UNIVERSITY SUBURBAN HEALTH CENTER 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following description of the University Suburban Health Center 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of University Suburban Health Center (the Organization) immediately upon their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute to the Plan up to 85% of their pre-tax annual compensation, as defined in the Plan, subject to the maximum permitted by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). In addition, the Plan allows for a discretionary match contribution to be made to the Plan solely at the discretion of the Board of Trustees of the Organization (the Board) that is determined annually using a match contribution formula. The Organization may also make discretionary non-matching contributions at the discretion of the Board. Participants must have completed one year of service and be employed on the last day of the Plan year to receive discretionary non-matching contributions. The matching contribution for 2016 was 50% of the first 6% of base compensation that a participant contributed to the Plan. There were no discretionary non-matching contributions authorized for 2016. Contributions are subject to certain IRS limitations.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, rollover contributions, allocations of the Organization's contributions, and Plan earnings or losses as defined by the Plan agreement. Allocation of the Organization's discretionary non-matching contribution is based on the participant's compensation. Plan earnings are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Vesting

Participants are immediately vested in voluntary and Organization contributions, plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

The Plan allows participants to borrow money within certain limits from their individual accounts. The loans are secured by the balance in the participant's account. Such loans bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account, or annual installments over a future period. If the participant's account balance is less than \$5,000 but more than \$1,000, the plan administrator makes an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs the custodian to make a lump-sum distribution. Participants terminated for other reasons are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as reported by Matrix Trust Company, LLC (Matrix Trust), the custodian of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

DECEMBER 31, 2016 AND 2015

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year

Assets of the Plan are held in separate accounts of a trust administered by Matrix Trust as of December 31, 2016 and 2015, representing investments in mutual funds and a money market fund.

Investments of participant's contributions and the Organization's contributions into these funds are at the direction of each participant.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefit

Benefits are recorded when paid.

Plan Expenses

The Plan's administrative expenses are paid either by the Plan or the Organization as provided by the Plan agreement. Expenses that are paid by the Organization are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net depreciation of fair value of investments.

Income Taxes

The Plan recognizes and discloses uncertain tax positions in accordance with GAAP. As of December 31, 2016 and 2015, and for the year ended December 31, 2016, the Plan did not have a liability for unrecognized tax benefits. The Plan is no longer subject to examination by federal and state taxing authorities prior to 2013.

NOTE 3 - INFORMATION CERTIFIED BY CUSTODIAN

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Matrix Trust, the custodian.

Matrix Trust has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from investment activity, and the schedule of assets held at end of year as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1:** Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2:** Other significant observable inputs including: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3:** Inputs are significant and unobservable (including the Plan's own assumptions used to determine value).

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the valuation methodology used at December 31, 2016 and 2015.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2016:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$7,224,494	\$	\$	\$7,224,494
	<u>\$7,224,494</u>	<u>\$</u>	<u>\$</u>	<u>\$7,224,494</u>

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2015:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$7,859,589	\$	\$	\$7,859,589
Money Market Fund	315,696			315,696
	<u>\$8,175,285</u>	<u>\$</u>	<u>\$</u>	<u>\$8,175,285</u>

The Plan did not hold any Level 3 assets during the year.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6 - PLAN QUALIFICATION

The Internal Revenue Service currently does not have a determination letter program for 403(b) deferred compensation plans. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code for similar plans.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – PARTICIPANTS SEPARATED FROM SERVICE WITH A DEFERRED VESTED INTEREST

As of December 31, 2016, 4 participants with account balances totaling \$298,891 have separated from service and have not been paid.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 18, 2017, the date the financial statements were available to be issued.
