Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&K Services Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 5, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i—Schedule of assets (held at end of year) and Schedule H, Line 4j—Schedule of reportable transactions as of or for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G&K Services Pension Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the G&K Services Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is sponsored and administered by G&K Services, Inc. (the Company). The Plan is a defined benefit plan covering substantially all employees, except certain employees who are covered by collective bargaining union-administered plans of the Company who were eligible to participate in the Plan prior to January 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed Wells Fargo Bank, N.A. as the trustee (the Trustee) and Mercer Human Resource Consulting as the actuary (the Actuary). The Trustee is responsible for holding and investing the assets of the Plan as instructed by the Company's Retirement Committee. The Trustee is also responsible for disbursing the pension benefits as instructed by the Plan Administrator.

On August 15, 2016, the Company entered into an agreement and plan of merger with Cintas Corporation. There are no changes anticipated to the Plan as a result of this merger.

Eligibility and vesting: Prior to January 1 2007, employees of the Company who were not covered by collective bargaining union-administered plans of the Company, had been employed for more than one full year, had attained the age of 21, and had worked at least 1,000 hours per year were eligible to participate in the Plan.

Effective January 1, 2007, the Plan was amended to freeze additional accrued benefits and was closed to new participants for any period after December 31, 2006. In addition, for the purpose of computing a participant's accrued benefit, no additional services or changes in earnings after December 31, 2006, will be taken into account. However, for the purpose of determining a participant's vested interest in his or her accrued benefit, services performed by a participant for periods after December 31, 2006, shall be taken into account. Participants become fully vested upon completion of five years of vesting service, as defined by the Plan.

Retirement benefits: Normal retirement age is 65 or the fourth anniversary of participation in the Plan, whichever is later. Participants may receive benefits by electing early retirement between the ages of 60 and 65, with 30 years of service. Benefits are determined based upon years of service and final average pay, as defined. A vested participant who terminates for any reason other than retirement, permanent disability or death is entitled to a monthly vested termination benefit upon attainment of age 65 or at age 55 after five years of service. Participants receive their distributions, subject to certain Plan provisions, in the form of an annuity or, if the present value of their benefit is \$5,000 or less, in a lump-sum payment.

Effective May 1, 2016, the Company amended the Plan to provide for a voluntary, limited-time opportunity to former employees who are vested participants in the Plan to request early payment of their entire benefit in the form of a single lump-sum payment. Eligible participants who wished to receive the lump-sum payment were required to make an election between May 16, 2016, and July 31, 2016.

Disability and death benefits: The Plan does not provide for any disability pension other than retirement benefits. Beneficiaries of unmarried participants who die after age 55 will receive no death benefit, unless the participant terminated employment prior to death and was receiving retirement benefits. Spouses of married participants who die will receive 50 percent of the retirement benefits the participant would have received had the participant terminated employment the day before death.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosures of contingent assets and liabilities; and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Notes 4 and 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated Plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances—retirement, death, permanent disability and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date (see Note 6).

Funding policy: Participants are not permitted to make contributions to the Plan. The Company's funding policy is to make annual contributions to the Plan in amounts actuarially determined to be sufficient to fund the benefits provided by the Plan, to satisfy the minimum funding requirements of ERISA, and to comply with current federal income tax laws. The Plan has met the ERISA minimum funding requirements for 2016 and 2015.

Benefit distributions: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Administrative expenses of the Plan may be paid by the Company or from Plan assets.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2016 statement of net assets available for benefits.

G&K Services Pension Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 5, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted by such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified or provided by the Trustee, except for comparing such information certified or provided by the Trustee to the information included in the Plan's financial statements and supplemental schedules. The Trustee certified to the completeness and accuracy of all investment information disclosed in the accompanying financial statements and supplemental schedules, including the fair value of investments held at December 31, 2016 and 2015, and net investment results for the years then ended.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the *FASB Accounting Standards Codification* Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

G&K Services Pension Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Collective trust fund: The collective trust fund is valued at the net asset value (NAV) as reported by the investment manager at year-end based on audited financial statements. The fund's underlying assets consist of investment contracts. The NAV is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In accordance with Subtopic 820-10, the collective trust fund held by the Plan is not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because it is measured at NAV per share.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined by NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

Investment	Fair Value at December 31		Redemption Frequency	Redemption Notice Period
	2016	2015		
Wells Fargo Short-Term Investment Fund	\$ 39,202	\$ 29,471	Immediate	None

There are no unfunded commitments related to this investment.

Note 5. G&K Services, Inc. and Associated Companies Master Trust

Substantially all of the Plan's investments are held in the G&K Services, Inc. and Associated Companies Master Trust (the Master Trust), which was established for the purpose of collectively investing the assets of the Plan, along with the G&K Services Non-Contributory Pension Plan for Collective Bargaining Employees (a related plan also sponsored by the Company). The assets of the Master Trust are held by the Trustee.

