1. DESCRIPTION OF THE PLAN

The following description of the SBL Auto, Inc. 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan, a defined contribution savings plan sponsored by SBL Auto, Inc., (the "Company") pursuant to Section 401(a) and related provisions of the Internal Revenue Code, was established effective January 1, 2000.

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

B. Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee, custodial, and recordkeeping services are provided by Sentry Life Insurance Company. Certain administrative expenses of the Plan, including audit fees, are paid by the Company for the year ended December 31, 2016. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

C. Eligibility

The Company's employees who are not leased employees, reclassified employees or non-resident aliens with no U.S. source income become eligible to participate in the Plan on the first day of the month following their date of hire after reaching the age of 21 and completing one month of service as defined by the Plan.

1. DESCRIPTION OF THE PLAN (CONTINUED)

D. Contributions

Participants may elect to contribute through payroll deductions amounts up to 20% of their annual compensation, as defined by the Plan on a tax-deferred basis, up to a maximum amount allowed by the Internal Revenue Code ("IRC"). The maximum allowed deferral amount was $18,000 for 2015 and 2016. Participants over the age of 50 could also contribute an additional $6,000 to the Plan for 2015 and 2016. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans. The Company does not allow for employer matching contributions.

Participants direct the investment of all their contributions into various investment options offered by the Plan.

E. Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The Plan interprets a year of service as a period of continuous employment in which a participant reaches 1,000 hours of service.

A participant's interest attributable to any Company contributions plus forfeitures shall vest as follows:

1 Year	20%
2 Years	40%
3 Years	60%
4 Years	80%
5 Years or more	100%

1. DESCRIPTION OF THE PLAN (CONTINUED)

G. Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's accounts and bear interest at local prevailing rates. The repayment of principal plus interest is generally required by the Plan to be made through payroll deductions over 5 years unless the loan is used for the purchase of a primary residence, for which the loan term may be no more than 30 years. A participant may only have one loan outstanding at any given time. The outstanding notes receivable from participants as of December 31, 2016 and 2015 was $48,004 and $69,263, respectively.

H. Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than $1,000, the balance is distributed immediately in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Balances between $1,000 and $5,000 will be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a lump-sum cash payment or a direct rollover into another qualified benefit plan. If the account balance is over $5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment or a direct rollover into another qualified plan. The participant may also postpone payment to a later date and remain in the Plan as described in the Plan documents.

I. Forfeited accounts

Forfeited accounts are used, at the Company's discretion, for the payment of the Plan's administrative expenses, to the restoration of any participant's forfeited account balance upon reemployment, or to supplement the employer contribution. At December 31, 2016, there were no non-vested forfeitures.

2. SUMMARY OF ACCOUNTING POLICIES

A. Basis of accounting

The financial statements of the Plan are prepared under the modified cash basis method of accounting. This accounting method differs from the accrual method of accounting in that it excludes recognition of dividend and interest income until the cash is actually received. Employer and employee contributions are recorded when received.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

B. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

C. Investment valuation and income recognition

The Plan's investments are reported at fair value, with the exception of investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are reported at contract value which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. See Note 8 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

E. Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

F. Payment of benefits

Benefits are recorded when paid.

3. INCOME TAX STATUS

The Plan has adopted the Sentry Life Insurance Company Defined Contribution Prototype Plan and Trust Agreement. The Internal Revenue Service has informed Sentry Life Insurance Company by a letter dated March 31, 2014, that its plan is designed in accordance with applicable sections of the IRC, and that any employer adopting this form of the Plan will be considered to have a plan qualified under applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the Internal Revenue Service. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2016 and 2015. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years 2013 and prior.

4. UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value or contract value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Sentry Life Insurance Company (the custodian of the Plan).

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan has included in its investment fund options certain funds managed by Sentry Life Insurance Company, the custodian, or one of its affiliates. As the Plan custodian, these transactions qualify as exempt party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under *Accounting Standards Codification 820* are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally for or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts (Level 2): Pooled separate accounts are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 945,498	$ -	$ 945,498

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 946,098	$ -	$ 946,098

8. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan offers the Sentry Life Insurance Company Guaranteed Fund, a fully benefit-responsive investment contract, as an investment option to Plan participants. As of December 31, 2016 and 2015, the Plan's participants had $601,764 and $494,790 invested in this insurance company contract, respectively.

Contributions to Sentry Life Insurance Company under this contract are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Sentry Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

There are no reserves against contract value for credit risk. A market value adjustment (MVA) may be assessed when more than 20% of the plan's Guaranteed Fund is transferred to separate accounts in a rolling 12-month period. The MVA is applied only to Guaranteed Fund assets that are transferred beyond this 20% cap, and converts the value of those assets to their current market value using a formula. If current interest rates exceed the Guaranteed Fund rate, the MVA will result in a downward adjustment (a loss). If current interest rates are equal or less than the Guaranteed Fund rate, no MVA will apply. The floor rate at December 31, 2016 and 2015 was 2.80% and 2.95%, respectively. Interest income from this fund was $14,857 for the year ended December 31, 2016.

9. NON-DISCRIMINATION TESTING

The Plan passed the ACP/ADP test for the year ended December 31, 2016.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 28, 2017, which is the date the financial statements were available to be issued. No events have been identified that would require adjustment to or disclosure in the attached financial statements.
