401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the City Wide Mechanical, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement or Summary Plan Description ("SPD") for a more complete description of the Plan's provisions.

General

The Plan was established in August 1998 and is a defined contribution profit sharing plan covering all eligible employees of City Wide Mechanical, Inc. (the "Company," "Plan Sponsor," or "Employer"). The Plan is designed to comply with the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the provisions of Section 401(a) of the Internal Revenue Code ("IRC"). In addition, the financial statements have been prepared in compliance with ERISA.

The Plan is administered by the Company. The Company has contracted Minnesota Life Insurance Company ("ML") to act as the custodian and third-party administrator of the Plan through its affiliate, Securian Financial Group.

Eligibility

To participate in the Plan, employees must have attained age 21 and have completed one year of service. One year of service is defined as having completed 1,000 hours of service. Union employees and non-resident aliens are excluded from participating in the Plan.

Contributions

Participating employees may elect to contribute any amount not less than one percent (1%) and not more than fifty percent (50%) of their eligible compensation to the Plan, subject to a limit on calendar year contributions set forth by the Internal Revenue Service ("IRS"). Each eligible participant may elect to make either pre-tax or Roth contributions to the Plan up to the maximum amount allowed by the Internal Revenue Service, with a calendar year maximum of \$18,000 for 2016 and 2015. Participants who have attained age 50 are eligible to make catch-up contributions of up to \$6,000. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.

The Company's matching contributions are discretionary. The Company matches fifty percent (50%) of employee contributions, limited to the first three percent (3%) of compensation. The Company may also elect to make discretionary non-matching contributions. Each eligible employee's account is allocated a percentage of the non-matching contributions based on the ratio of the eligible employee's compensation to the total compensation of all eligible employees. The Company did not make discretionary non-matching contributions for the year ended December 31, 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of (a) the Company's discretionary non-matching contributions, if any, and (b) Plan earnings or losses, and (c) charged with an allocation of certain administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan.

CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Employer's contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
One (1) year	0%
Two (2) years	20%
Three (3) years	40%
Four (4) years	60%
Five (5) years	80%
Six (6) or more years	100%

Payments of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a participant is entitled to receive from the Plan a single lump-sum payment equal to the value of the participant's account balance. Other payment options are available upon request of the participant or beneficiary and upon approval of the Trustees. Upon termination of service, the Company has the option to require those participants with vested account balances less than \$1,000 to take lump-sum distributions unless a direct rollover is elected. If a participant's vested account balance exceeds \$5,000, they may elect to receive a lump-sum distribution, receive installments over a specified period of time, or roll over their vested account balance. For all employees who have terminated with a vested account balance between \$1,000 and \$5,000, the Plan administrator has the right to automatically roll over the balance to an individual retirement account ("IRA") designated by the administrator. The participant bears all expenses of the IRA.

Forfeitures

Forfeited nonvested employee contributions are first used to pay administrative expenses of the Plan. Forfeitures of terminated participants' nonvested account balances may also be used to reduce the Employer matching contributions. Forfeitures for 2016 were de minimis.

Notes Receivable from Participants

Under provisions of the Plan, participants are allowed to borrow from their Plan accounts. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid ratably through periodic Automated Clearing House ("ACH") deductions or checks and may not exceed a repayment period of five years. Participants may have no more than one outstanding note receivable.

Administrative Expenses

Administrative expenses are generally paid by the Employer. However, the Plan may allocate forfeited amounts to cover administrative expenses.

NOTES TO FINANCIAL STATEMENTS

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 31, 2015, and is to be applied retrospectively, with early adoption allowed. The adoption of ASU 2015-07 did not have a material impact to the Plan.

Change in the Application of Accounting Principle

Effective January 1, 2016 the Plan retrospectively changed its method of accounting for investments in the common/collective trust. Prior to January 1, 2016, the Plan presented investments in the common/collective trust separately at contract value. Subsequent to the change in the application of accounting principle, the Plan presents the investment in the common/collective trust at net asset value, which is used as a practical expedient to estimate fair value under ASU 2015-12. The impact of this retrospective application is limited to presentation and disclosure, as the contract value equates net asset value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management to make estimates and assumptions that affect the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates. See Note 3 for discussion of significant estimates used to measure the fair value of investments.

Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Participants may direct the allocation of amounts deferred to the available investment options. Provisions of the Plan allow participant contributions in 5% increments to be invested in any of the available options.

CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan provides for investments in a guaranteed investment contract (“GIC”) and pooled separate accounts. The Plan’s investments in pooled separate accounts are valued at net asset value as a practical expedient to estimate fair value. The GIC investment is fully benefit-responsive and is stated at contract value, which is equal to principal plus accrued interest. See Note 3.

Valuation methods may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan’s management believes the valuation methods are appropriate and consistent with other market participants, the use of differing methodologies or assumptions to determine the fair values of the Plan’s investments could result in different fair value measurements at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

Distribution of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. An allowance for credit losses is not necessary as the notes are collateralized by the participant’s account balance. Delinquent notes may be reclassified as distributions in accordance with provisions of the Plan document.

Subsequent Events

Management of the Plan evaluated events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the notes to the financial statements. The accompanying financial statements consider events through October 4, 2017, the date which the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS (UNAUDITED)

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
- Quoted market prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

**CITY WIDE MECHANICAL, INC.
401(k) PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.
- Common/collective trust: The Plan has an investment in a common/collective trust funds composed of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment securities measured at fair value on a recurring basis are summarized below:

December 31, 2016	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 1,665,790	\$ -	\$ 1,665,790

Investments at fair value	\$ -	\$ 1,450,279	\$ -	\$ 1,563,667

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. TAX STATUS

The Plan has obtained its latest determination letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. While the Plan has been amended since March 31, 2014, the Plan administrator and the Company believe that the Plan is designed and operated in compliance with the applicable requirements and, therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The 2014, 2015, and 2016 tax years are open for income tax examinations.

6. PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Certain Plan investments are investments managed by the Custodian and, therefore, these transactions qualify as party-in-interest transactions.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following are reconciliations of net assets available for benefits and changes in net assets available for benefits per the Form 5500 to the financial statements at December 31, 2016 and 2015, and for the year ended December 31, 2016:
