Independent Auditor's Report

To the Trustee and Pension Plan and Benefits Committee of
Pediatric Academic Association, Inc.
Defined Contribution Plan
Columbus, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pediatric Academic Association, Inc. Defined Contribution Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years ended December 31, 2016 and 2015, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Teachers Insurance and Annuity Association College Retirement Equities Fund (TIAA-CREF), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2016 and 2015, and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental schedule Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Pediatric Academic Association, Inc. (the Association) Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2006 and is a defined contribution money purchase pension plan covering employees of the Association. Employees become eligible to enter the Plan upon the latter of their employment commencement date or when they have attained the age of 21. In addition, employees must be employed by the Association on the last day of such quarter and have been credited with Hours of Service with the Employer during such quarter at least equal to one-half (1/2) of those Hours of Service completed during such calendar quarter by an individual working in full-time employment (i.e., 40 Hours of Service per week). To the extent that a participant is credited with 1,000 hours of service in a plan year, is employed on the last day of such plan year and who otherwise would not have received a contribution for any quarter during such year, the participant will receive a contribution, at year end, for any quarter in which they did not receive a full contribution. The Plan is subject to the provisions of ERISA.

Contributions

Each quarter, the Association contributes to the Plan, ten percent of the total eligible compensation for each participant. If the Association authorizes as such, participants may contribute amounts to the Plan. During 2016 and 2015, no participant contributions were made. The Association met the minimum funding requirements of ERISA for the years ended December 31, 2016 and 2015.

A participant who is also an active employee may contribute to the Plan, as a rollover contribution or a distribution from another qualified retirement plan. During 2016 and 2015, rollover contributions totaled \$609 and \$0, respectively.

During 2016 and 2015, \$505,552 and \$512,496, respectively, were transferred into the Plan from other Pediatric Academic Association controlled retirement accounts administered by TIAA-CREF.

Participant Accounts

Each participant's account is credited with any of the Association's contribution and allocation of plan earnings. The Plan's earnings are allocated based on the participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

As of December 31, 2016 and 2015, forfeited nonvested accounts totaled \$1,073 and \$3,757, respectively. Forfeited accounts will be used to reduce future employer contributions. For the years ended December 31, 2016 and 2015, \$135,956 and \$211,949, respectively, of forfeitures were used to reduce employer contributions.

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in any individual voluntary contributions made to the Plan. Amounts contributed by the Association to participants' accounts are vested based on years of credited service. A year of credited service is earned when a participant works 1,000 hours or more in one calendar year. Years of service for vesting purposes will include all years of service with the employer including service prior to the date the Plan was first effective. The Plan utilizes a graded vesting schedule as follows:

<i>Year(s) of Service</i>	<i>Vesting Percentage</i>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 or more	100%

Payment of Benefits

At termination of service due to death, disability, or normal retirement, a participant or his or her beneficiary may receive an annuity distribution or lump-sum amount equal to 100 percent of the participant's account balance. Normal retirement age is 65, with in-service withdrawals allowable at age 70 ½. For termination of service due to other reasons, a participant will receive the value of the vested interest as a lump-sum or an annuity distribution. Benefits are recorded when paid.

Administrative Fees

All administrative expenses of maintaining the Plan are paid by the Association.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. Instead, the amounts measured using the NAV per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

statements of net assets available for benefits. Additionally, ASU 2015-07 removes the requirement to make certain disclosures (FASB Accounting Standard Codification (ASC) 820-10-50-6A) for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for nonpublic business entities for plan years beginning after December 15, 2016. The Plan has not elected to early adopt the ASU though the adoption of this guidance is not expected to have an impact on the net assets available for benefits or the changes in net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12 which updated guidance on investment valuation and presentation. This three-part update simplified current benefit plan accounting and required (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removed the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removed certain disclosure requirements relevant to individual investments that represented five percent or more of net assets available for benefits. Further, the amendments in this update eliminated the requirement to disclose the investment strategy for certain investments that are measured using NAV per share. These amendments were effective retrospectively for plan years beginning after December 15, 2015 and early adoption was permitted. This update also provided a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update was effective prospectively for plan years beginning after December 15, 2015 and early adoption was permitted. The Plan early adopted this ASU during the year ended December 31, 2015.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. See Note 3 for discussion of fair value measurements.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated events and transactions that occurred between January 1, 2017 and September 27, 2017 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements. See Note 8.

3. Fair Value Measurements

The accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 *Fair Value Measurement* are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Input to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuity contracts: The accounts invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market holdings are generally valued at amortized cost. Each Account determines its unit value each day.

Fixed annuity contracts: Valued at contract value which approximates fair value, using a guaranteed minimum interest rate between 1% and 3% plus additional interest, if declared.

Pooled separate accounts: Valued at the market value of the underlying real estate holdings or other real estate-related investments using external appraisals, which are estimates of the property values based on a professional's opinion. Any securities held in the pooled separate accounts are valued using amounts obtained from independent pricing sources.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016

4. Investment in Fully Benefit-Responsive Contract

The Plan contains a benefit-responsive investment contract with TIAA-CREF (TIAA Stable Value). TIAA-CREF maintains the contributions in a non-unitized separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The contract is included in the financial statements at contract value as reported to the Plan by TIAA-CREF. Contract value is the relevant measure for the fully benefit-responsive investment contracts because this is the amount received by participant if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan.

The contract has no stated maturity date. At December 31, 2016 and 2015, there were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was \$1,553,016 and \$1,307,187, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The contract provides a guaranteed minimum rate of interest between 1-3% before deductions for contract fees with the potential for crediting of additional interest above the guaranteed minimum.

The repayment of principal and interest credited to participants holding the investments is a financial obligation of TIAA-CREF. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of TIAA-CREF, the Stable Value investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the

Pediatric Academic Association, Inc.
Defined Contribution Plan

Notes to Financial Statements

ability of the investment to transact at contract value with TIAA-CREF and participants holding the investment is not probable.

5. Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain professional fees for the administration and audit of the Plan are paid by the Association on behalf of the Plan.

Certain plan investments are managed by TIAA-CREF. TIAA-CREF also provides certain record-keeping and accounting services for the Plan. Therefore, these investments and all transactions with them qualify as party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in employer contributions credited to their accounts.

7. Tax Status

The Plan obtained its latest determination letter on May 8, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator, trustee and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Effective, January 1, 2017, the Association has amended the timing upon which employer contributions will be contributed to eligible participant accounts.
