NOTES TO THE FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of the Grange Mutual Casualty Company Incentive Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan, a defined contribution plan, as amended and restated effective January 1, 2015, was established to provide a savings plan for the benefit of substantially all employees of Grange Mutual Casualty Company (the Employer) and to provide participants an opportunity to contribute according to the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan is in conformity with the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).
- B. Automatic Enrollment - Following thirty days of employment, new employees who have not made an election whether or not to participate in the Plan will automatically be enrolled to participate in the Plan. The default contribution percentage under the automatic enrollment process is 6% of the employee's base compensation. The default investment vehicle for automatically enrolled participants is the Vanguard Target Retirement Fund option available under the Plan that most closely coincides with the participant's approximate retirement date. New employees may opt out of the automatic enrollment process. In addition, all Plan participants experience an automatic step-up in contribution percentage by 1% each year beginning with the first contribution made in March, capping out at a total contribution percentage of 15% of the employee's base compensation. Participants have the option to opt out of the automatic step-up process. At any time, a participant may change their contribution percentage, change the investment vehicles into which contributions are deposited or opt out of participation in the Plan.
- C. Contributions and Forfeitures - In accordance with the terms of the Plan, a participant may authorize payroll deductions ranging from 1% to 50% of their base salary (in 1% increments) utilizing one or more of the following contribution options available within the Plan: 1) basic contributions (before-tax contributions); 2) Roth contributions; 3) after-tax contributions; and 4) catch-up contributions, if the participant is age 50 or older. The total dollar amount that may be contributed by a participant each calendar year is subject to certain limitations, as defined by the Plan. In addition, the total percentage contributed may not exceed 50% of a participant's base salary. As a matching contribution, the Employer contributes 50% of each participant's basic and/or Roth contributions that do not exceed 6% of compensation.

Participants may also contribute to the Plan amounts representing distributions from other qualified defined benefit or defined contribution plans as a rollover contribution. During 2016, rollover contributions from other qualified plans were \$3,358,767.

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

- C. Contributions and Forfeitures (Continued) - Employees hired on or after January 1, 2007 are not eligible to participate in the Employer's defined benefit pension plan. These employees instead participate in a benefit available under the Plan, known as Retirement Accumulation Accounts (RA Accounts), which utilize a combination of the employee's age and years of credited service to determine the annual contribution that will be made by the Employer. To be eligible for a RA Account contribution, the participant must be employed on the last day of the calendar year or have retired, become disabled, or died during the year. Employees who were hired on or before December 31, 2006 will continue their participation in the defined benefit pension plan and are not eligible to participate in the RA Accounts. RA Account contributions in 2016 and 2015 were \$1,581,258 and \$1,431,735, respectively. At December 31, 2016 and 2015, RA Account contributions of \$1,581,258 and \$1,411,735, respectively, were recorded as a receivable.

The Plan also provides that additional discretionary contributions (as defined) may be made by the Employer in such amounts as approved by the Employer's Board of Directors. Participants are eligible to receive an additional discretionary contribution only if they have made basic and/or Roth contributions during the calendar year and are either actively employed on the last day of the calendar year or have retired, become disabled, or died during the calendar year. Participants that are deemed to be Highly Compensated Employees (as defined by the Internal Revenue Service) are not eligible to receive additional discretionary contributions. Additional discretionary contributions approved by the Board in 2016 and 2015 were \$2,126,121 and \$400,963, which were recorded as a receivable at December 31, 2016 and 2015, respectively.

Participants are always 100% vested in their own contributions, including basic, Roth, after-tax, catch-up, and rollover contributions. Participants are fully vested in Employer matching contributions and additional discretionary contributions after completing two consecutive twelve-month periods of service of at least 1,000 hours per year. Participants are fully vested in RA Account contributions after completing three consecutive twelve-month periods of service of at least 1,000 hours per year.

At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$74,910 and \$85,622, respectively. These accounts will be used to reduce future Employer matching or RA Account contributions. During 2016, forfeited nonvested accounts amounting to \$80,911 and were used to reduce Employer matching and RA Account contributions.

All contributions are invested in investment options as directed by each participant. Participants are permitted to divide their contributions among the investment options in 1% increments. The investment options are managed by Vanguard Fiduciary Trust Company (Vanguard).

NOTES TO THE FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

- D. Distributions - In accordance with the Plan, a participant may receive the full value of their participant and vested employer accounts upon early retirement, normal retirement at age 65, total disability or termination of employment. Upon the death of a participant, their beneficiary shall be entitled to the full value of the participant and vested employer accounts. Distributions may be made in the form of a lump sum, installment payments over 20 years or less, or a combination of those options.

Participants may elect at any time to withdraw any or all of their after-tax contributions. A participant may elect to withdraw any or all of their basic, Roth, catch-up, rollover, Employer matching, and additional discretionary contributions in the event of financial hardship (as determined under the rules established by the Incentive Savings Plan Committee). The Incentive Savings Plan Committee must approve all participant hardship withdrawals. The Plan also allows for distributions of pre-tax and Roth contributions at age 59 ½.

- E. Investment Income - Investment income (including any appreciation or depreciation in the fair value of each investment fund) is allocated to participant accounts at the end of each business day based upon the ratio of each participant's account to the total of all participant accounts.

- F. Participant Notes Receivable - Notes are permitted under certain circumstances and are subject to limitations. Participants may borrow from their funds up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (excluding the RA Account balance). Notes are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest rates comparable to the rates charged by commercial lending institutions for similar types of transactions. Principal and interest are paid ratably through payroll deductions. Participants with outstanding principal balances are assessed a nominal administration fee annually. Upon default, the plan administrator treats the default as a distribution and offsets the outstanding balance of the note against the participant's account balance. At December 31, 2016 and 2015, the balances of participant notes receivable were \$3,822,400 and \$4,155,727, respectively.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Presentation - The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) and present the net assets available for benefits and changes in net assets available for benefits on the accrual basis of accounting.

**GRANGE MUTUAL CASUALTY COMPANY
INCENTIVE SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

B. Participant Notes Receivable – Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

C. Investment Valuation and Interest and Dividend Income – The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Interest and dividend income is recognized on the accrual basis. Investment income includes unrealized appreciation or depreciation in the investment funds. Investment transactions are recorded on the trade date. Realized gains or losses on investment funds sold are accounted for using the average cost method on a trade date basis.

Accounting changes - Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, “Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient.” ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan elected to adopt Parts I, II, and III of ASU 2015-12 in 2016 applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

Additionally, the FASB issued ASU 2015-07, “Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or Its Equivalent).” ASU 2015-07 simplifies disclosures and reporting on investments valued at net asset value as a practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with earlier adoption permitted. The Plan has elected to early adopt ASU 2015-07 in 2016, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

D. Contributions - Participant contributions are recognized when due to the Plan through salary withholding. Employer matching contributions are recognized when the related participant contributions are recognized. RA Account contributions are recognized when due to the Plan for those participants that meet the criteria described in Note 1(C). Additional discretionary contributions approved by the Employer’s Board are recognized in the year of service for those participants that meet the criteria described in Note 1(C).

E. Payments of Benefits - Distributions are recognized when paid.

NOTES TO THE FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

- F. Administrative Expenses - Administrative expenses are fees paid directly by the Plan for the administration of the Plan and maintenance of participant accounts, including outstanding participant notes receivable. Other administrative expenses are paid by the Employer and are excluded from these financial statements.
- G. Use of Estimates - The preparation of financial statements in conformity with GAAP requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits as of the date of the financial statements and the changes in net assets available for benefits for the reporting period. Actual results could differ from those estimates and assumptions.
- H. Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
- I. Reclassifications – Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.
- J. Subsequent Events - The Plan evaluated subsequent events through October 4, 2017, the date financial statements were available to be issued.

There were no subsequent events that require adjustment to or disclosure in the financial statements.

Note 3. Fair Value

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**GRANGE MUTUAL CASUALTY COMPANY
INCENTIVE SAVINGS PLAN**

NOTES TO THE FINANCIAL STATEMENTS

Note 3. Fair Value (Continued)

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015:

- Registered investment companies: Valued at observable market quotations for identical assets and are priced on a daily basis.
- Common/collective trusts: Valued using the net asset value (NAV) provided by the fund trustee based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The fund manager's objective is to seek total return consisting of long-term growth of capital and current income based on various expected retirement dates or the preservation of capital. There are no unfunded commitments related to the common/collective trusts and units are redeemable at NAV daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

Note 4. Plan Termination

Although the Employer has not expressed any intent to do so, it has the right, subject to resolution by its Board, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, the interest of each participant will be distributed, used to purchase annuities or continue to be held in trust at the discretion of the Incentive Savings Plan Committee.

Note 5. Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated December 15, 2011, that the Plan is designed in accordance with applicable sections of the IRC and, therefore, is exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The Plan administrator submitted a new determination letter request to the Internal Revenue Service in 2016 and is awaiting response.

GAAP requires plan management to evaluate tax positions taken to determine if there are any uncertain positions that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. The Plan believes it is no longer subject to income tax examinations for years prior to 2012.

Note 6. Related Party Transactions

All Plan investments are in shares of registered investment companies and common/collective trusts managed by an affiliate of Vanguard. Vanguard is the trustee and, therefore, these transactions qualify as party-in-interest transactions.

Note 7. Information Certified by the Plan's Trustee

The Plan's administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, as well as the accompanying supplemental schedule of assets (held at end of year).
