Report on the Financial Statements

We were engaged to audit the accompanying financial statements of ICON Clinical Research, LLC 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 of the financial statements, the Plan adopted new accounting guidance in 2016 related to presentation of fair value of certain investments and disclosure of investments. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting.

Other Matter

The supplemental Schedule H, Line 4a – *Schedule of Delinquent Participant Contributions* and Schedule H, Line 4i – *Schedule of Assets (Held at End of Year)* as of or for the year ended December 31, 2016 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

ICON CLINICAL RESEARCH, LLC 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(1) Description of Plan

The following description of the ICON Clinical Research, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan covering substantially all full-time employees of ICON Clinical Research, LLC (the Company) from the date of hire, except employees covered by a collective bargaining agreement, leased employees as defined by the Plan, or nonresident aliens who do not receive any earned income from the Company. There are no minimum service or age requirements required by the Plan document. Participants who elect to contribute are immediately eligible to contribute to the plan and are eligible to receive employer matching contributions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401(k) Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute a percentage (up to 75%) of eligible compensation, as defined, up to the annual limit established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For the 2016 plan year, eligible participants were entitled to receive Company matching contributions equal to 100% of the first 3% of contributions and 50% of the next 3% of contributions, as follows:

Employee Contribution Percentage	Employer Match (% of Eligible Compensation)
1.0%	1.0%
2.0%	2.0%
3.0%	3.0%
4.0%	3.5%
5.0%	4.0%
6.0% or more	4.5%

ICON CLINICAL RESEARCH, LLC 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(1) Description of Plan, Continued

Contributions, Continued

The Plan includes an automatic deferral provision, whereby 3% of new participants' compensation will be deferred unless the participants make a contrary election.

In addition, the Company may elect to make a profit-sharing contribution to the Plan. There was no such contribution for 2016.

Participants' Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their pre-tax contributions, the Company's safe-harbor matching contributions and the Company's additional matching contribution plus actual earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or longer if the proceeds are used for the purchase of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local borrowing rates as determined by the plan administrator (typically, the prime rate plus 1%). Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

Upon termination of service, a participant will be entitled to receive a benefit equal to the total value of vested benefits in the participant's account. The benefit will automatically be payable in the form of a lump-sum payment. Under the Plan, participants are not subject to federal income tax on the contributions and investment income credited to their accounts until such amounts are withdrawn pursuant to Section 401(a) of the Internal Revenue Code (IRC). Withdrawals (including withdrawals by participants separated from the service of the Company for any reason) that are not rolled over into another qualified plan may be subject to federal income taxes.

(1) Description of Plan, Continued

Forfeitures

Upon termination from the Company, participants will forfeit any nonvested portion of their account balance as of the termination date. Forfeitures may be used first to reduce administrative expenses of the Plan and any remaining amount will be used to reduce future employer matching contributions. At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$1 and \$177,230, respectively. During 2016, forfeitures in the amount of \$194,625 were used to reduce employer contributions.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

(2) Summary of Significant Accounting Policies, Continued

Expenses

Administrative expenses charged for investment management, recordkeeping and audit services are deducted directly from each participant's plan account. Other administrative expenses are paid by the Company, including insurance premiums and external legal services. In addition, the Company provides internal accounting and administrative services at no cost to the Plan. Fees related to the administration of notes receivable from participants are charged directly to participants' accounts and are included in administrative expenses. The Plan has a revenue sharing arrangement with the record keeper and established a plan level account (ERISA account) that captures excess income collected by the record keeper that can be used to pay eligible plan expenses or can be allocated to participants. At December 31, 2016 and 2015, the ERISA account totaled \$171,088 and \$113,470, respectively. During 2016, Plan expenses aggregating \$177,217 were paid from this account.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to categorize, within the fair value hierarchy (Note 4), all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The Plan adopted ASU 2015-07 for the 2016 plan year and the update was retrospectively applied to December 31, 2015.

(2) Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncements, Continued

In July 2015, the FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient*. ASU 2015-12 simplifies the accounting and reporting for employee benefit plans, by among other matters:

- designating contract value as the only required measure for fully benefit-responsive investment contracts;
- requiring that participant-directed and nonparticipant-directed investments of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways;
- removing the requirement to disclose investments that represent 5 percent or more of net assets available for benefits;
- eliminating the requirement to disclose the investment strategy for investments measured using the NAV per share (or its equivalent) if that investment is in a fund that files a Form 5500, as a direct filing entity;
- permitting the fair value measurement note to be presented by only general type.

ASU 2015-12 is effective for plans with years beginning after December 15, 2015. The amendments in Parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan adopted ASU 2015-12 in 2016, with the prior period retrospectively adjusted. The adoption of ASU 2015-12 had no effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through August 23, 2017, the date the financial statements were available to be issued.

ICON CLINICAL RESEARCH, LLC 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(3) Financial Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule. The trustee certified the following as complete and accurate:

- The investments at fair value at December 31, 2016 and 2015.
- Notes receivable from participants at December 31, 2016 and 2015.
- Net appreciation in fair value of investments for the year ended December 31, 2016.
- Interest and dividends for the year ended December 31, 2016.
- Interest income on notes receivable from participants for the year ended December 31, 2016.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

(4) Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;

Continued...

ICON CLINICAL RESEARCH, LLC 401(k) PLAN

Notes to Financial Statements December 31, 2016 and 2015

(4) Fair Value Measurements, Continued

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of a common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2016

(a) In accordance with ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2016 and 2015.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

(6) Tax Status

The Plan uses a prototype document sponsored by Transamerica Retirement Solutions Corporation (Transamerica). The IRS has determined and informed Transamerica by a letter dated March 31, 2014, that the prototype plan and related trust are designed in accordance with applicable provisions of the IRC and, is therefore, exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Nonexempt Transactions

During 2016 and 2015, employee contributions in the amount of \$3,669 and \$79,724, respectively, were withheld from participants' pay, but were not remitted to the Plan's trust within the time frame required by the DOL under the plan asset rules. Delinquent employee contributions in the amount of \$70,264 were remitted to the Plan's trust in 2016, along with the computed lost earnings. The remaining delinquent contributions in the amount of \$13,174 are expected to be remitted to the Plan's trust in 2017, along with the computed lost earnings.

(8) Related Party Transactions and Party-In-Interest Transactions

Administrative expenses paid by the Plan for investment management, recordkeeping and audit services amounted to \$393,525 for 2016. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

(9) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
