Independent Auditor's Report

To the Plan Administrator
Co-op 401(k) Plan Sponsored by Crystal Valley Cooperative
Lake Crystal, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the Co-op 401(k) Plan sponsored by Crystal Valley Cooperative, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness for accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Co-op 401(k) Plan sponsored by Crystal Valley Cooperative as of December 31, 2016 and 2015, and the changes in net assets available for benefits for the year ended December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Nonexempt Transactions and Assets Held for Investment Purposes (at end of year), together referred to as "supplemental information," are presented for the purpose of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

Note 1: Description of Plan

The following description of the Co-op 401(k) Plan sponsored by Crystal Valley Cooperative (The Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a voluntary, defined contribution plan sponsored by Crystal Valley Cooperative (the Company) and adopted on April 1, 1987. The Plan covers all employees, excluding leased employees, of the Company who are age 21 or older and have completed one year of eligibility service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The most recent amendment to the Plan became effective on January 1, 2015.

TRUST

The trustee for the Plan is the Charles Schwab Trust Company. Charles Schwab Trust Company administers the Trust subject to direction from the Plan sponsor.

ELIGIBILITY

Generally, an employee of the Company is eligible to enter the Plan for purposes of making elective deferrals and receiving employer matching contributions after they have completed 90 consecutive days of service.

Effective January 1, 2015, employees that meet the eligibility requirements under the Plan are automatically enrolled in the Plan with a pre-tax contribution rate equal to 3% of their compensation.

CONTRIBUTIONS

Participants may make pre-tax or Roth contributions up to 50% of their earnings each pay period, as defined in the Plan. The Company matches 100% up to the first 5% of the participant's compensation. At the discretion of the Company, a profit sharing contribution may be made to the Plan and allocated to participants based on the eligible compensation.

At the discretion of the Company, a profit sharing contribution may be made to the Plan and allocated to participants based on the eligible compensation. To be considered eligible for the profit-sharing contribution, a participant must have completed at least 1,000 hours of service for the employer during the Plan year, and be an employee of the employer as of the last day of the Plan year.

The total annual addition to the participant's account in any calendar year may not exceed the lesser of \$53,000 or 100% of participant's compensation. The annual employee contribution is \$18,000 for the year ended December 31, 2016. Employees age 50 or older may elect to make pretax "Catch-up Contributions" to the plan, maximum of \$6,000, after their initial contributions exceed a Plan or legal limit.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit which a participant is entitled to is the benefit that can be provided from the participant's vested account.

VESTING

A participant is 100% vested in the employee contributions, employer matching and profit sharing contributions.

NOTES RECEIVABLES FROM PARTICIPANTS

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime interest rate quoted in the Wall Street Journal, plus 1% on the date the loan is applied for.

All loans are repaid by payroll deduction in equal amounts over the repayment term, which is generally less than 5 years for a general purpose loan or 15 years for a loan to purchase your primary residence. Participants may not have more than one outstanding loan at any time.

PAYMENT OF BENEFITS

A participant is entitled to benefits based on the occurrence of the following events:

- a. The participant retires, becomes disabled, dies, or otherwise leaves the employment of the employer.
- b. In-service withdrawals at age 59 ½.
- c. Financial hardship as defined in the Plan document.
- d. Other limited conditions are more fully explained in the Plan document.

The payment shall be in the form of the following methods as provided by the Plan:

- a. A single, lump-sum payment
- b. Direct Rollover
- c. Recurring Payments
- d. Deferred Payment

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

ADMINISTRATIVE EXPENSES

Plan administrative fees are absorbed by the Plan. Legal and accounting fees are absorbed by the Plan sponsor. For the year ended December 31, 2016, administrative fees amounting to \$33,230 were absorbed by the Plan for the services of Milliman USA, and administrative fees amounting to \$5,640 were absorbed by the Plan for the services of Galliard Capital Management, Inc.

Note 2: Summary of Significant Accounting Policies

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes both realized and unrealized investment gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded upon distribution. As of December 31, 2016 and 2015, net assets available for benefits included no benefits due to participants who had withdrawn from participation in the Plan but have not yet been paid.

RECENTLY ISSUED ACCOUNTING STANDARDS

In May 2015, the FASB issued Accounting Standard Updates (ASU) 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent) (ASU 2015-07), which is effective for fiscal years beginning after December 15,

Notes to Financial Statements (Continued)

Note 2: Summary of Significant Accounting Policies (Continued)

RECENTLY ISSUED ACCOUNTING STANDARDS (CONTINUED)

2016 for entities other than public business entities. ASU 2015-07 eliminates the requirement to categorize investments in the fair value hierarchy if the fair value is measured at net asset value (NAV) per share (or its equivalent) using the practical expedient in the FASB's fair value measurement guidance. As permitted by ASU 2015-07, the Plan has early adopted this pronouncement for the period ended December 31, 2016 and 2015 and its investments in collective trust funds that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The adoption of the new guidance had no impact on the Plan's financial position or results of operations, but did change disclosures.

Note 3: Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Notes to Financial Statements (Continued)

Note 3: Fair Value Measurements (Continued)

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimated fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Trust's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total

The common/collective investment trust consists of security backed investment contracts, guaranteed investment contracts, and global-wrap contracts which are reported in the financial statements at fair value. There are no reserves against the contract value for credit risk of contract issuers or otherwise.

Per Form 5500	<u>\$416,826</u>

Note 5: Nonexempt Transactions

According to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), certain transactions between the plan and a party in interest are prohibited. During the Plan year a prohibited transaction involving Galliard Capital Management, Inc. took place. This transaction has been included in Schedule G, Part III of the Form 5500 in accordance with ERISA and the Internal Revenue Code.

Note 6: Tax Status

The Plan has adopted a prototype non-standardized profit sharing plan sponsored by Co-op 401(k) Plan. The Internal Revenue Service has issued an opinion by letter dated on March 31, 2014 that the form of the plan, as then designed, was in compliance with applicable sections of the Internal Revenue Code (IRC). The Company believes that the plan currently is designed and is being operated in compliance with the applicable requirements of the IRC and that, therefore, the plan continues to qualify under IRC section 401(a), and the related trust continues to be tax exempt as of December 31, 2016. Therefore, no provision for income taxes is included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions' however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to the year ended December 31, 2013.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to Financial Statements (Continued)

Note 8: Subsequent Events

The Plan has evaluated subsequent events through September 29, 2017, the date the financial statements were available to be issued. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