The fair value of the Plan's interest in the Master Trust is based on the beginning-of-year value of the Plan's interest in the trust plus actual contributions and allocated investment results less actual benefit distributions and allocated administrative expenses. The Plan's share of the Master Trust's total investments approximated 99.0 percent and 99.4 percent, at December 31, 2016 and 2015, respectively. Each plan has an undivided interest in the net assets of the Master Trust. Investment results are allocated to the plans in proportion to their share of the net assets of the Master Trust.

Notes to Financial Statements

Note 5. G&K Services, Inc. and Associated Companies Master Trust (Continued)

A summary of the fair value of the Master Trust's assets, including investments, at December 31, 2016 and 2015, is as follows:

	December 31	
	2016	2015
Investments:		
Collective trust funds	\$ 627,429	\$ 1,054,636
U.S. government and agency bonds	4,718,844	7,367,362
Corporate bonds and notes	19,332,560	25,408,735
Mutual funds	32,082,282	37,000,143
Total investments	56,761,115	70,830,876
Receivables for pending trades	405,775	192,200
Net assets of the Master Trust	<u>\$ 57,166,890</u>	<u>\$ 71,023,076</u>
Plan's interest in the Master Trust	<u>\$ 56,621,029</u>	<u>\$ 70,580,455</u>

Investments in the Master Trust, including investments purchased and sold, as well as held, during the year, appreciated (depreciated) in fair value by \$4,348,273 and \$(5,068,697) in 2016 and 2015, respectively. Investment income of the Master Trust, composed primarily of dividends and interest, was \$3,417,642 and \$2,613,404 in 2016 and 2015, respectively.

The following is a description of the valuation methodologies used for assets held in the Master Trust measured at fair value.

Collective trust funds: Shares of collective trust funds held by the Master Trust are valued at the NAV as reported by the investment manager at year-end.

U.S. government and agency bonds: U.S. government and agency bonds are valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate bonds and notes: Corporate bonds and notes are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Shares of mutual funds are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

Note 5. G&K Services, Inc. and Associated Companies Master Trust (Continued)

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
U.S. government and agency bonds	\$ 4,718,844	\$ -	\$ -	\$ 4,718,844
Corporate bonds and notes	-	19,332,560	-	19,332,560
Mutual funds	32,082,282	-	-	32,082,282
Total assets in the Master Trust, at fair value	\$ 36,801,126	\$ 19,332,560	\$ -	
Investments at NAV (a)				627,429
				<u>\$ 56,761,115</u>

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
U.S. government and agency bonds	\$ 7,367,362	\$ -	\$ -	\$ 7,367,362
Corporate bonds and notes	-	25,408,735	-	25,408,735
Mutual funds	37,000,143	-	-	37,000,143
Total assets in the Master Trust, at fair value	\$ 44,367,505	\$ 25,408,735	\$ -	
Investments at NAV (a)				1,054,636
				<u>\$ 70,830,876</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net asset available for benefits.

The following table includes investments where NAV is available as a practical expedient:

Investment	Fair Value at December 31		Redemption Frequency	Redemption Notice Period
	2016	2015		
Wells Fargo Short-Term Investment Fund	\$ 627,429	\$ 1,054,636	Immediate	None

There are no unfunded commitments related to this investment.

G&K Services Pension Plan

Notes to Financial Statements

Note 6. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death or retirement) between the valuation date and the expected date of payment.

The actuarial valuation was performed as of January 1, 2016. There were no significant differences between December 31, 2015, and January 1, 2016, that would cause the actuarial valuation not to be representative as of December 31, 2015.

Significant assumptions underlying the actuarial computation as of January 1, 2016, the benefit information date, are as follows:

Actuarial cost method:	Unit credit method
Rate of return on investments:	5.4 percent
Mortality basis:	The assumed healthy mortality is the RP-2000 sex-distinct combined healthy mortality table with generational projection without an adjustment for collar.
Retirement age:	Various rates between ages 55 and 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits was as follows:

	December 31, 2015
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 27,398,412
Other participants	50,999,390
Nonvested benefits	363,409
Total actuarial present value of accumulated plan benefits	<u>\$ 78,761,211</u>

The changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2015, were as follows:

Actuarial present value of accumulated plan benefits, beginning of year	\$ 77,003,979
Increase (decrease) during the year attributable to:	
Net benefits accumulated and (gains) losses	(146,300)
Increase for interest due to decrease in discount period	4,461,487
Benefits paid	(2,557,955)
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 78,761,211</u>

