		
Collective trust	\$ 130,323,896	\$ 122,147,387
Mutual funds	474,251,592	423,859,950
Total Investments	604,575,488	546,007,337
December 31, 2016		
Investment Income		
Interest and dividends	\$ 13,719,249	
Other income	102,816	
Net appreciation in fair value of investments	27,534,866	
Total Investment Income	\$ 41,356,931	

Notes receivable from participants of \$19,348,548 and \$18,984,763 as of December 31, 2016 and 2015, respectively, and interest income from notes receivable from participants of \$596,605 for the year ended December 31, 2016 were also covered by the trustee certification.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements* ("ASC 820"), defines fair value, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described as follows:

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are observable as of the reporting date. These inputs include quoted prices for similar assets in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value daily without any redemption notice or restrictions. Plan level initiated transactions require a twelve month redemption notice in order to withdraw at full book value. Plan level initiated transactions with less than a twelve month redemption notice may incur an adjustment to book value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial investments could result in a different fair value measurement at the reporting date.

Novelis Savings and Retirement Plan Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. There were no level 2 or 3 investments as of December 31, 2016 and 2015.

December 31,	2016	2015
Level 1 Investments		
Mutual Funds	\$ 474,251,592	\$ 423,859,950
Investments in the Fair Value Hierarchy	474,251,592	423,859,950
Collective Trust Fund at NAV (a) (b)	130,323,896	122,147,387
Total Investments at Fair Value	\$ 604,575,488	\$ 546,007,337

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net asset available for benefits.

(b) Measured using the NAV per unit (or its equivalent) as a practical expedient and held in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity.

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of mutual funds and a collective trust fund managed by The Vanguard Group. Fees are paid by the Plan for investment management services. Vanguard Fiduciary Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 6: DELINQUENT PARTICIPANT CONTRIBUTIONS

During the year ended December 31, 2012, the Company did not timely deposit certain participant contributions and loan repayments (aggregating \$2,463,782) within the timeframe required by Department of Labor regulations. As such, these late deposits are considered prohibited transactions. The Company intends to file a Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan. The lost earnings related to these late remittances were deposited in 2017.

NOTE 7: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 21, 2017, which is the date the financial statements were available to be issued, and have determined that there are no subsequent events that require disclosure under ASC 855 *Subsequent Events*.
