Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description

The following description of the Ansaldo STS USA Retirement/Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Ansaldo STS USA, Inc. (the Company) who become eligible to participate upon their date of hire. The Company is a wholly-owned subsidiary of Ansaldo STS S.p.A., an Italian corporation. The Plan is sponsored and administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is a defined contribution plan sponsored by Prudential Insurance Company of America (PICA). Prudential Retirement Insurance and Annuity Company (PRIAC) is the third-party administrator and custodian for specific investments of the Plan.

PRIAC, as the custodian of the Plan's pooled separate accounts and guaranteed income fund, is responsible for executing investment transactions and making distributions to participants according to the Plan's provisions. PRIAC also provides recordkeeping and reporting services for the Plan.

Prudential Bank & Trust, FSB (Prudential) is the trustee of the Plan and maintains the Plan's mutual fund investments, self-directed brokerage accounts and participant loans receivable.

Contributions

Participants' elective deferral contributions are based on a percentage of their annual compensation. A participant may defer from 1% to not more than 75% of eligible compensation. The elective deferrals are subject to the maximum dollar amount under the Internal Revenue Code (IRC). In addition, a participant may also "opt-in" to elect to have an automatic 1% annual deferral escalation feature apply that is limited to a maximum of 12% of eligible compensation.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan also permits catch-up contributions, Roth elective deferrals and rollover contributions from other qualified plans.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

The Company makes three types of contributions to the Plan: 1) basic contributions of 2% of the participant's annual compensation; 2) matching contributions equal to 100% of the first \$250 contributed by the participant and 50% of the remaining participant contributions, up to 6% of the participant's annual compensation; and 3) contributions at the discretion of the Company. There were no discretionary Company contributions in 2016 or 2015.

Investment Options

Contributions to the Plan are invested, at the direction of the participants, in a variety of investment options (see Note 3). Participants determine the amount to be invested and may make changes in their investment elections at any time.

Participant Accounts

The plan's third party administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary contribution and with an allocation of the Company's contributions and plan earnings and expenses (see Note 9). Allocations of the Company's contributions are based on employee contributions or compensation, as applicable. Allocations of plan earnings and expenses are based on the investment income of the elected investment funds. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and actual earnings thereon. Vesting in the employer contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 25% per year beginning after 2 years of service and are 100% vested after 5 years of service.

Forfeitures

The unvested portion of the account balance of a participant who leaves the Company is forfeited. If the participant is re-employed by the Company within a five-year period and repays the full amount of his or her distribution, the amount forfeited is reinstated and the participant continues normal vesting. Forfeited nonvested amounts may be used to reduce employer contributions to the Plan. Forfeitures reduced employer contributions by approximately \$241,000 in 2016 and 2015. The balance remaining in the forfeiture account at December 31, 2016 and 2015 was approximately \$9,000 and \$11,000 respectively.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

Benefits

Terminated or retired plan participants with vested account balances of less than \$1,000 automatically receive a lump-sum distribution. Terminated or retired plan participants with vested account balances equal to or greater than the applicable automatic distribution amount may elect to receive either a lump-sum benefit payment equal to the value of their account or annual benefit payment installments. During active employment, participants may withdraw their contributions for financial hardship upon approval by the Retirement Committee. Participants who are at least 59½ years old may also make in-service withdrawals of all contributions in their account.

Participant Loans Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance, reduced by the participants' highest outstanding loan balance during the prior 12 months. The minimum amount that participants may borrow is \$1,000. Loan repayment terms may not exceed 60 months unless the loan is granted for the purpose of acquiring the principal residence of the participant. In that case, repayment is required over a reasonable period of time, not to exceed 180 months. Interest on loans is charged at a commercially acceptable rate as published by the custodian on a monthly basis. Interest rates range from 4.25% to 6.25%. Participant loans are valued at their outstanding balances, which approximate fair value.

Plan Expenses

Certain administrative expenses of the Plan are paid directly by the Company. To the extent the Company does not pay Plan expenses, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan. The Plan will assess against an individual participant's account the applicable fees which are attributable to a particular participant based on the use of a selected Plan feature.