G&K Services Pension Plan

Notes to Financial Statements

Note 7. Plan Termination

Although it presently has no intention to do so, under the terms of the Plan, the Company has the right, at any time, to terminate the Plan. The Pension Benefit Guaranty Corporation (the PBGC) may also terminate the Plan by action pursuant to the provisions of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as outlined in the Plan and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. The amount participants or their beneficiaries who were entitled to receive benefit payments at least three years prior to the Plan termination or that amount participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. All benefits guaranteed by the PBGC, if any.
- c. All vested benefits (determined prior to termination) not guaranteed by the PBGC.
- d. All other accrued benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disabilities and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

Note 8. Income Tax Status

The Plan obtained its latest determination letter on May 23, 2012, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended subsequent to the version of the Plan that received the determination letter. However, management believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes and that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9. Party-in-Interest Transactions

The Plan's assets are held by the Trustee. The Trustee manages and invests contributions received and makes distributions to participants. Therefore, these transactions qualify as party-in-interest transactions.

Schedule SB, Part V — Summary of Plan Provisions**Summary of Major Plan Provisions**

Effective date and plan year	Original plan: January 1, 1970 Restated plan: January 1, 2011 Plan year: Calendar year
Most recent amendment	Restatement effective January 1, 2011
Status of the plan	Benefit accruals are frozen and there are no new participants entering the plan after December 31, 2006.
Significant events that occurred during the year	None
Definitions	
• Covered employees	Employees of G&K Services who meet the participation requirements.
• Participation	Participant in Plan on January 1 or July 1 following one year of service and age 21. There are no new participants after December 31, 2006.
• Vesting Service	Prior to January 1, 1976: last period of continuous employment rounded to the nearest year. January 1, 1976 and later: one year for each calendar year in which 1,000 hours of service are completed (excluding years prior to age 18).
• Benefit Accrual Service	Prior to January 1, 1976: full calendar months of employment. January 1, 1976 and later: one year for each calendar year in which 1,000 hours of service are completed. Counts from year of hire and frozen as of December 31, 2006.
• Pensionable earnings	Wages and other amounts received for services rendered, but excluding reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, severance pay and other welfare benefits.
• Final average earnings	The average of the total compensation paid to an employee during the high five consecutive calendar years (or the average of all such years if five or less), frozen as of December 31, 2006.
• Primary Social Security benefit	Amount of the monthly old age insurance benefit that a participant is entitled to receive under the Federal Social Security Act.

Schedule SB, Part V — Summary of Plan Provisions

• Covered Compensation	For a Plan Year, Covered Compensation is the average (without indexing) of the taxable wage bases, determined under Section 230 of the Social Security Act, in effect for each calendar year during the 35-year period ending with the last day of the calendar year in which the Participant attains (or will attain) Social Security Retirement Age. In determining a Participant's Covered Compensation for a Plan Year, the taxable wage base for the current Plan Year and any subsequent Plan Year shall be assumed to be the same as the taxable wage base in effect as of the beginning of the Plan Year for which the determination is being made. A Participant's Covered Compensation shall be adjusted automatically for each Plan Year until the Plan freeze.
• Accrued benefit	Normal Retirement Benefit based on salary history and service as of termination of employment of December 31, 2006 if earlier.
Normal retirement	
• Eligibility	Later of the date the Participant attains age 65 or the 4th anniversary of the 1st day of the Plan Year in which the Participant commenced participation in the Plan.
• Benefit	The greater of the amounts determined under the 1989 Pension Formula described in (1) below or, if the Participant is eligible, under the 1988 Pension Formula described in (2) below. Effective December 31, 2006 benefits are frozen. (1) 1989 Pension Formula. $\frac{2}{3}$ of 1% of Participant's Average Compensation plus $\frac{1}{2}$ of 1% of his Average Compensation in excess of Covered Compensation, multiplied by his number of years of Benefit Accrual Service (not exceeding 30). (2) 1988 Pension Formula (a) Eligibility. If a Participant had an Accrued Benefit under this Plan as of December 31, 1988, and the Participant is not a "Highly Compensated Employee" during the Plan Year beginning January 1, 1989, he is eligible for the 1988 Pension Formula for all Plan Years beginning after 1988 and ending with the last Plan Year (if applicable) ending prior to the first Plan Year in which he becomes a Highly Compensated Employee. (b) Formula. 50% of the Participant's Average Compensation less 75% of his Primary Social Security Benefit multiplied by years of Benefit Accrual Service (not to exceed 30), divided by 30.
Early retirement	
• Eligibility	Age 60 and 30 years of Benefit Accrual Service.
• Benefit	Accrued Benefit payable at Normal Retirement Date reduced by 3% per year for commencement prior to age 65.

