WABCO 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2016

1. Description of Plan

The following description of the WABCO 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of WABCO Holdings Inc. and affiliated companies (collectively referred to as the “Company”) as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was created at the time WABCO Holdings Inc. was legally spun-off from Trane Inc. (formerly named American Standard Companies Inc. (American Standard)), on July 31, 2007.

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants age 50 and older may make catch-up contributions, subject to certain Internal Revenue Code (the Code) limitations. Such contributions may not exceed \$18,000 for calendar year 2016 and calendar year 2015 (plus an additional \$6,000 for participants over 50 for calendar year 2016 and calendar year 2015) as adjusted under the provisions of Section 415(d) of the Code. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation until changed by the participant.

Each pay period, the Company matches participant deferral contributions dollar-for-dollar, up to a maximum of 6% of eligible pay. In addition, each pay period, the Company contributes a basic contribution representing 3% of each participant’s eligible pay to his/her account regardless of his/her contribution level. During the years ended December 31, 2016 and 2015, the Company made \$1,806,645 and \$1,676,242 in contributions to the Plan, respectively. Additional amounts may be contributed at the discretion of the Company’s Board of Directors. No such additional contributions were made during 2016 or 2015.

All investments are participant-directed and participants may change their investment options at any time. Upon enrollment, a participant may direct employee contributions in percentage

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

increments to any of the Plan's fund options. If a participant is automatically enrolled, their contributions are invested in a JP Morgan SmartRetirement Target Date Fund, based on the assumption that the participant will retire at age 65, until the participant changes the election.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in both their own contributions and the Company's basic and matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve month period. Up to 50% of a participant's vested account balance may be used as collateral for any loan. Participants may only have two loans outstanding at any given time and may not refinance an existing loan or obtain a second loan for the purpose of paying off the existing loan. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period, unless the loan is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. All loans shall bear a rate of interest as determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. As of December 31, 2016, outstanding participant loans carried interest rates ranging from 4.25% to 8.25%.

Payment of Benefits

Upon death, disability, retirement or termination of service, a participant or the participant's beneficiary may elect to receive a lump-sum amount equal to the vested value of his or her account or installments over a period of time. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59½.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The plan administrator will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principle generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments held by the Plan are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for further discussion and disclosure related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans, which are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

New Accounting Pronouncements

In January 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-01, *Financial Instruments – Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. The amendments in this ASU are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. With certain exceptions, early adoption is not permitted. Plan management is currently evaluating the impact that ASU 2016-01 will have on its financial statements. Investments in the Plan are primarily accounted for at the readily available fair value and as such, Plan management does not anticipate this amendment having a material impact on the financial statements.

Accounting standards that have been issued or proposed by the FASB or other standards-setting bodies are not expected to have a material impact on the Plan's net assets or changes in net assets.

3. Information Certified by Trustee

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules that was prepared by or derived from information provided by the trustee and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets and related income:

	2016	2015
Investments at fair value:		
Mutual Funds	\$ 27,470,986	\$ 28,353,776
Common collective trust fund	1,370,451	-
Money market fund	-	1,356,506
Notes receivable from participants	631,781	488,679
	<u>\$ 29,473,218</u>	<u>\$ 30,198,961</u>

The trustee also certified to the completeness and accuracy of \$1,206,349 net appreciation in the fair value of investments and \$822,097 of interest and dividends (including interest income on notes receivable from participants) for the year ended December 31, 2016, and \$1,350,465 net depreciation in the fair value of investments and \$1,501,900 of interest and dividends (including interest income on notes receivable from participants) for the year ended December 31, 2015.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The valuation technique used needs to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and were therefore classified within Level 1 of the fair value hierarchy.

