TELENETWORK PARTNERS, LTD. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

A. Description of Plan

The following description of the TeleNetwork Partners, Ltd. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution pension plan, covering all employees of Telenetwork Partners, Ltd., the plan sponsor, who have one year of service, defined as 1,000 hours of service in a 12 month period and are age eighteen or older. The plan is subject to the provisions of ERISA.
2. **Contributions.** In the years ended December 31, 2016 and 2015, participants may contribute up to \$18,000. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The company contributes 100% of the participants' elective deferrals up to 4% of total compensation. Contributions are subject to certain limitations.
3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) plan earnings (losses), and (c) forfeited amounts of former participants. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. **Vesting.** Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

<u>Years of Vesting Service</u>	<u>Vesting Percent</u>
< 3 years	0%
>= 3 years	100%

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

A. Description of Plan (cont'd)

5. **Notes Receivable From Participants.** The plan allows for no loans to participants from their fund accounts.
6. **Payment of Benefits.** On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over at least a ten year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.
7. **Forfeited Accounts.** At December 31, 2016 and 2015 there were no forfeited nonvested accounts. Accounts are pooled and not treated individually. Any forfeited nonvested accounts will be used to reduce future employer contributions.

B. Summary of Significant Accounting Policies

1. **Date of Management's Review.** Subsequent events were evaluated through September 6, 2017 which is the date the financial statements were available to be issued.
2. **Use of Estimates.** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
3. **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual basis of accounting.

TELENETWORK PARTNERS, LTD. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

B. Summary of Significant Accounting Policies (cont'd)

4. **Investment Valuation & Income Recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. **Payment of Benefits.** Benefit payments to participants are recorded when paid.
6. **Expenses.** All operating expenses of the plan are paid by the Company and are therefore excluded from these financial statements.

7. **Recent Accounting Pronouncements.** In July, 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, Health and Welfare Benefit Plans: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I is not applicable to the Plan. Part II eliminates requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information of fair value measurements shall be provided by general type of Plan assets. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retroactively. Management has adopted Part II for the year ended December 31, 2016.

The adoption of these ASUs resulted in changes to the disclosures in the notes to the financial statements, but did not affect any of the amounts in the statement of net assets available-for-benefits. Management believes that the new accounting standards reduce the complexity of the plan accounting while maintaining the usefulness of the information provided to users of the financial statements.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	--

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There were no level 2 or level 3 inputs available to this plan.

C. Fair Value Measurements (cont'd.)

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market funds: Valued based on quoted net asset values of the shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016 and 2015.

Assets at Fair Value as of December 31, 2016

DECEMBER 31, 2016 AND 2015

D. Related Party Transactions

During 2016 and 2015, the plan sponsor provided administration and covered the operating expenses of the plan. Expenses in 2016 and 2015 paid by the sponsor for the plan totaled \$10,000 and \$9,500, respectively.

MG Trust Company was the Plan custodian from January 1, 2015 through August 16, 2015 and Ascensus was the custodian from August 17, 2015 through December 31, 2016. Fees paid by the plan for investment management services amounted to \$38,302 and \$32,644 for the years ended December 31, 2016 and December 31, 2015, respectively.

All of these related party transactions are exempt from the prohibited transaction rules of ERISA.

E. Plan Termination

Although it has expressed no intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

F. Information Prepared and Certified by Custodian

The following information included in the accompanying financial statement and supplemental schedules was obtained from data that has been prepared and certified as to complete and accurate by the custodian. All are participant directed.

TELENETWORK PARTNERS, LTD. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

F. Information Prepared and Certified by Trustee (cont'd.)

During 2016 and 2015, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value by \$343,625 and \$(152,487), respectively. The dividends and interest earned on the investments was \$84,427 and \$64,993 for the years ended December 31, 2016 and December 31, 2015, respectively.

G. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 2, 2012, that the plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator and the plan's tax counsel believe the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administration believes the Plan is no longer subject to income tax examinations for years prior to 2013.

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that such changes in the values of investment securities will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.