Schedule SB, Part V — Summary of Plan Provisions

Late retirement	
• Eligibility	Meets Normal Retirement Eligibility but commences after Normal Retirement Age.
• Benefit	Greater of accrued benefit at late retirement or actuarial equivalent of the Participant's accrued benefit as of Normal Retirement Date.
Deferred vested	
• Eligibility	Five years of Vesting Service.
• Benefit	Accrued Benefit payable at 65; if five or more years of Vesting Service, may commence at age 55. Accrued benefit is reduced by 6-2/3% for each of the first 5 years and 3-1/3% for each additional year preceding age 65.
Pre-retirement death	
• Eligibility	Five years of Vesting Service, and married throughout one year before death.
• Benefit prior to early retirement	A life annuity payable to spouse equal to one-half of the 50% Joint and Survivor annuity that would have been paid if the Participant had a separation from service on the date of death, had commenced the 50% Joint and Survivor benefit at the earliest retirement age and had died the day after attaining that age.
• Benefit after early but before normal retirement	Life annuity payable to spouse equal to one-half of the Accrued Benefit otherwise payable as a 50% Joint and Survivor annuity to the Participant that would have been paid if the Participant had commenced the day before his or her death.
• Option	An active Participant who is eligible for Early Retirement may elect additional coverage. The Participant pays for this coverage by means of a reduction in the Accrued Benefit. This provision was eliminated April 1, 2006 except for those participants who had already elected this coverage.
Form of benefits	
• Automatic form for unmarried participants	Life Only
• Automatic form for married participants	50% Joint and Survivor
• Optional forms	Life only, 10 Year Certain & Life, 50% Joint and Survivor, 75% Joint and Survivor, 100% Joint and Survivor
• Optional form conversion factors	Mortality – Current year 417(e) unisex mortality Interest – 7%
• Small Pensions	In the event the lump sum value of terminated Participant's benefit is less than \$5,000 such pension shall be paid in a single lump sum payment.

Schedule SB, Part V — Summary of Plan Provisions

Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. As of the 2006 freeze, the limit was \$220,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2016, the limit is \$210,000.

Benefits Included or Excluded

Unless noted below, all benefits provided by the plan, as restated and amended through January 1, 2011, are included in this valuation.

- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Active participants:* Current active participants over normal retirement age are valued including the late retirement actuarial increase.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan Provisions Specific to Funding**Additional Benefits Included or Excluded**

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan Provision Changes Since Prior Valuation

Maximum benefit amounts under IRS rules were updated from 2015 to 2016.

Rationale: Prescribed by the IRS and based on G&K Services, Inc.'s election.

Mortality sponsor elections

Section 430(h)(3) prescribed separate static annuitant and nonannuitant mortality tables. These tables are based on the RP-2000 mortality tables projected with mortality improvement to the valuation year plus 7 and 15 years based on Scale AA.

Rationale: Prescribed by the IRS and based on G&K Services, Inc.'s election.

Other economic assumptions

• Salary increases	Not applicable
• Social Security wage base	Not applicable
• Inflation	Not applicable
• Expected investment return	7.00% per year for 2014 6.65% per year for 2015 6.65% per year for 2016
• Expenses	The prior year's administrative expenses adjusted for the difference in PBGC premiums and rounded.

Demographic assumptions

• Withdrawal	See table of sample rates Rationale: The withdrawal rates were developed based on an experience study completed in 1999. These rates were further reviewed in 2004 and left unchanged. Annual review of the experience has not shown significant gains or losses.
• Disability incidence	None assumed.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial Methods

Asset Methods

The asset valuation method is an average of the adjusted market value for each month during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&K Services Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 5, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i—Schedule of assets (held at end of year) and Schedule H, Line 4j—Schedule of reportable transactions as of or for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G&K Services Pension Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the G&K Services Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is sponsored and administered by G&K Services, Inc. (the Company). The Plan is a defined benefit plan covering substantially all employees, except certain employees who are covered by collective bargaining union-administered plans of the Company who were eligible to participate in the Plan prior to January 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed Wells Fargo Bank, N.A. as the trustee (the Trustee) and Mercer Human Resource Consulting as the actuary (the Actuary). The Trustee is responsible for holding and investing the assets of the Plan as instructed by the Company's Retirement Committee. The Trustee is also responsible for disbursing the pension benefits as instructed by the Plan Administrator.

On August 15, 2016, the Company entered into an agreement and plan of merger with Cintas Corporation. There are no changes anticipated to the Plan as a result of this merger.

Eligibility and vesting: Prior to January 1 2007, employees of the Company who were not covered by collective bargaining union-administered plans of the Company, had been employed for more than one full year, had attained the age of 21, and had worked at least 1,000 hours per year were eligible to participate in the Plan.

Effective January 1, 2007, the Plan was amended to freeze additional accrued benefits and was closed to new participants for any period after December 31, 2006. In addition, for the purpose of computing a participant's accrued benefit, no additional services or changes in earnings after December 31, 2006, will be taken into account. However, for the purpose of determining a participant's vested interest in his or her accrued benefit, services performed by a participant for periods after December 31, 2006, shall be taken into account. Participants become fully vested upon completion of five years of vesting service, as defined by the Plan.

