Staples, Inc. Employees' 401(k) Savings Plan

Notes to Financial Statements

December 31, 2016

1. Description of the Plan

The following description of the Staples, Inc. Employees' 401(k) Savings Plan (the "Plan") provides only general information about the Plan's provisions. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the "IRC" or the "Code") covering employees of Staples, Inc. (the "Company"). The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

John Hancock Retirement Plan Services (formerly New York Life Trust Company) served as trustee of the Plan during part of 2016 and 2015. On March 1, 2016, Staples transferred all assets to Great-West Life & Annuity Insurance Company ("Great-West Life" and the "Trustee"). The Trustee provided the trust and recordkeeping services for the Plan.

Eligibility

All employees ("associates") of the Company, except for those covered by a collective bargaining agreement (the terms of which provide for participation in the Plan), are eligible to participate in the Plan. Leased employees are specifically excluded from participation in the Plan.

Eligible associates may begin making pre-tax contributions to the Plan as of the first day of the month following the attainment of age 21 and completion of sixty (60) consecutive days of employment with the Company.

Eligible associates that have failed to complete the requisite sixty (60) consecutive days of employment during the twelve month period following the date of hire may begin making pre-tax contributions, as of the first day of the month following the later of the one year anniversary date; or the date following the attainment of age 21.

Employee Contributions

All non-highly compensated participants may contribute from 1% up to 50% of their eligible compensation on a pretax basis, within limits prescribed by Section 401(k) of the Code. Effective March 1, 2016, all non-highly compensated participants may contribute from 1% up to 100% of their eligible compensation on a pretax or ROTH basis, within limits prescribed by Section 401(k) of the Code. All highly compensated participants may contribute amounts as described and limited in the Plan Document. Participants' contributions are recorded each pay period when the Company makes payroll deductions from participants' wages. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan provides for auto-enrollment, whereby at five years of service an eligible employee is auto-enrolled into the plan with a deferral amount of 3% of compensation, as a pretax contribution.

Staples, Inc. Employees' 401(k) Savings Plan

Notes to Financial Statements (continued)

Effective January 1, 2017, the Plan provides for auto-enrollments for eligible employees who have completed three years of service with a deferral amount of 1% of compensation as pretax contribution, employees with four years of service with a deferral amount of 2% and employees with five years of service with a deferral amount of 3%.

Company Contributions

The Company matches 50% of employee contributions, not to exceed 6% of the participant's compensation. The Company's matching contributions are made annually at the end of each plan year.

Transfers In

Transfers into the Plan from the Corporate Express Union 401(k) retirement Plan during 2016 are a result of the merger of the plans. Net assets of \$4.2M were transferred on March 4, 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's contribution plus any investment earnings, realized and unrealized, which is net of expenses less any benefit payments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account, subject to vesting restrictions.

Vesting

Participants are immediately 100% vested in their contributions, any rollover contributions, and actual earnings thereon. Vesting in the Company matching contributions plus actual earnings thereon is based on the length of vesting service over a period of five vesting years, as further defined in the Plan.

For participants hired after December 31, 2016, vesting in the Company matching contribution plans is based on the length of vesting service over a period of three vesting years.

Forfeited Amounts

Non-vested participant amounts are used to reduce future Company contributions and administrative expenses, as defined in the Plan Document. Forfeitures available to reduce future Company contributions at December 31, 2016 and 2015 amounted to \$524,114 and \$651,759, respectively. During 2016 and 2015, the total forfeitures used to offset employer contributions and administrative expenses amounted to \$1,335,249 and \$1,276,563, respectively.

Benefit Payments

Benefits are payable in a lump sum upon retirement or normal retirement age, death, separation from service, reasons of proven hardship, or attainment of age 59 1/2. In any event, payment of benefits must commence when the participant reaches age 70 1/2, unless elected otherwise. Participants may also have distributions from rollovers of prior qualified plans at any time.

Notes to Financial Statements (continued)

Participant Notes Receivable

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested participant account balance, comprised of employee contributions, their respective earnings and rollover monies. Loan terms range from one to five years, or up to ten years for the purchase of a principal residence. The notes receivable are secured by the vested balance in the participant's account and bear interest at a rate consistent with local prevailing rates as determined by the Plan. All notes receivable are subject to the principal repayment terms and interest rate guidelines set forth in the Plan Document.