Common collective trust fund: Valued at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market fund: The money market fund is invested in the Fidelity Money Market Trust Retirement Government Money Market II Fund. The Plan invests in the money market fund to provide daily liquidity. Fair value is based on the NAV that can be validated with a sufficient level of observable activity (i.e. purchases and sales at NAV) and was therefore classified within Level 2 of the fair value hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets carried at fair value:

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 27,470,986	\$ —	\$ —	\$ 27,470,986
Total assets in the fair value hierarchy	\$ 27,470,986	\$ —	\$ —	27,470,986
Investments measured at NAV (a)				1,370,451
Investments at fair value				<u>\$ 28,841,437</u>

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements, Continued

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 28,353,776	\$ –	\$ –	\$ 28,353,776
Money market fund	–	1,356,506	–	1,356,506
Total assets in the fair value hierarchy	\$ 28,353,776	\$ 1,356,506	\$ –	\$ 29,710,282

- (a) Certain investments that were measured at NAV per share or its equivalent have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table for December 31, 2016 sets forth a summary of the Plan's investments reported at NAV as a practical expedient to estimate fair value:

	December 31, 2016			
	Fair value	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund (a)	\$ 1,370,451	\$ –	Daily	(a)
Total	\$ 1,370,451	\$ –		

- (a) Withdrawals initiated by Plan participants are honored at any time without penalty. If the Plan sponsor were to initiate the withdrawal from the Fund, a 12 month written notice of intent to withdraw assets from the Fund would be required.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

6. Income Tax Status

The underlying prototype volume submitter plan has received an advisory letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, stating that the form of the plan is qualified under Section 401(a) of the Internal Revenue Code (“IRC”) and therefore the related trust is tax-exempt. The plan administrator has not requested a determination letter from the IRS on the Plan. The Plan has been amended since the date of the IRS opinion letter on the prototype volume submitter plan. While the Plan cannot rely on the IRS opinion letter, the Company and the plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related-Party Transactions

Certain Plan investments are shares of mutual funds and a common collective trust fund managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan’s operations, except for certain participant transaction fees totaling \$11,282 and \$10,158 for the years ended December 31, 2016 and 2015, respectively, which are included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

9. Plan Errors and Prohibited Transactions

During 2014 and 2016, certain employee elected deferrals were erroneously calculated and withheld (or not withheld). Additionally, during 2014, 2015 and 2016, certain employer contributions were incorrectly calculated. These constitute operational failures within the Plan. Management has evaluated the effect of these plan errors and determined they are not material to the overall financial statements and thus no receivable has been recorded by the Plan. The Plan Sponsor intends to make the above mentioned corrections as soon as administratively possible and file Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the Company's assets and not from the assets of the Plan.

WABCO 401(k) Retirement Plan

Notes to Financial Statements (continued)

9. Plan Errors and Prohibited Transactions, Continued

During 2016, 2015 and 2014, the plan sponsor inadvertently failed to make deposits of \$467,919, \$302,460 and \$757,762, respectively, of participant deferrals and loan payments within the timeframe as required by the DOL. The DOL considers late deposits, without regard to materiality, to be prohibited transactions. The general rule for deposits of 401(k) withholdings requires that the employer remit withheld employee 401(k) deferrals to the Plan as of the earliest date on which such amounts can reasonably be segregated from the employer's general assets, but in no event later than 15 business days after the end of the month in which the contributions were withheld. Management believes that assets can reasonably be segregated within 5 business days; therefore, any amount remitted after 5 days is considered late. The plan sponsor made deposits ranging from 6 days to 45 days after the date in which the contribution was withheld, and an additional deposit of \$27,354 (included in employer and participant receivables per the Statement of Net Assets Available for Benefits as of December 31, 2016), including employee contributions withheld and applicable employer contributions, has not been made yet. The Plan Sponsor intends to file a Form 5330 and pay any applicable excise tax. The excise tax payments will be made from the plan sponsor's assets and not from the assets of the Plan. In addition, participant accounts will be credited with the amount of investment income which would have been earned had participant contributions been remitted on a timely basis.

10. Subsequent Events

Management evaluated subsequent events for the Plan through October 6, 2017, the date the financial statements were available to be issued.

Effective January 1, 2017, the participants and assets of the MICO, Inc. Retirement Plan were merged into the WABCO 401(k) Retirement Plan. Assets merged into the Plan totaled approximately \$18.5 million. No substantial changes were made to the provisions of the Plan pursuant to this merger.