In addition, the Company entered into an Administrative Services Agreement (the Agreement) with PRIAC. This agreement includes a revenue-sharing arrangement whereby PRIAC shares revenue generated by the Plan in excess of their fee. Deposits relating to the revenue-sharing arrangement are invested in the guaranteed income fund, and are used to pay other Plan expenses with any remaining amounts reallocated to participants (see Note 6).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial termination, participants become 100% vested in their accounts.

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

Transfers In

The Plan was amended to allow direct rollovers of participant loan balances from a qualified plan for certain employees rehired by the plan sponsor. During the year ended December 31, 2016, loan balances totaling \$79,922 were transferred into the Plan (see Note 8).

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Changes in the fair value of investments between years are included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented. The Plan has adopted this ASU in the current year and as such, these financial statements have revised disclosures to reflect this adoption.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

2. Summary of Significant Accounting Policies (cont.)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net asset available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. The Plan has adopted this ASU in the current year and as such, these financial statements have revised disclosures to reflect this adoption.

Payment of Benefits

Benefits to participants are recorded when paid.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements December 31, 2016 and 2015

2. Summary of Significant Accounting Policies (cont.)

Related Party Transactions

Plan investments consist of shares of mutual funds and self-directed brokerage accounts, which are held by Prudential, the trustee, and pooled separate accounts and a guaranteed interest account, which are held by PRIAC, the custodian of the Plan.

3. Investments Certified by the Plan's Custodian and Trustee

The assets of the Plan are managed in accordance with a custodial agreement with Prudential. The Plan's participants direct all investments, including investments into self-directed brokerage accounts. The self-directed brokerage account invests in a variety of investments including corporate stock-common, mutual funds, interest bearing cash, partnership/joint venture interests, and corporate debt instruments.

There are no non-participant directed investments as of December 31, 2016 and 2015.

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian and trustee have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. The following table presents the fair value of Plan assets.

5. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices of securities in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly,

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Mutual Funds and Self-Directed Brokerage Accounts

Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds and the self-directed brokerage accounts traded on national securities exchanges are valued at the net asset value and/or prices per share as of December 31, 2016 and 2015.

Pooled Separate Accounts

Pooled separate accounts represent investments with various investment managers. Units held in the accounts are valued at their unit value, as a practical expedient, which is based upon the net asset value of the underlying fair value of the securities at year end as determined by the issuer as of December 31, 2016 and 2015.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

5. Fair Value Measurements (cont.)

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2016 and 2015. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Fund had no material financial liabilities as of December 31, 2016 and 2015.

Investment Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,377,968	\$ -	\$ -	\$ 68,377,968

Pooled separate accounts *	-	-	-	39,638,946
Total investments, at fair value	\$ 71,227,734	\$ -	\$ -	\$ 110,866,680

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total

Self-directed brokerage accounts	3,121,033	-	-	3,121,033
Pooled separate accounts *	-	-	-	1,363,845
Total investments, at fair value	\$ 106,376,084	\$ -	\$ -	\$ 107,739,929

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Participants have no restrictions or redemption period requirements. There are no unfunded commitments relating to the pooled separate accounts.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

5. Fair Value Measurements (cont.)

The availability of observable market data is monitored by management to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

6. Guaranteed Income Fund

The Plan has a guaranteed income account with PRIAC which is considered to be fully benefit responsive. PRIAC maintains the participant contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income account is obligated to repay the principal and interest and a specified interest rate that is guaranteed to the Plan. The guaranteed income fund is included in the financial statements at contract value, which is \$33,233,466 and \$29,096,597 as of December 31, 2016 and 2015, respectively.

Participants may direct withdrawal or transfers of all or a portion of their account balance at contract value within reasonable time frames. Generally, there are no events that could limit the ability of the Plan to transact at contract value if paid within a certain time. In addition, there are no events that allow the issuer to terminate the contract or require the plan sponsor to settle at an amount different than contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Activity reflected in the guaranteed income fund for the years ended December 31, 2016 and 2015 include revenue-sharing deposits from the custodian and trustee of \$160,147 and \$160,603, respectively. Transfers out for the years ended December 31, 2016 and 2015 include assets sold to pay direct fees of \$161,591 and \$160,603.

