Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN

The following description of Multilink, Inc. 401K Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Multilink, Inc. (the Company and Plan Sponsor) who have completed six months of service, are at least 21 years old, and who are not represented by a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Company.

Contributions

Participants may elect to defer up to 86% of their eligible pre-tax or after-tax annual compensation as defined by the Plan, or the maximum contribution amounts allowed by law. The Plan provides for a safe harbor employer matching contribution for each participant of 100% of the first 3%, plus 50% of the next 2% of the participant's compensation deferred. Participants may elect to enroll in a feature which increases the participants' pre-tax contribution by 1%, 2%, or 3% annually on the date chosen by the participant. The Plan also provides for a discretionary employer nonelective contribution which was \$-0- for the year ended December 31, 2016. The Plan provides for the acceptance of pre-tax rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch up contributions for participants who reach the age of 50 by the end of the plan year. Participants direct the investment of their contributions into various options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions and an allocation of (a) the Company's nonelective contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, participant compensation, or specific participant transactions, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are vested immediately in their deferral, rollover, and employer matching contributions plus actual earnings thereon. Vesting in the discretionary employer nonelective contributions is based on years of credited service at a rate of 20% per year after one year of credited service. A participant is fully vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to Plan provisions and certain Department of Labor and Internal Revenue Service (IRS) requirements. Notes receivable terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts. Interest rates on notes receivable ranged from 4.25% to 5.50% at December 31, 2016. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon retirement, termination, disability, or death, a participant or a participant's beneficiary upon the participant's death may elect to receive a lump-sum amount equal to the value of the participant's vested account, or periodic payments based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$5,000 or less at the time of termination, the entire amount will automatically be distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Active participants may make hardship withdrawals from their account balances, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions or to pay Plan expenses. Unallocated forfeiture balances were \$11 at both December 31, 2016 and 2015. No forfeitures were used to reduce employer contributions or pay Plan expenses for the year ended December 31, 2016.

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Adoption of New Accounting Standards

In May 2015, the Financial Accounting Standards Board (FASB) issued an Accounting Standards Update (ASU) which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The ASU is effective retrospectively for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management has elected to early adopt this ASU in these financial statements for the year ended December 31, 2016, and applied the changes retrospectively to the statement of net assets available for benefits as of December 31, 2015.

In July 2015, the FASB issued an ASU which simplifies financial reporting for employee benefit plans. This ASU contains three parts. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Part II eliminates the requirements to (i) disclose individual investments that represent five percent or more of net assets available for benefits, (ii) disclose the net appreciation or depreciation in fair value of investments by type, (iii) disaggregate investments measured at fair value by nature, characteristics, and type, and instead disaggregate them by general type, and (iv) disclose significant investment strategies for an investment in a fund that files an annual report on Form 5500 as a direct filing entity when the investment is measured using net asset value per share as a practical expedient. Part III is not applicable to the Plan. This ASU is effective retrospectively for fiscal years beginning after December 15, 2015. The Plan adopted this ASU as required for the year ended December 31, 2016, and applied the changes retrospectively to the statement of net assets available for benefits as of December 31, 2015.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustees. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make repayments on a note receivable, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Sharing

Revenue sharing income represents the portion of investment management fees provided to the Plan from the investment fund manager to offset the cost of services provided to the Plan. Revenue sharing, which is included as a component of investment income on the statement of changes in net assets available for benefits, was \$17,485 for the year ended December 31, 2016.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Participant and employer contributions are recorded and credited to each participant's account as received by the trustees from the Company. Any contributions attributable to the plan year but not received by the trust by the last day of the plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income (loss).

Income Taxes

The Plan adopted a prototype standardized profit sharing plan with a cash or deferred arrangement agreement which received an opinion letter from the IRS dated July 8, 2014 stating that the written form of the prototype plan document, as then designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax exempt.

MULTILINK, INC. 401K PLAN

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2013.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2017, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedule including notes receivable from participants and investments held at December 31, 2016 and 2015, and net appreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2016 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustees.

NOTE D - FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

MULTILINK, INC. 401K PLAN

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2016 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 3,453,157</u>	<u>\$ 3,453,157</u>
Total Investments in the fair value hierarchy	<u>\$ 3,453,157</u>	3,453,157
Investments measured at net asset value		<u>339,511</u>
Total investments at fair value		<u>\$ 3,792,668</u>

MULTILINK, INC. 401K PLAN

Notes to Financial Statements

December 31, 2016 and 2015 and Year Ended December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments accounted for at fair value as of December 31, 2015 are summarized below:

	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$ 3,101,359</u>	<u>\$ 3,101,359</u>
Total Investments in the fair value hierarchy	<u>\$ 3,101,359</u>	3,101,359
Investments measured at net asset value		<u>363,122</u>
Total investments at fair value		<u>\$ 3,464,481</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 and 2015.

Mutual funds are valued at the net asset value of shares held by the Plan at year end as reported on the active markets in which the investments are traded.

Common collective trust funds are valued at the net asset values of shares held by the Plan at year end. The net asset values, as provided by the trustees, are used as a practical expedient to estimate fair value. Net asset value is based on the fair value of the trusts' underlying assets, less their liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investments for amounts different than the reported net asset value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - INVESTMENT IN COMMON COLLECTIVE TRUSTS

Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance in the MetLife Stable Value Solutions Fund - Fee Class L without restriction. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance in the State Street S&P MidCap Index Non-Lending Series Fund J and the State Street Russell Small Cap Index Securities Lending Series Fund VII pursuant to a notice period of at least 15 days, or such lesser period as may be determined by the trustees of the investments.

Withdrawals from these funds by the Plan Sponsor require advanced written notice as established by the trustees and may be subject to market value adjustments.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include investments in the funds of the trustees and the related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE J - SUBSEQUENT EVENT
