NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the *Shumaker, Loop & Kendrick Retirement Plan and Trust* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a tax-qualified defined contribution retirement plan established for the principal purpose of providing retirement income to eligible employees and partners of *Shumaker, Loop & Kendrick, LLP* (the “Partnership”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Beginning December 1, 2016, upon completion of one month of service, each employee or partner of the Partnership is eligible to participate in the compensation or earned income deferral election. Prior to December 1, 2016, one year of service was required to be eligible for the Plan. Upon completion of two years of service, each partner or employee of the Partnership is eligible to receive an allocation of any discretionary Partnership contributions. Beginning December 1, 2016, Plan entry dates for elective deferrals occur the first day of each month. Prior to December 1, 2016, Plan entry dates for elective deferrals were January 1 and July 1. Plan entry dates for discretionary Partnership contributions are January 1 and July 1. Associate attorneys are not eligible to participate in the Plan, but participate in the Shumaker, Loop & Kendrick Associates 401(k) Savings Plan (the “Associates’ Plan”).

Contributions

Contributions to the Plan are made (1) for an amount determined on a discretionary basis by the Management Committee of the Partnership, allocated to participants based on their eligible compensation or earned income, (2) for eligible partners, for specified amounts multiplied by points earned under the Partnership agreement and by years of service as defined in the Plan agreement, (3) for partners who elect to have a portion of their earned income contributed to the Plan, and (4) for employees who elect to defer a portion of their eligible compensation into the Plan. The Partnership also makes a contribution to the Plan each year based on the contribution and benefit base in effect under Section 230 of the Social Security Act and the participants’ compensation (earned income for partners) for the year. Contributions to the Plan are subject to certain limitations, as defined in the Plan agreement, which are modified from time to time to comply with changes in Internal Revenue Service regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to designate any or all of their deferral contributions as Roth 401(k) after-tax deferrals. The Plan also provides for rollover contributions of amounts from other qualified plans, subject to certain restrictions as defined in the Plan agreement.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Transfers of Assets from Other Plans

The Plan received transfers from the Associates' Plan of \$66,849 in 2016 and \$43,785 in 2015. These transfers were a result of prior associate attorneys becoming eligible to participate in the Plan.

Participant Accounts

Participants direct the investment of their accounts among the investment funds offered by the Plan, including two self-managed investment account options. Participants who have self-managed investment accounts pay any related transaction and account fees. Participants who have elected to receive online investment services bear any fees that are charged related to these services. Participants' accounts are credited with their contributions, earnings based on the performance of the investment options selected by the participant, an allocation of Partnership contributions based on participant eligible compensation or earned income and are charged with an allocation of administrative expenses based on account balances. Participants' accounts may also be credited with an allocation of revenue sharing income not used to pay administrative expenses, based on account balances (see Note 4). The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

All contributions to the Plan vest immediately.

Notes Receivable from Participants

Participants are allowed to borrow from their accounts a minimum of \$1,000 up to a maximum of 50% of their account balance, subject to a maximum aggregate dollar amount of loans outstanding to a participant at any time of \$50,000. The maximum amount is reduced by the excess of the participant's highest outstanding balance of all loans on any day during the one-year period ending on the day before the loan is made, over the outstanding balance of loans on the date the loan is made. All loans are required to be repaid in full, generally within five years, with the exception of loans obtained for the purchase of participants' personal residences, which are required to be repaid within fifteen years. Interest, at rates ranging from 4.25% to 5.75%, is charged at the Federal Reserve Bank Prime Rate at the time of the borrowing, plus 1%. Principal and interest are paid through payroll deductions.

Payment of Benefits

Participants are entitled to the full value of their account at normal retirement date (age 65), death or other termination of service, payable in a lump-sum, in installment payments or in the form of either a joint and 50% survivor annuity or 75% qualified optional survivor annuity (married participants) or a single life annuity (unmarried participants). The benefit to which participants are entitled is the benefit that can be provided from the balance in their account. In-service withdrawal of vested balances may be elected by participants who have reached the Plan's normal retirement age of 65; however, participants in a former plan merged into the Plan may receive in-service withdrawals of vested benefits at age 59½. The Plan also permits withdrawals of active participants' elective deferral contributions only in amounts necessary to satisfy financial hardship as defined in the Plan agreement.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Partnership, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to the Plan administration and legal costs, are paid by the Partnership. Revenue sharing income received from mutual funds is used to pay the Plan's administrative expenses related to services rendered by the Plan's trustee, with any balance of such expenses being paid by the Partnership. As party-in-interest transactions, these expenses are exempt from prohibited transaction rules. Expenses that are paid directly by the Partnership are excluded from these financial statements. Certain expenses, such as investment management fees, self-managed account and transaction fees, insurance premiums, loan fees and distribution fees are borne by the applicable participant's account. Administrative fees are allocated to participants' accounts.