7. Terminated Participants

When participants terminate employment with the Plan sponsor, they may choose to leave their investments in the Plan, as long as their balance is greater than \$1,000. As of December 31, 2016 and 2015, there were 338 and 348 terminated participants, respectively, who had not withdrawn account balances totaling \$31,979,539 and \$32,050,270.

8. Tax Status

The Plan is a non-standardized prototype plan of PICA. The Plan obtained its latest opinion letter on April 29, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. In June 2016, the Plan was amended to allow direct rollovers of participant loan balances from a qualified plan for certain employees rehired by the plan sponsor.

Notes to Financial Statements December 31, 2016 and 2015

8. Tax Status (cont.)

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the relevant taxing authority. The tax positions taken include the Plan status as a qualified plan. Management believes that the Plan is operating in a manner that does not jeopardize its tax status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-In-Interest Transactions

Certain plan investments are managed by PRIAC and Prudential, the custodian and trustee of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodial and recordkeeping services, including participant loan administration, were \$9,869 and \$7,956 for the years ended December 31, 2016 and 2015, respectively.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

Certain contributions receivable are recorded at different amounts on Schedule H of Form 5500, when compared to the financial statement amounts, which were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2016 and 2015 to Schedule H of Form 5500:

<i>December 31</i>	2016	2015

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description

The following description of the Ansaldo STS USA Retirement/Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Ansaldo STS USA, Inc. (the Company) who become eligible to participate upon their date of hire. The Company is a wholly-owned subsidiary of Ansaldo STS S.p.A., an Italian corporation. The Plan is sponsored and administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is a defined contribution plan sponsored by Prudential Insurance Company of America (PICA). Prudential Retirement Insurance and Annuity Company (PRIAC) is the third-party administrator and custodian for specific investments of the Plan.

PRIAC, as the custodian of the Plan's pooled separate accounts and guaranteed income fund, is responsible for executing investment transactions and making distributions to participants according to the Plan's provisions. PRIAC also provides recordkeeping and reporting services for the Plan.

Prudential Bank & Trust, FSB (Prudential) is the trustee of the Plan and maintains the Plan's mutual fund investments, self-directed brokerage accounts and participant loans receivable.

Contributions

Participants' elective deferral contributions are based on a percentage of their annual compensation. A participant may defer from 1% to not more than 75% of eligible compensation. The elective deferrals are subject to the maximum dollar amount under the Internal Revenue Code (IRC). In addition, a participant may also "opt-in" to elect to have an automatic 1% annual deferral escalation feature apply that is limited to a maximum of 12% of eligible compensation.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan also permits catch-up contributions, Roth elective deferrals and rollover contributions from other qualified plans.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

The Company makes three types of contributions to the Plan: 1) basic contributions of 2% of the participant's annual compensation; 2) matching contributions equal to 100% of the first \$250 contributed by the participant and 50% of the remaining participant contributions, up to 6% of the participant's annual compensation; and 3) contributions at the discretion of the Company. There were no discretionary Company contributions in 2016 or 2015.

Investment Options

Contributions to the Plan are invested, at the direction of the participants, in a variety of investment options (see Note 3). Participants determine the amount to be invested and may make changes in their investment elections at any time.

Participant Accounts

The plan's third party administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary contribution and with an allocation of the Company's contributions and plan earnings and expenses (see Note 9). Allocations of the Company's contributions are based on employee contributions or compensation, as applicable. Allocations of plan earnings and expenses are based on the investment income of the elected investment funds. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and actual earnings thereon. Vesting in the employer contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 25% per year beginning after 2 years of service and are 100% vested after 5 years of service.