Retirement benefits: Normal retirement age is 65 or the fourth anniversary of participation in the Plan, whichever is later. Participants may receive benefits by electing early retirement between the ages of 60 and 65, with 30 years of service. Benefits are determined based upon years of service and final average pay, as defined. A vested participant who terminates for any reason other than retirement, permanent disability or death is entitled to a monthly vested termination benefit upon attainment of age 65 or at age 55 after five years of service. Participants receive their distributions, subject to certain Plan provisions, in the form of an annuity or, if the present value of their benefit is \$5,000 or less, in a lump-sum payment.

Effective May 1, 2016, the Company amended the Plan to provide for a voluntary, limited-time opportunity to former employees who are vested participants in the Plan to request early payment of their entire benefit in the form of a single lump-sum payment. Eligible participants who wished to receive the lump-sum payment were required to make an election between May 16, 2016, and July 31, 2016.

Disability and death benefits: The Plan does not provide for any disability pension other than retirement benefits. Beneficiaries of unmarried participants who die after age 55 will receive no death benefit, unless the participant terminated employment prior to death and was receiving retirement benefits. Spouses of married participants who die will receive 50 percent of the retirement benefits the participant would have received had the participant terminated employment the day before death.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosures of contingent assets and liabilities; and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Notes 4 and 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated Plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances—retirement, death, permanent disability and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date (see Note 6).

Funding policy: Participants are not permitted to make contributions to the Plan. The Company's funding policy is to make annual contributions to the Plan in amounts actuarially determined to be sufficient to fund the benefits provided by the Plan, to satisfy the minimum funding requirements of ERISA, and to comply with current federal income tax laws. The Plan has met the ERISA minimum funding requirements for 2016 and 2015.

Benefit distributions: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Administrative expenses of the Plan may be paid by the Company or from Plan assets.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2016 statement of net assets available for benefits.

G&K Services Pension Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 5, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted by such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified or provided by the Trustee, except for comparing such information certified or provided by the Trustee to the information included in the Plan's financial statements and supplemental schedules. The Trustee certified to the completeness and accuracy of all investment information disclosed in the accompanying financial statements and supplemental schedules, including the fair value of investments held at December 31, 2016 and 2015, and net investment results for the years then ended.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the *FASB Accounting Standards Codification* Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

G&K Services Pension Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Collective trust fund: The collective trust fund is valued at the net asset value (NAV) as reported by the investment manager at year-end based on audited financial statements. The fund's underlying assets consist of investment contracts. The NAV is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In accordance with Subtopic 820-10, the collective trust fund held by the Plan is not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because it is measured at NAV per share.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined by NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

Investment	Fair Value at December 31		Redemption Frequency	Redemption Notice Period
	2016	2015		
Wells Fargo Short-Term Investment Fund	\$ 39,202	\$ 29,471	Immediate	None

There are no unfunded commitments related to this investment.

Note 5. G&K Services, Inc. and Associated Companies Master Trust

Substantially all of the Plan's investments are held in the G&K Services, Inc. and Associated Companies Master Trust (the Master Trust), which was established for the purpose of collectively investing the assets of the Plan, along with the G&K Services Non-Contributory Pension Plan for Collective Bargaining Employees (a related plan also sponsored by the Company). The assets of the Master Trust are held by the Trustee.

The fair value of the Plan's interest in the Master Trust is based on the beginning-of-year value of the Plan's interest in the trust plus actual contributions and allocated investment results less actual benefit distributions and allocated administrative expenses. The Plan's share of the Master Trust's total investments approximated 99.0 percent and 99.4 percent, at December 31, 2016 and 2015, respectively. Each plan has an undivided interest in the net assets of the Master Trust. Investment results are allocated to the plans in proportion to their share of the net assets of the Master Trust.

Notes to Financial Statements

Note 5. G&K Services, Inc. and Associated Companies Master Trust (Continued)

A summary of the fair value of the Master Trust's assets, including investments, at December 31, 2016 and 2015, is as follows:

	December 31	
	2016	2015
Investments:		
Collective trust funds	\$ 627,429	\$ 1,054,636
U.S. government and agency bonds	4,718,844	7,367,362
Corporate bonds and notes	19,332,560	25,408,735
Mutual funds	32,082,282	37,000,143
Total investments	56,761,115	70,830,876
Receivables for pending trades	405,775	192,200
Net assets of the Master Trust	<u>\$ 57,166,890</u>	<u>\$ 71,023,076</u>
Plan's interest in the Master Trust	<u>\$ 56,621,029</u>	<u>\$ 70,580,455</u>

Investments in the Master Trust, including investments purchased and sold, as well as held, during the year, appreciated (depreciated) in fair value by \$4,348,273 and \$(5,068,697) in 2016 and 2015, respectively. Investment income of the Master Trust, composed primarily of dividends and interest, was \$3,417,642 and \$2,613,404 in 2016 and 2015, respectively.

The following is a description of the valuation methodologies used for assets held in the Master Trust measured at fair value.

Collective trust funds: Shares of collective trust funds held by the Master Trust are valued at the NAV as reported by the investment manager at year-end.

U.S. government and agency bonds: U.S. government and agency bonds are valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate bonds and notes: Corporate bonds and notes are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Shares of mutual funds are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

Note 5. G&K Services, Inc. and Associated Companies Master Trust (Continued)

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
U.S. government and agency bonds	\$ 4,718,844	\$ -	\$ -	\$ 4,718,844

Mutual funds	32,082,282	-	-	32,082,282
Total assets in the Master Trust, at fair value	<u>\$ 36,801,126</u>	<u>\$ 19,332,560</u>	<u>\$ -</u>	
Investments at NAV (a)				<u>627,429</u>
				<u>\$ 56,761,115</u>

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
U.S. government and agency bonds	\$ 7,367,362	\$ -	\$ -	\$ 7,367,362
Corporate bonds and notes	-	25,408,735	-	25,408,735
Mutual funds	37,000,143	-	-	37,000,143
Total assets in the Master Trust, at fair value	<u>\$ 44,367,505</u>	<u>\$ 25,408,735</u>	<u>\$ -</u>	
Investments at NAV (a)				<u>1,054,636</u>
				<u>\$ 70,830,876</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net asset available for benefits.

The following table includes investments where NAV is available as a practical expedient:

Investment	Fair Value at December 31		Redemption Frequency	Redemption Notice Period
	2016	2015		
Wells Fargo Short-Term Investment Fund	\$ 627,429	\$ 1,054,636	Immediate	None

There are no unfunded commitments related to this investment.

G&K Services Pension Plan

Notes to Financial Statements

Note 6. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death or retirement) between the valuation date and the expected date of payment.

The actuarial valuation was performed as of January 1, 2016. There were no significant differences between December 31, 2015, and January 1, 2016, that would cause the actuarial valuation not to be representative as of December 31, 2015.

Significant assumptions underlying the actuarial computation as of January 1, 2016, the benefit information date, are as follows:

Actuarial cost method:	Unit credit method
Rate of return on investments:	5.4 percent
Mortality basis:	The assumed healthy mortality is the RP-2000 sex-distinct combined healthy mortality table with generational projection without an adjustment for collar.
Retirement age:	Various rates between ages 55 and 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits was as follows:

	December 31, 2015
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 27,398,412
Other participants	50,999,390
Nonvested benefits	363,409
Total actuarial present value of accumulated plan benefits	<u>\$ 78,761,211</u>

The changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2015, were as follows:

Actuarial present value of accumulated plan benefits, beginning of year	\$ 77,003,979
Increase (decrease) during the year attributable to:	
Net benefits accumulated and (gains) losses	(146,300)
Increase for interest due to decrease in discount period	4,461,487
Benefits paid	(2,557,955)
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 78,761,211</u>

Note 7. Plan Termination

Although it presently has no intention to do so, under the terms of the Plan, the Company has the right, at any time, to terminate the Plan. The Pension Benefit Guaranty Corporation (the PBGC) may also terminate the Plan by action pursuant to the provisions of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as outlined in the Plan and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. The amount participants or their beneficiaries who were entitled to receive benefit payments at least three years prior to the Plan termination or that amount participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. All benefits guaranteed by the PBGC, if any.
- c. All vested benefits (determined prior to termination) not guaranteed by the PBGC.
- d. All other accrued benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disabilities and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

Note 8. Income Tax Status

The Plan obtained its latest determination letter on May 23, 2012, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended subsequent to the version of the Plan that received the determination letter. However, management believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes and that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9. Party-in-Interest Transactions

The Plan's assets are held by the Trustee. The Trustee manages and invests contributions received and makes distributions to participants. Therefore, these transactions qualify as party-in-interest transactions.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&K Services Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 5, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2016 and 2015, and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedules

The supplemental schedules, Schedule H, Line 4i—Schedule of assets (held at end of year) and Schedule H, Line 4j—Schedule of reportable transactions as of or for the year ended December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G&K Services Pension Plan

Notes to Financial Statements

Note 1. Plan Description

The following brief description of the G&K Services Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is sponsored and administered by G&K Services, Inc. (the Company). The Plan is a defined benefit plan covering substantially all employees, except certain employees who are covered by collective bargaining union-administered plans of the Company who were eligible to participate in the Plan prior to January 1, 2007. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed Wells Fargo Bank, N.A. as the trustee (the Trustee) and Mercer Human Resource Consulting as the actuary (the Actuary). The Trustee is responsible for holding and investing the assets of the Plan as instructed by the Company's Retirement Committee. The Trustee is also responsible for disbursing the pension benefits as instructed by the Plan Administrator.

