Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Mid Atlantic Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2016 and December 31, 2015, and for the year ended December 31, 2016, that the information provided to the plan administrator by the custodian is complete and accurate.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) - modified cash basis as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of U.S. Energy Development Corp 401(K) Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete descriptions of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of U.S. Energy Development Corporation, except employees covered by collective bargaining agreements that do not permit participation in the Plan. Employees of J.M. Jayson & Company, Inc., Realmark Corporation and Westmoreland Capital Corporation, all of which are affiliates of U.S. Energy Development Corporation, are also covered by the provisions of the Plan. The Plan is subject to the provisions of ERISA.

The Plan Administrator is U.S. Energy Development Corporation ("Plan Administrator"). The Trustee is responsible for oversight of the Plan. The Trustees determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

Employees who are age 21 are eligible to participate upon completing three months of service. Participants are eligible to receive a profit sharing contribution after completing one year of service.

Contributions

Each year, participants may contribute up to 92 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may elect to classify all or a portion of their elective deferral as a Roth elective deferral. Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

The Plan Administrator provides a safe harbor contribution equal to three percent of an employee's eligible compensation. The Plan Administrator may also make discretionary profit-sharing contributions. No such discretionary contributions were made during 2016.

Participant Accounts

Each participant account is credited with the participant's contribution, Plan Administrator contributions, and earnings as allocated. The account is reduced by the payment of benefits and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Each participant is immediately vested in all safe harbor contributions.

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent on the date the loan is taken out (at December 31, 2016, the prime rate was 3.75 percent). A participant may not have more than one loan outstanding at any given time. Loan terms may not exceed five years unless the purpose of the loan is to acquire the participant's principal residence, in which case a longer loan term may be granted. Principal and interest are generally paid bi-weekly through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a distribution of the participant's vested interest in the participant's account in the form of a lump-sum payment, partial payments, installment payments, or purchase of an annuity contract. If a participant's account balance is less than $5,000, the Plan Administrator may instruct that the participant's balance be distributed as a lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefits are provided for normal retirement at an attained age of 65, or may be deferred if the participant continues in active service with the Plan Administrator. The Plan also permits in-service withdrawals for participants who have attained age 59 ½ and hardship withdrawals.

Forfeitures

Forfeited non-vested accounts are used to reduce future Plan Administrator contributions and administrative expenses. At December 31, 2016 and December 31, 2015, forfeited non-vested accounts totaled $3.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenue is recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Contributions are shown on the accrual basis of accounting. Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and December 31, 2015.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses
Certain expenses of maintaining the Plan may be paid directly by the Plan Administrator and are excluded from these financial statements. Expenses may also be charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation/depreciation in fair value of the investments.

Change in Accounting Standards
In 2015, the Plan elected to early adopt the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share* issued in May 2015. This ASU removes the requirement to categorize all investments that have their fair value measured using the net asset value per share practical expedient from the fair value hierarchy. In addition, this ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to only those investments for which the entity has elected to measure the fair value using the practical expedient. This ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. In 2015, management elected to early adopt this ASU.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III permits plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. Parts I and III are not applicable to the Plan at this time. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. In 2015, management elected to early adopt Part II.

Subsequent Events
The Plan has evaluated subsequent events through October 3, 2017, which is the date the financial statements were made available to be issued.

3. Fair Value Measurement

Fair value is the price at which an asset could be exchanged in a current transaction between knowledgeable, willing parties. Fair value measurements are categorized into one of three levels based on the lowest level of significant input used: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable market inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Investment Trust
Valued at the NAV of units held by a collective investment trust at year end. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund.

There have been no changes in the methodologies used at December 31, 2016 and December 31, 2015.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the investments measured at fair value on a recurring basis as of December 31, 2016 and December 31, 2015, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

(a) This investment seeks total return. The fund invests primarily in a diversified portfolio of investment-grade, corporate fixed-income securities. It may invest in securities of any maturity. While the fund may invest in securities of any maturity, the fund's average duration is expected to vary and may range between one and ten years depending on the adviser's view of interest rates.

4. Financial Certification (Unaudited)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan has elected to utilize the certification of certain financial information by Mid Atlantic Trust Company, in compliance with the audit requirements of the Act.

The following is a summary of the unaudited information included in the accompanying financial statements and supplemental schedule that was prepared and furnished to the Plan by Mid Atlantic Trust Company. The Plan has obtained a certification from Mid Atlantic Trust Company that the information is complete and accurate as of December 31, 2016 and December 31, 2015 and for the year ended December 31, 2016.

	December 31, 2016	December 31, 2015
Assets as of		
Mutual funds	$ 2,154,934	$ 1,844,446
Stable value collective investment trust	32,957	22,425
Transactions for the year ended		
Dividend income	$ 69,462	
Net appreciation in fair value of investments	141,801	

5. Party-in-Interest Transactions

Certain Plan activities are managed by Paychex Retirement Services and Mid Atlantic Trust Company. As defined by the Plan, U.S. Energy Development Corporation administers the Plan, Paychex Retirement Services is the Plan recordkeeper, Mid Atlantic Trust Company is the custodian of all assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping and investment management services included in administrative expenses amounted to $5,696 for the year ended December 31, 2016. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments as they are paid through revenue share, rather than a direct payment. In addition, fees paid by the Plan for professional services included in administrative expenses amounted to $7,500 for the year ended December 31, 2016. The Plan Administrator pays directly any other expenses related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Administrator reserves the right to terminate or revoke the Plan at any time, subject to provisions of ERISA. In the event of Plan termination or partial termination, participants would become 100 percent vested in the Plan Administrator contribution portion of the participant's account.

7. Tax Status

The Plan uses a prototype plan document sponsored by Paychex, Inc. Paychex, Inc. received an opinion letter from the IRS dated April 10, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.