Plan Trustee and Custodian

Fifth Third Bank is the trustee of the Plan and holds most of the assets of the Plan. TD Ameritrade is the custodian of certain of the Plan's self-managed accounts.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Management fees and operating expenses charged to the Plan for investments in mutual funds, money market fund and the common/collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as an addition to net depreciation or a reduction of net appreciation in fair value of investments and a reduction of common/collective trust and money market fund dividends and interest.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments, and the Plan Administrator deems the note receivable to be in default based upon terms of the Plan agreement, the note receivable is reduced and a deemed distribution of notes receivable from participants is recorded.

Contributions

Partnership contributions are recorded in the period in which they become obligations of the Partnership. Participant contributions are recorded in the period in which they are withheld from the participant's compensation or earned income.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2016, the most recent statement of net assets available for benefits presented herein, through August 30, 2017, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, other than the cash surrender value of life insurance policies and related appreciation in fair value of \$77,238 in 2016 and \$25,213 in 2015, Fifth Third Bank, as trustee, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, (2) the December 31, 2016, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2016 and 2015. Fifth Third Bank has also certified the completeness and accuracy of notes receivable from participants, the related interest income and amounts due from and to broker for securities transactions as of December 31, 2016 and 2015 and for the years then ended.

SHUMAKER, LOOP & KENDRICK RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in markets that are not active;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level within the fair value hierarchy of each asset or liability is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Common/collective trust: The common/collective trust invests primarily in investment contracts issued by insurance companies, banks or other financial institutions. The collective trust is valued at the NAV of units held by the Plan at year-end as provided by the trust and classified as "other" and is not assigned a level in the fair value hierarchy. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment

NOTES TO FINANCIAL STATEMENTS

for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market fund: The fair value of the money market fund is based on quoted prices in active markets which represent the NAV of shares held by the Plan at year end and are classified as Level 1.

Cash surrender value of life insurance: The value is determined by the underwriting insurance companies. These investments are classified as Level 3.

Self-directed brokerage accounts: These accounts consist of the following types of investments:

Mutual funds: Shares held in most mutual funds are valued at quoted market prices that represent the NAV of shares held by the Plan at year end and are classified as Level 1. Shares in certain mutual funds are not traded in an active market and the fair values are determined by the issuer based on the value of the underlying securities. These funds are classified as Level 2.

Common and preferred stocks and exchange traded funds: Fair value measurement is based upon the closing price reported in the active markets in which the individual securities are traded. These securities are classified as Level 1.

Certificates of deposit: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Certificates of deposit are classified as Level 2.

Corporate bonds and government and agency securities: Values are estimated using benchmark yields, recently executed transactions, market price quotations (where observable), bond spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Corporate bonds and government and agency securities are classified as Level 2.

Money market funds: Shares held in certain money market funds are comprised of short-term debt securities. The composition of these securities is structured to maintain a value of \$1 per share. These money market funds are classified as Level 2.

Insurance annuity: The insurance annuity is valued by the issuer based on the fair values of underlying securities and, therefore, is classified as Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(1) Certain investments are measured at NAV per share (or its equivalent) on a market that is not active and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fifth Third Bank, the trustee of the Plan, and TD Ameritrade, the custodian of certain Plan assets. Therefore, transactions related to these investments qualify as party-in-interest transactions (see Note 2). Fees paid by the Plan for investment management, fund expenses, self-managed investment account transactions and other recordkeeping fees are borne by the applicable participants' accounts and are included in administrative and other expenses. These fees amounted to \$131,344 in 2016 and \$132,970 in 2015.

Fees for custodial services rendered by Fifth Third Bank in the amount of \$35,990 in 2016 and \$57,100 in 2015 were paid by the Plan using revenue sharing income received from mutual funds owned by the Plan. Unallocated assets resulting primarily from revenue sharing income that had not yet been used to pay Plan expenses or allocated to participants were \$2,616 and \$5,382 at December 31, 2016 and 2015, respectively. Unallocated balances in the amount of \$22 were allocated to participants in 2015 in accordance with the Plan agreement.

5. INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Partnership by a letter dated July 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the July 8, 2010 determination letter, and such amendment and restatement was submitted to the IRS for a determination letter on April 30, 2016. The IRS has acknowledged receipt of the submission. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in these financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. To the extent not used to pay expenses related to the termination of the Plan, any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Partnership may determine.

NOTES TO FINANCIAL STATEMENTS

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net increase in net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of Form 5500 for the year ended December 31, 2015:

Net increase in net assets available for benefits per the financial statements	\$ 1,279,796
2015 adjustment from contract value to fair value for fully benefit-responsive investment contract	<u>(13,329)</u>
Net increase in net assets available for benefits per Schedule H of the Form 5500	<u>\$ 1,266,467</u>
