DADE MOELLER & ASSOCIATES, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 1 DESCRIPTION OF PLAN

The following description of the Dade Moeller & Associates, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 2001. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was most recently restated effective January 1, 2016 and most recently amended effective April 1, 2016.

Eligibility

The Plan is designed to cover all full-time and scheduled part-time employees of the Company. Eligible employees can participate in the Plan on their date of employment. Participants are eligible for the Company contribution if they meet the eligibility requirements above and complete six consecutive months of service. Participants are eligible for the profit sharing contribution if they meet the eligibility requirements above and are employed on the last day of the Plan year. Employees employed as a Part-time Support Employee, Temporary Support Employee, Hanford Mission Support Site Employee, or independent contractor are not eligible to participate in the Plan.

The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Effective August 1, 2015, the Plan was amended to include a "Managed Savings" feature where participants can elect an auto increase in their deferral percentage by 1% each year up to a maximum of 10%. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a matching or profit sharing contribution to the Plan. For the years ended December 31, 2016 and 2015, the Company matching contribution was 100% of the first 4% of eligible compensation deferred into the Plan by the participant. There were no Company discretionary profit sharing contributions for the years ended December 31, 2016 and 2015.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching or profit sharing contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after four years of credited service. Notwithstanding the above, a participant is fully vested upon reaching age 65, death, or permanent disability.

Notes Receivable from Participants

Prior to January 1, 2015, notes receivable from participants were not allowed. Effective January 1, 2015, the Plan was amended to allow for notes receivable from participants. The notes are available to participants who have incurred a financial hardship resulting from an immediate and heavy financial need (as defined by the Plan). Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to separation, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum or rollover payment. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. The Plan allows for in-service distributions of rollover contributions and financial hardship, subject to Plan provisions. Effective January 1, 2015, the Plan was amended to allow for partial withdrawals and installment payments if the participant's (or to the participant's beneficiary in the event of the participant's death) vested account balance is greater than \$5,000. The Plan was subsequently amended to replace the hardship distribution feature with a hardship loan feature and allow for in-service distributions after attaining age 59½.

Forfeited Accounts

Forfeited nonvested accounts may be used to pay Plan administrative expenses and/or used to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2016 and 2015 totaled \$10,271 and \$12,941, respectively. There were \$19,000 and \$74,000 of forfeitures used to reduce Company contributions for the years ended December 31, 2016 and 2015, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. The Plan distributed the 2015 excess contributions to the applicable participants prior to March 15, 2016.

Administrative Expenses

As provided in the Plan document, administrative expenses may be paid either by the Plan or by the Company. The Company pays most of the operating expenses for the Plan.

Subsequent Events

The Plan has evaluated subsequent events through September 26, 2017, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

John Hancock Trust Company LLC and New York Life Trust Company, the trustees of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2016.

John Hancock Trust Company LLC acquired the Retirement Plan Services business of New York Life Trust Company and as a result, effective September 1, 2015, John Hancock Trust Company LLC replaced New York Life Trust Company and assumed its duties and responsibilities.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2016 and 2015.

Mutual Funds: Investments in the mutual funds are valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts: Investments primarily consist of mutual funds, common stock, and cash. Investments are valued at the daily closing price as reported by the funds. The funds held by the Plan are deemed to be actively traded.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Total Investments at Fair Value	<u>\$ 18,711,337</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,711,337</u>

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

On December 4, 2014, the Plan entered into a traditional group annuity contract with New York Life Insurance Company (NYLIC). Due to the Plan merger (Note 7), there were no assets associated with this investment at the end of the Plan year. NYLIC maintained certain contributions in a guaranteed interest account. The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by NYLIC. This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) total or partial Plan termination, (2) changes to the Plan's prohibition on competing investment options, (3) mergers, (4) spin-offs, (5) lay-offs, (6) early retirement incentive programs, (7) sales or closings of all or part of a participating Plan Sponsor's operations, (8) bankruptcy, (9) receivership, and (10) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN MERGER

On May 22, 2016, the Board of Directors authorized the transfer of Plan assets into the NV5, Inc. 401(k) Plan. On December 30, 2016, assets in the amount of \$20,006,696, were transferred into the new Plan, with the remainder of Plan assets being transferred subsequent to year-end.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on a determination letter, dated July 16, 2010, received from the IRS indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

John Hancock Trust Company, LLC and New York Life Investment Management, LLC (NYLIM) are the third-party administrators for the Plan. The Plan invests in mutual funds (i.e. "Mainstay" funds) and a group annuity contract managed by John Hancock Trust Company LLC and New York Life Insurance Company. Therefore, the investment transactions qualify as party-in-interest as defined by ERISA.

NOTE 10 SUBSEQUENT EVENT

On May 20, 2016, the Company was acquired by NV5 Global, Inc. (NV5). On December 30, 2016, assets in the amount of \$20,006,696, were transferred into the new Plan, with the remainder of Plan assets being transferred subsequent to year-end.