On August 15, 2016, the Company entered into an agreement and plan of merger with Cintas Corporation. There are no changes anticipated to the Plan as a result of this merger.

Eligibility and vesting: Prior to January 1 2007, employees of the Company who were not covered by collective bargaining union-administered plans of the Company, had been employed for more than one full year, had attained the age of 21, and had worked at least 1,000 hours per year were eligible to participate in the Plan.

Effective January 1, 2007, the Plan was amended to freeze additional accrued benefits and was closed to new participants for any period after December 31, 2006. In addition, for the purpose of computing a participant's accrued benefit, no additional services or changes in earnings after December 31, 2006, will be taken into account. However, for the purpose of determining a participant's vested interest in his or her accrued benefit, services performed by a participant for periods after December 31, 2006, shall be taken into account. Participants become fully vested upon completion of five years of vesting service, as defined by the Plan.

Retirement benefits: Normal retirement age is 65 or the fourth anniversary of participation in the Plan, whichever is later. Participants may receive benefits by electing early retirement between the ages of 60 and 65, with 30 years of service. Benefits are determined based upon years of service and final average pay, as defined. A vested participant who terminates for any reason other than retirement, permanent disability or death is entitled to a monthly vested termination benefit upon attainment of age 65 or at age 55 after five years of service. Participants receive their distributions, subject to certain Plan provisions, in the form of an annuity or, if the present value of their benefit is \$5,000 or less, in a lump-sum payment.

Effective May 1, 2016, the Company amended the Plan to provide for a voluntary, limited-time opportunity to former employees who are vested participants in the Plan to request early payment of their entire benefit in the form of a single lump-sum payment. Eligible participants who wished to receive the lump-sum payment were required to make an election between May 16, 2016, and July 31, 2016.

Disability and death benefits: The Plan does not provide for any disability pension other than retirement benefits. Beneficiaries of unmarried participants who die after age 55 will receive no death benefit, unless the participant terminated employment prior to death and was receiving retirement benefits. Spouses of married participants who die will receive 50 percent of the retirement benefits the participant would have received had the participant terminated employment the day before death.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosures of contingent assets and liabilities; and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Notes 4 and 5 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Actuarial present value of accumulated plan benefits: Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated Plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances—retirement, death, permanent disability and termination of employment—are included to the extent they are deemed attributable to employee service rendered to the valuation date (see Note 6).

Funding policy: Participants are not permitted to make contributions to the Plan. The Company's funding policy is to make annual contributions to the Plan in amounts actuarially determined to be sufficient to fund the benefits provided by the Plan, to satisfy the minimum funding requirements of ERISA, and to comply with current federal income tax laws. The Plan has met the ERISA minimum funding requirements for 2016 and 2015.

Benefit distributions: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Administrative expenses of the Plan may be paid by the Company or from Plan assets.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2016 statement of net assets available for benefits.

G&K Services Pension Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 5, 2017, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted by such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified or provided by the Trustee, except for comparing such information certified or provided by the Trustee to the information included in the Plan's financial statements and supplemental schedules. The Trustee certified to the completeness and accuracy of all investment information disclosed in the accompanying financial statements and supplemental schedules, including the fair value of investments held at December 31, 2016 and 2015, and net investment results for the years then ended.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the *FASB Accounting Standards Codification* Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

G&K Services Pension Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2016 and 2015.

Collective trust fund: The collective trust fund is valued at the net asset value (NAV) as reported by the investment manager at year-end based on audited financial statements. The fund's underlying assets consist of investment contracts. The NAV is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In accordance with Subtopic 820-10, the collective trust fund held by the Plan is not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because it is measured at NAV per share.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined by NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

Investment	Fair Value at December 31		Redemption Frequency	Redemption Notice Period
	2016	2015		
Wells Fargo Short-Term Investment Fund	\$ 39,202	\$ 29,471	Immediate	None

There are no unfunded commitments related to this investment.

Note 5. G&K Services, Inc. and Associated Companies Master Trust

Substantially all of the Plan's investments are held in the G&K Services, Inc. and Associated Companies Master Trust (the Master Trust), which was established for the purpose of collectively investing the assets of the Plan, along with the G&K Services Non-Contributory Pension Plan for Collective Bargaining Employees (a related plan also sponsored by the Company). The assets of the Master Trust are held by the Trustee.

The fair value of the Plan's interest in the Master Trust is based on the beginning-of-year value of the Plan's interest in the trust plus actual contributions and allocated investment results less actual benefit distributions and allocated administrative expenses. The Plan's share of the Master Trust's total investments approximated 99.0 percent and 99.4 percent, at December 31, 2016 and 2015, respectively. Each plan has an undivided interest in the net assets of the Master Trust. Investment results are allocated to the plans in proportion to their share of the net assets of the Master Trust.

G&K Services Pension Plan

Notes to Financial Statements

Note 5. G&K Services, Inc. and Associated Companies Master Trust (Continued)

A summary of the fair value of the Master Trust's assets, including investments, at December 31, 2016 and 2015, is as follows:

	December 31	
	2016	2015
Investments:		
Collective trust funds	\$ 627,429	\$ 1,054,636
U.S. government and agency bonds	4,718,844	7,367,362
Corporate bonds and notes	19,332,560	25,408,735
Mutual funds	32,082,282	37,000,143
Total investments	56,761,115	70,830,876
Receivables for pending trades	405,775	192,200
Net assets of the Master Trust	<u>\$ 57,166,890</u>	<u>\$ 71,023,076</u>
Plan's interest in the Master Trust	<u>\$ 56,621,029</u>	<u>\$ 70,580,455</u>

Investments in the Master Trust, including investments purchased and sold, as well as held, during the year, appreciated (depreciated) in fair value by \$4,348,273 and \$(5,068,697) in 2016 and 2015, respectively. Investment income of the Master Trust, composed primarily of dividends and interest, was \$3,417,642 and \$2,613,404 in 2016 and 2015, respectively.

The following is a description of the valuation methodologies used for assets held in the Master Trust measured at fair value.

Collective trust funds: Shares of collective trust funds held by the Master Trust are valued at the NAV as reported by the investment manager at year-end.

U.S. government and agency bonds: U.S. government and agency bonds are valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate bonds and notes: Corporate bonds and notes are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Shares of mutual funds are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
U.S. government and agency bonds	\$ 7,367,362	\$ -	\$ -	\$ 7,367,362
Corporate bonds and notes	-	25,408,735	-	25,408,735
Mutual funds	37,000,143	-	-	37,000,143
Total assets in the Master Trust, at fair value	<u>\$ 44,367,505</u>	<u>\$ 25,408,735</u>	<u>\$ -</u>	
Investments at NAV (a)				<u>1,054,636</u>
				<u>\$ 70,830,876</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net asset available for benefits.

The following table includes investments where NAV is available as a practical expedient:

Investment	Fair Value at December 31		Redemption Frequency	Redemption Notice Period
	2016	2015		
Wells Fargo Short-Term Investment Fund	\$ 627,429	\$ 1,054,636	Immediate	None

There are no unfunded commitments related to this investment.

G&K Services Pension Plan

Notes to Financial Statements

Note 6. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the Actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death or retirement) between the valuation date and the expected date of payment.

The actuarial valuation was performed as of January 1, 2016. There were no significant differences between December 31, 2015, and January 1, 2016, that would cause the actuarial valuation not to be representative as of December 31, 2015.

Significant assumptions underlying the actuarial computation as of January 1, 2016, the benefit information date, are as follows:

Actuarial cost method:	Unit credit method
Rate of return on investments:	5.4 percent
Mortality basis:	The assumed healthy mortality is the RP-2000 sex-distinct combined healthy mortality table with generational projection without an adjustment for collar.
Retirement age:	Various rates between ages 55 and 65

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits was as follows:

	December 31, 2015
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	\$ 27,398,412
Other participants	50,999,390
Nonvested benefits	363,409
Total actuarial present value of accumulated plan benefits	<u>\$ 78,761,211</u>

The changes in actuarial present value of accumulated plan benefits for the year ended December 31, 2015, were as follows:

Actuarial present value of accumulated plan benefits, beginning of year	\$ 77,003,979
Increase (decrease) during the year attributable to:	
Net benefits accumulated and (gains) losses	(146,300)
Increase for interest due to decrease in discount period	4,461,487
Benefits paid	(2,557,955)
Actuarial present value of accumulated plan benefits, end of year	<u>\$ 78,761,211</u>

G&K Services Pension Plan

Notes to Financial Statements

Note 7. Plan Termination

Although it presently has no intention to do so, under the terms of the Plan, the Company has the right, at any time, to terminate the Plan. The Pension Benefit Guaranty Corporation (the PBGC) may also terminate the Plan by action pursuant to the provisions of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as outlined in the Plan and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. The amount participants or their beneficiaries who were entitled to receive benefit payments at least three years prior to the Plan termination or that amount participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b. All benefits guaranteed by the PBGC, if any.
- c. All vested benefits (determined prior to termination) not guaranteed by the PBGC.
- d. All other accrued benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disabilities and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

Note 8. Income Tax Status

The Plan obtained its latest determination letter on May 23, 2012, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended subsequent to the version of the Plan that received the determination letter. However, management believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes and that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9. Party-in-Interest Transactions

The Plan's assets are held by the Trustee. The Trustee manages and invests contributions received and makes distributions to participants. Therefore, these transactions qualify as party-in-interest transactions.