Forfeitures

The unvested portion of the account balance of a participant who leaves the Company is forfeited. If the participant is re-employed by the Company within a five-year period and repays the full amount of his or her distribution, the amount forfeited is reinstated and the participant continues normal vesting. Forfeited nonvested amounts may be used to reduce employer contributions to the Plan. Forfeitures reduced employer contributions by approximately \$241,000 in 2016 and 2015. The balance remaining in the forfeiture account at December 31, 2016 and 2015 was approximately \$9,000 and \$11,000 respectively.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

Benefits

Terminated or retired plan participants with vested account balances of less than \$1,000 automatically receive a lump-sum distribution. Terminated or retired plan participants with vested account balances equal to or greater than the applicable automatic distribution amount may elect to receive either a lump-sum benefit payment equal to the value of their account or annual benefit payment installments. During active employment, participants may withdraw their contributions for financial hardship upon approval by the Retirement Committee. Participants who are at least 59½ years old may also make in-service withdrawals of all contributions in their account.

Participant Loans Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance, reduced by the participants' highest outstanding loan balance during the prior 12 months. The minimum amount that participants may borrow is \$1,000. Loan repayment terms may not exceed 60 months unless the loan is granted for the purpose of acquiring the principal residence of the participant. In that case, repayment is required over a reasonable period of time, not to exceed 180 months. Interest on loans is charged at a commercially acceptable rate as published by the custodian on a monthly basis. Interest rates range from 4.25% to 6.25%. Participant loans are valued at their outstanding balances, which approximate fair value.

Plan Expenses

Certain administrative expenses of the Plan are paid directly by the Company. To the extent the Company does not pay Plan expenses, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan. The Plan will assess against an individual participant's account the applicable fees which are attributable to a particular participant based on the use of a selected Plan feature.

In addition, the Company entered into an Administrative Services Agreement (the Agreement) with PRIAC. This agreement includes a revenue-sharing arrangement whereby PRIAC shares revenue generated by the Plan in excess of their fee. Deposits relating to the revenue-sharing arrangement are invested in the guaranteed income fund, and are used to pay other Plan expenses with any remaining amounts reallocated to participants (see Note 6).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial termination, participants become 100% vested in their accounts.

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

Transfers In

The Plan was amended to allow direct rollovers of participant loan balances from a qualified plan for certain employees rehired by the plan sponsor. During the year ended December 31, 2016, loan balances totaling \$79,922 were transferred into the Plan (see Note 8).

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Changes in the fair value of investments between years are included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented. The Plan has adopted this ASU in the current year and as such, these financial statements have revised disclosures to reflect this adoption.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

2. Summary of Significant Accounting Policies (cont.)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net asset available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. The Plan has adopted this ASU in the current year and as such, these financial statements have revised disclosures to reflect this adoption.

Payment of Benefits

Benefits to participants are recorded when paid.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

2. Summary of Significant Accounting Policies (cont.)

Related Party Transactions

Plan investments consist of shares of mutual funds and self-directed brokerage accounts, which are held by Prudential, the trustee, and pooled separate accounts and a guaranteed interest account, which are held by PRIAC, the custodian of the Plan.

3. Investments Certified by the Plan's Custodian and Trustee

The assets of the Plan are managed in accordance with a custodial agreement with Prudential. The Plan's participants direct all investments, including investments into self-directed brokerage accounts. The self-directed brokerage account invests in a variety of investments including corporate stock-common, mutual funds, interest bearing cash, partnership/joint venture interests, and corporate debt instruments.

There are no non-participant directed investments as of December 31, 2016 and 2015.

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian and trustee have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. The following table presents the fair value of Plan assets.

5. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices of securities in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly,

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Mutual Funds and Self-Directed Brokerage Accounts

Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds and the self-directed brokerage accounts traded on national securities exchanges are valued at the net asset value and/or prices per share as of December 31, 2016 and 2015.

Pooled Separate Accounts

Pooled separate accounts represent investments with various investment managers. Units held in the accounts are valued at their unit value, as a practical expedient, which is based upon the net asset value of the underlying fair value of the securities at year end as determined by the issuer as of December 31, 2016 and 2015.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

5. Fair Value Measurements (cont.)

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2016 and 2015. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Fund had no material financial liabilities as of December 31, 2016 and 2015.

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Participants have no restrictions or redemption period requirements. There are no unfunded commitments relating to the pooled separate accounts.

