DYSTAR L.P. EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

1. GENERAL DESCRIPTION OF PLAN

The following description of the DyStar L.P. Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a profit-sharing plan with a 401(k) savings option covering all employees of Dystar L.P. (the “Sponsor”) who have completed 3 months of eligible service. The Plan was established on January 1, 2000, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) and the Internal Revenue Code (the “IRC”). As discussed in Note 9, effective December 1, 2016, the Plan document was restated to add DyStar Carolina Chemical Corp, DyStar Foam Control Corp., and DyStar Hilton Davis Corp as participating employers in the Plan.

Contributions

Each participant may contribute on a pre-tax or after-tax basis any percentage of his or her compensation, as defined by the Plan, subject to IRC limitations. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans.

Employees who do not elect otherwise will be automatically enrolled to contribute 5% of their compensation to the Plan. This deferral percentage is then automatically increased each year by 1% up to a maximum of 10%.

The Sponsor makes safe harbor matching contributions on behalf of each participant in an amount equal to the participant’s deferral contributions, up to a maximum of 5% of the participant’s compensation, as defined. The Sponsor, at its sole discretion, may also make profit-sharing contributions to the Plan annually on behalf of participants. Profit-sharing contributions are allocated amongst participants based upon the ratio that the participant’s compensation for the Plan year bears to the total compensation for the Plan year of all participants. No discretionary profit-sharing contributions were made for 2016 or 2015.

Participant accounts

Each participant’s account is credited with (a) the participant’s contributions, (b) the Sponsor’s contributions on behalf of the participant and (c) the earnings and losses of the participant’s investments, and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately fully vested in the entire balance of their accounts.

Investment options

The Plan’s assets are held by The Ascensus Trust Company (the “Custodian”), the custodian of the Plan’s assets. Under these arrangements with the Custodian and upon enrollment in the Plan, participants may direct all contributions in any whole percentage increments to any of the available funds. Participants may change their allocation among the various investment options at any time.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. Each participant is permitted to have a maximum of two loans outstanding at any time. The maximum term of repayment for a loan, other than those utilized to purchase a primary residence, is five years. The maximum term of repayment for a loan utilized to

purchase a primary residence may be longer than five years, as determined by the Plan administrator. Interest rates ranged from 4.25% to 5.25% on loans outstanding as of December 31, 2016 and 2015.

Administrative expenses

Administration fees related to participant loan and distribution fees are paid from Plan assets and charged to the accounts of participants who initiate the transactions. Investment consulting fees are also paid by the Plan, and are allocated to participants based on the percentage of their account balance to the Plan's total assets available for benefits.

Payment of benefits

Upon termination of service or for reasons of death, disability or attainment of retirement age, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account or elect to have his or her account balance transferred to an Individual Retirement Account ("IRA") or to another qualified employer plan. In the event that a participant terminates employment with the Sponsor and has a vested account balance of \$1,000 or less, the participant will receive an automatic distribution of those funds. A participant still employed with the Sponsor may also request a withdrawal from his or her account balance based upon attainment of age 59 1/2 or for reasons of financial hardship as defined under the IRC. In the event a hardship withdrawal is made, a participant is suspended from making salary deferral contributions to the Plan for a period of six months.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Change in accounting principles

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I is not applicable to the plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be retrospectively applied. In 2015 management elected to early adopt Part II.

In May 2015, the FASB issued ASU No. 2015-07 which removes the requirement to categorize investments for which fair value is measured using NAV as a practical expedient in the fair value hierarchy. Although the investment is not categorized within the fair value hierarchy, entities are required to provide the amount measured using the NAV (or its equivalent) practical expedient to permit reconciliation of the fair value of investments included in the fair value hierarchy to total investments measured at fair value on the statement of net assets available for benefits. The ASU is to be applied retrospectively and is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. In 2015 management elected to early adopt ASU No. 2015-07.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based upon the Plan's provisions.

Subsequent events

The Sponsor has evaluated subsequent events through September 27, 2017, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus, Inc. (the "Agent") as agent for the Custodian, except for comparing such information certified by the Agent to information included in the Plan's financial statements and supplemental schedule.

The following information included in the Plan's financial statements was prepared and certified to be complete and accurate by the Agent as of December 31, 2016 and 2015, and for the years then ended:

	2016	2015
Investments:		
Mutual funds	\$ 17,288,463	\$ 15,666,684
Collective trust	1,014,936	928,363
	<u>\$ 18,303,399</u>	<u>\$ 16,595,047</u>
Investment income (loss)		
Net appreciation (depreciation) in fair value of investments	\$ 955,733	\$ (435,430)
Dividends	323,137	321,389
	<u>\$ 1,278,870</u>	<u>\$ (114,041)</u>

4. RELATED-PARTY TRANSACTIONS

The Sponsor pays certain administrative costs on behalf of the Plan. The Sponsor also provides recordkeeping and administrative services to the Plan at no cost.

5. PLAN TERMINATION

Although it has expressed no intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In such event, participants or their beneficiaries would receive the balances of their participant accounts under the terms of the Plan document.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2016 and 2015.

- Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Collective trust: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016, and 2015:

Investments at fair value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Assets in fair value hierarchy				
Mutual funds:	\$ 17,288,463	\$ -	\$ -	\$ 17,288,463
Investments measured using NAV as a practical expedient				1,014,936
Total investments at fair value				\$ 18,303,399

Investments at fair value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Assets in fair value hierarchy				
Mutual funds:	\$ 15,666,684	\$ -	\$ -	\$ 15,666,684
Investments measured using NAV as a practical expedient				928,363
Total investments at fair value				\$ 16,595,047

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. TAX STATUS

The Plan uses a prototype plan document sponsored by Ascensus, Inc., who was informed by the Internal Revenue Service ("IRS") by a letter dated March 31, 2014, that the prototype plan, as amended, is designed in accordance with the applicable sections of the IRC. Though the Plan has not received a determination from the IRS, the Sponsor believes that the Plan is designed and is being operated in accordance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2013.

9. PLAN AMENDMENTS

During 2016 the Sponsor acquired three entities and the Plan document was amended as of December 1, 2016 to allow employees time in service with these entities to count towards the service requirements of the Plan. Effective December 1, 2016, the Plan document was also restated to add DyStar Carolina Chemical Corp, DyStar Foam Control Corp., and DyStar Hilton Davis Corp as participating employers in the Plan.

Effective January 1, 2016, the plan document was amended to change the definition of compensation to Section 3401(a) compensation. Also, fringe benefits and deferred compensation were excluded from the definition of compensation.

Effective January 1, 2015, the plan document was amended to permit participants to make after-tax “Roth” contributions to the Plan. Additionally, beginning January 1, 2015, participants will only be allowed to request loans from the portion of their account related to pre-tax employee contributions and earnings thereon.
