NOTE 1: DESCRIPTION OF PLAN

The following description of the Skyview Memorial Lawn 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan covering all eligible employees of Skyview Memorial Lawn (the Company) with retirement benefits in accordance with section 401(k) of the Internal Revenue Code (the IRC). To be eligible to participate in the Plan, employees must have reached the age of twenty-one and have completed twelve months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on January 1, 1996.

Contributions

Participants elect to have amounts withheld from their paychecks and contributed to the Plan by the Company. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make discretionary profit sharing contribution in an amount as determined by the Company. Company contributions are made in the ratio that each participant's compensation bears to the compensation of all eligible participants. All of the foregoing contributions are subject to limits as set by federal law.

Participant Accounts

Each participant's account is credited with the participant's own contributions, an allocation of the Company's contributions, and an allocation of net earnings from investments and changes in investment values. Allocations are based on each participant's contributions, earnings, or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's account. Participants select the investments into which their contributions are invested.

Vesting

Participants are always fully vested in their own contributions. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants are fully vested in Company contributions after six years of credited service.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service for any reason, a participant is entitled to receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Loans

Loans to participants consist of promissory notes received from participants in exchange for the distribution of cash from the Plan. A participant is allowed to borrow a minimum of $1,000, up to one half of the vested balance of their Plan account, up to a maximum of $50,000. Loans must be repaid over no more than a five-year period with the exception of a loan for the participants' principal residence that may have a repayment period beyond five years. Principal and interest is paid ratably through payroll deductions. Loans to participants are stated at the principal amount outstanding, which approximates fair value.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the Emerging Issues Task Force)*.

Among other things, the ASU simplifies employee benefit plan reporting for fully benefit-responsive investment contracts and plan investment disclosures. The amendments to the Accounting Standards Codification (ASC) contained in the ASU are effective for all plan years beginning after December 15, 2015; however, early application of all parts of the ASU is permitted.

The Plan has elected to apply all applicable parts of the ASU in the current period's financial statements. As required under the ASU, the changes have been applied retrospectively to all periods presented. Application of the ASU does not change total net assets available for plan benefits.

The changes affect the presentation of the financial statements and the information contained in the financial statement disclosures as follows:

- Part I eliminates the requirements to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts.

- Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for plan benefits and the net appreciation or depreciation in fair value of investments by general type.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements (Continued)

- Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to further disaggregate investments by nature, characteristics, and risks for purposes of the financial statement disclosures.

- Part III is not applicable to the Plan.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, American United Life Insurance Company (AUL), a OneAmerica company, the custodian of the Plan, has certified as being complete and accurate the following information as of December 31, 2016 and for the year then ended.

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits

- Net appreciation in fair value of investments, interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits

- Investments reflected on the schedule of assets (held at end of year)

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1) Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2) Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3) Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

As of December 31, 2016, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 993,423	$	$ -	$ 993,423
Total investments, at fair value	$ 993,423	$ -	$ -	$ 993,423

As of December 31, 2015, assets in the plan, as defined by ASC Topic 820, were as follows:

	Assets at fair value as of December 31, 2015 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 889,537		$ -	$ 889,537
Total investments at fair value	$ 889,537	$ -	$ -	$ 889,537

NOTE 5: GUARANTEED INTEREST CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed interest contract with an insurance company, which is called AUL Fixed Account (the Investment Contract). The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The Interest Contract is included in the financial statements at fair value which is equal to contract value.

Certain events limit the Plan's ability to transact at contract vale with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the Investment Contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

NOTE 6: PLAN TERMINATION

Although the Company expects to continue the Plan indefinitely, it has the right under the Plan to suspend its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all accounts become fully vested and non-forfeitable. Plan assets would first be used to pay any expenses properly charged to the Plan. The remaining Plan assets would then be distributed to participants.

NOTE 7: TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2013.

NOTE 8: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments managed by American United Life Insurance Company (AUL), a OneAmerica company. American United Life Insurance Company (AUL), a OneAmerica company is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Any purchase and sales of investments in the custodian are open market transactions at fair market value. Fees incurred by the Plan for investment management services included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to American United Life Insurance Company (AUL), a OneAmerica company, other investment custodians and investment advisors. The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10: SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The plan has evaluated subsequent events through September 26, 2017, the date the financial statements were available to be issued.

SKYVIEW MEMORIAL LAWN 401K RETIREMENT PLAN
001
94-2150225
December 31, 2016

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