Notes to Financial Statements December 31, 2016 and 2015

5. Fair Value Measurements (cont.)

The availability of observable market data is monitored by management to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

6. Guaranteed Income Fund

The Plan has a guaranteed income account with PRIAC which is considered to be fully benefit responsive. PRIAC maintains the participant contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income account is obligated to repay the principal and interest and a specified interest rate that is guaranteed to the Plan. The guaranteed income fund is included in the financial statements at contract value, which is \$33,233,466 and \$29,096,597 as of December 31, 2016 and 2015, respectively.

Participants may direct withdrawal or transfers of all or a portion of their account balance at contract value within reasonable time frames. Generally, there are no events that could limit the ability of the Plan to transact at contract value if paid within a certain time. In addition, there are no events that allow the issuer to terminate the contract or require the plan sponsor to settle at an amount different than contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Activity reflected in the guaranteed income fund for the years ended December 31, 2016 and 2015 include revenue-sharing deposits from the custodian and trustee of \$160,147 and \$160,603, respectively. Transfers out for the years ended December 31, 2016 and 2015 include assets sold to pay direct fees of \$161,591 and \$160,603.

7. Terminated Participants

When participants terminate employment with the Plan sponsor, they may choose to leave their investments in the Plan, as long as their balance is greater than \$1,000. As of December 31, 2016 and 2015, there were 338 and 348 terminated participants, respectively, who had not withdrawn account balances totaling \$31,979,539 and \$32,050,270.

8. Tax Status

The Plan is a non-standardized prototype plan of PICA. The Plan obtained its latest opinion letter on April 29, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. In June 2016, the Plan was amended to allow direct rollovers of participant loan balances from a qualified plan for certain employees rehired by the plan sponsor.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

8. Tax Status (cont.)

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the relevant taxing authority. The tax positions taken include the Plan status as a qualified plan. Management believes that the Plan is operating in a manner that does not jeopardize its tax status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-In-Interest Transactions

Certain plan investments are managed by PRIAC and Prudential, the custodian and trustee of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodial and recordkeeping services, including participant loan administration, were \$9,869 and \$7,956 for the years ended December 31, 2016 and 2015, respectively.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

Certain contributions receivable are recorded at different amounts on Schedule H of Form 5500, when compared to the financial statement amounts, which were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2016 and 2015 to Schedule H of Form 5500:

<i>December 31</i>	2016	2015

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description

The following description of the Ansaldo STS USA Retirement/Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering substantially all employees of Ansaldo STS USA, Inc. (the Company) who become eligible to participate upon their date of hire. The Company is a wholly-owned subsidiary of Ansaldo STS S.p.A., an Italian corporation. The Plan is sponsored and administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is a defined contribution plan sponsored by Prudential Insurance Company of America (PICA). Prudential Retirement Insurance and Annuity Company (PRIAC) is the third-party administrator and custodian for specific investments of the Plan.

PRIAC, as the custodian of the Plan's pooled separate accounts and guaranteed income fund, is responsible for executing investment transactions and making distributions to participants according to the Plan's provisions. PRIAC also provides recordkeeping and reporting services for the Plan.

Prudential Bank & Trust, FSB (Prudential) is the trustee of the Plan and maintains the Plan's mutual fund investments, self-directed brokerage accounts and participant loans receivable.

Contributions

Participants' elective deferral contributions are based on a percentage of their annual compensation. A participant may defer from 1% to not more than 75% of eligible compensation. The elective deferrals are subject to the maximum dollar amount under the Internal Revenue Code (IRC). In addition, a participant may also "opt-in" to elect to have an automatic 1% annual deferral escalation feature apply that is limited to a maximum of 12% of eligible compensation.

Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan also permits catch-up contributions, Roth elective deferrals and rollover contributions from other qualified plans.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

The Company makes three types of contributions to the Plan: 1) basic contributions of 2% of the participant's annual compensation; 2) matching contributions equal to 100% of the first \$250 contributed by the participant and 50% of the remaining participant contributions, up to 6% of the participant's annual compensation; and 3) contributions at the discretion of the Company. There were no discretionary Company contributions in 2016 or 2015.

Investment Options

Contributions to the Plan are invested, at the direction of the participants, in a variety of investment options (see Note 3). Participants determine the amount to be invested and may make changes in their investment elections at any time.

Participant Accounts

The plan's third party administrator maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary contribution and with an allocation of the Company's contributions and plan earnings and expenses (see Note 9). Allocations of the Company's contributions are based on employee contributions or compensation, as applicable. Allocations of plan earnings and expenses are based on the investment income of the elected investment funds. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and actual earnings thereon. Vesting in the employer contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 25% per year beginning after 2 years of service and are 100% vested after 5 years of service.

Forfeitures

The unvested portion of the account balance of a participant who leaves the Company is forfeited. If the participant is re-employed by the Company within a five-year period and repays the full amount of his or her distribution, the amount forfeited is reinstated and the participant continues normal vesting. Forfeited nonvested amounts may be used to reduce employer contributions to the Plan. Forfeitures reduced employer contributions by approximately \$241,000 in 2016 and 2015. The balance remaining in the forfeiture account at December 31, 2016 and 2015 was approximately \$9,000 and \$11,000 respectively.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

Benefits

Terminated or retired plan participants with vested account balances of less than \$1,000 automatically receive a lump-sum distribution. Terminated or retired plan participants with vested account balances equal to or greater than the applicable automatic distribution amount may elect to receive either a lump-sum benefit payment equal to the value of their account or annual benefit payment installments. During active employment, participants may withdraw their contributions for financial hardship upon approval by the Retirement Committee. Participants who are at least 59½ years old may also make in-service withdrawals of all contributions in their account.

Participant Loans Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance, reduced by the participants' highest outstanding loan balance during the prior 12 months. The minimum amount that participants may borrow is \$1,000. Loan repayment terms may not exceed 60 months unless the loan is granted for the purpose of acquiring the principal residence of the participant. In that case, repayment is required over a reasonable period of time, not to exceed 180 months. Interest on loans is charged at a commercially acceptable rate as published by the custodian on a monthly basis. Interest rates range from 4.25% to 6.25%. Participant loans are valued at their outstanding balances, which approximate fair value.

Plan Expenses

Certain administrative expenses of the Plan are paid directly by the Company. To the extent the Company does not pay Plan expenses, the Plan generally will pay the expenses of Plan administration and will assess the expenses paid against the accounts of all participants in the Plan. The Plan will assess against an individual participant's account the applicable fees which are attributable to a particular participant based on the use of a selected Plan feature.

In addition, the Company entered into an Administrative Services Agreement (the Agreement) with PRIAC. This agreement includes a revenue-sharing arrangement whereby PRIAC shares revenue generated by the Plan in excess of their fee. Deposits relating to the revenue-sharing arrangement are invested in the guaranteed income fund, and are used to pay other Plan expenses with any remaining amounts reallocated to participants (see Note 6).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial termination, participants become 100% vested in their accounts.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

1. Plan Description (cont.)

Transfers In

The Plan was amended to allow direct rollovers of participant loan balances from a qualified plan for certain employees rehired by the plan sponsor. During the year ended December 31, 2016, loan balances totaling \$79,922 were transferred into the Plan (see Note 8).

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Changes in the fair value of investments between years are included in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented. The Plan has adopted this ASU in the current year and as such, these financial statements have revised disclosures to reflect this adoption.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

2. Summary of Significant Accounting Policies (cont.)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net asset available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. The Plan has adopted this ASU in the current year and as such, these financial statements have revised disclosures to reflect this adoption.

Payment of Benefits

Benefits to participants are recorded when paid.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Ansaldo STS USA Retirement/Savings Plan

Notes to Financial Statements December 31, 2016 and 2015

2. Summary of Significant Accounting Policies (cont.)

Related Party Transactions

Plan investments consist of shares of mutual funds and self-directed brokerage accounts, which are held by Prudential, the trustee, and pooled separate accounts and a guaranteed interest account, which are held by PRIAC, the custodian of the Plan.

3. Investments Certified by the Plan's Custodian and Trustee

The assets of the Plan are managed in accordance with a custodial agreement with Prudential. The Plan's participants direct all investments, including investments into self-directed brokerage accounts. The self-directed brokerage account invests in a variety of investments including corporate stock-common, mutual funds, interest bearing cash, partnership/joint venture interests, and corporate debt instruments.