Termination Provision

Although the Company has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants become fully vested in all accounts and the assets of the Plan and shall be distributed to the participants in proportion to their respective account balances. The Company shall not be liable to participants for benefits other than those which can be provided by the Plan's net assets.

Administrative Expenses

Recordkeeping and most administrative fees are paid by the Plan. Certain other plan expenses are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuations of Investments and Income Recognition

Investments held by the Plan are stated at fair value, except fully benefit responsive investment contracts. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year.

The Great-West Life Stable Value Option is a group annuity contract fully backed by the assets of Great-West Life. These contracts are reported at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Staples, Inc. Employees' 401(k) Savings Plan

Notes to Financial Statements (continued)

The Staples, Inc. Company Match Fund, the ESOP Stock Fund, and the Investment Stock Fund (collectively, the "Fund") are tracked on an unitized basis. The Fund consists of Staples, Inc. common stock and funds held in the MainStay Cash Reserves Fund sufficient to meet the expected Fund's daily cash needs. Unitizing the Fund allows for daily trades. The value of a unit reflects the combined market value of Staples, Inc. common stock and the cash investments held by the Fund and are the equivalent of net asset value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on the investments bought and sold, as well as held, during the year.

Effective as of the closing date of the merger between Staples, Inc. and Arch Merger Sub Inc. and Arch Parentt Inc., dated as June 28, 2017, the Staples Stock Fund ceased to be available under the Plan.

Payment of Benefits

Benefit payments to the participants are recorded upon distribution.

Participant Notes Receivable

Participant notes receivable are valued at their outstanding principal balances, plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when it is earned. Related fees, if any, are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as part of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States requires the Plan's management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from these estimates.

New Accounting Pronouncements

In January 2016, the FASB issued ASU 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities. ASU 2016-01 has several provisions, including a provision for entities other than public business entities, eliminating the requirement in ASC 825 to disclose the fair values of financial instruments measured at amortized cost on the balance sheet. This provision is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2018. An entity should apply the amendments by means of a cumulative-effect adjustment to the balance sheet as of the beginning of the fiscal year of adoption. Plan management is currently evaluating the effect that the provisions of ASU 2016-01 will have on the Plan's financial statements.

Notes to Financial Statements (continued)

Subsequent Events

Management evaluated subsequent events for the Plan through October 3, 2017, the date the financial statements were available to be issued.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule including investments held and notes receivable from participants at December 31, 2016 and 2015, and net appreciation/depreciation in fair value of investments, interest, dividends and interest income on notes receivable from participants for the years ended December 31, 2016 and 2015, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by New York Life, the trustee of the Plan from 2015 through March 1, 2016 and Great-West Life, the trustee of the Plan for remaining of 2016.

4. Fair Value Measurements

Fair value is defined under ASC 820 as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 - Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 - Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 - Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Staples, Inc. Employees' 401(k) Savings Plan

Notes to Financial Statements (continued)

The following table sets forth by levels, within the fair value hierarchy, the Plan's investments carried at fair value as of December 31, 2016 and 2015:

	<u>\$1,191,741,729</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$1,191,741,729</u>

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional investment contract, The Great-West Life Stable Value Option, that meets the fully benefit-responsive investment contract criteria and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following table sets forth the balance of the investment contracts held by the plan:

	December 31,	
	2016	2015
Fully benefit-responsive investment contracts	\$ 138,366,822	\$ 146,067,488

The contract issuer is contractually obligated to repay the principal and interest at a specific interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a quarterly basis.

There are certain events that might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include: the Plan's failure to qualify under Section 401(a) of the Code, premature termination of the contracts by the Plan, Plan termination or merger, bankruptcy of the

Staples, Inc. Employees' 401(k) Savings Plan

Notes to Financial Statements (continued)

plan sponsor and changes to the Plan's prohibition on competing investment options. Plan management noted no events that are probable of occurring as of December 31, 2016.

In addition, the following events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value: an violation of the Plan's investment guidelines, a breach of material obligation under the contract, or a material misrepresentation.

6. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

7. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated March 13, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore, the related trust is tax-exempt. Subsequent to the receipt of the determination letter, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliations of Financial Statements to Form 5500

9. Related Party Transactions

The Plan holds units of guaranteed investment contract funds managed by the Trustee of the Plan. The Plan also invests in the common stock of the Company. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. During 2016 and 2015, the Plan received \$702,720 and \$55,321 in common stock dividends from the Company, which are included in the *Interest income and dividends* line of the Statement of Changes in Net Assets Available for Benefits.