There are no non-participant directed investments as of December 31, 2016 and 2015.

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian and trustee have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. The following table presents the fair value of Plan assets.

5. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices of securities in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly,

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Mutual Funds and Self-Directed Brokerage Accounts

Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds and the self-directed brokerage accounts traded on national securities exchanges are valued at the net asset value and/or prices per share as of December 31, 2016 and 2015.

Pooled Separate Accounts

Pooled separate accounts represent investments with various investment managers. Units held in the accounts are valued at their unit value, as a practical expedient, which is based upon the net asset value of the underlying fair value of the securities at year end as determined by the issuer as of December 31, 2016 and 2015.

5. Fair Value Measurements (cont.)

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2016 and 2015. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Fund had no material financial liabilities as of December 31, 2016 and 2015.

Investment Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 68,377,968	\$ -	\$ -	\$ 68,377,968
Self-directed brokerage accounts	2,849,766	-	-	2,849,766
Pooled separate accounts *	-	-	-	39,638,946
Total investments, at fair value	\$ 71,227,734	\$ -	\$ -	\$ 110,866,680

Investment Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 103,255,051	\$ -	\$ -	\$ 103,255,051
Self-directed brokerage accounts	3,121,033	-	-	3,121,033
Pooled separate accounts *	-	-	-	1,363,845
Total investments, at fair value	\$ 106,376,084	\$ -	\$ -	\$ 107,739,929

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Participants have no restrictions or redemption period requirements. There are no unfunded commitments relating to the pooled separate accounts.

5. Fair Value Measurements (cont.)

The availability of observable market data is monitored by management to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

6. Guaranteed Income Fund

The Plan has a guaranteed income account with PRIAC which is considered to be fully benefit responsive. PRIAC maintains the participant contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed income account is obligated to repay the principal and interest and a specified interest rate that is guaranteed to the Plan. The guaranteed income fund is included in the financial statements at contract value, which is \$33,233,466 and \$29,096,597 as of December 31, 2016 and 2015, respectively.

Participants may direct withdrawal or transfers of all or a portion of their account balance at contract value within reasonable time frames. Generally, there are no events that could limit the ability of the Plan to transact at contract value if paid within a certain time. In addition, there are no events that allow the issuer to terminate the contract or require the plan sponsor to settle at an amount different than contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Activity reflected in the guaranteed income fund for the years ended December 31, 2016 and 2015 include revenue-sharing deposits from the custodian and trustee of \$160,147 and \$160,603, respectively. Transfers out for the years ended December 31, 2016 and 2015 include assets sold to pay direct fees of \$161,591 and \$160,603.

7. Terminated Participants

When participants terminate employment with the Plan sponsor, they may choose to leave their investments in the Plan, as long as their balance is greater than \$1,000. As of December 31, 2016 and 2015, there were 338 and 348 terminated participants, respectively, who had not withdrawn account balances totaling \$31,979,539 and \$32,050,270.

8. Tax Status

The Plan is a non-standardized prototype plan of PICA. The Plan obtained its latest opinion letter on April 29, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. In June 2016, the Plan was amended to allow direct rollovers of participant loan balances from a qualified plan for certain employees rehired by the plan sponsor.

8. Tax Status (cont.)

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the relevant taxing authority. The tax positions taken include the Plan status as a qualified plan. Management believes that the Plan is operating in a manner that does not jeopardize its tax status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-In-Interest Transactions

Certain plan investments are managed by PRIAC and Prudential, the custodian and trustee of the Plan; therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for custodial and recordkeeping services, including participant loan administration, were \$9,869 and \$7,956 for the years ended December 31, 2016 and 2015, respectively.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

Certain contributions receivable are recorded at different amounts on Schedule H of Form 5500, when compared to the financial statement amounts, which were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The following is a reconciliation of net assets available for plan benefits per the financial statements as of December 31, 2016 and 2015 to Schedule H of Form 5500:

<i>December 31</i>	2016	2015
