NOTE 1: DESCRIPTION OF PLAN

The following description of W.L. Logan Trucking Co., 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of W.L. Logan Trucking Co., who have completed one year of service (1,000 hours) and attained 21 years of age.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Participants may make voluntary 401(k) contributions of up to 100 percent of their compensation each year. In addition, the Company may make matching and profit sharing contributions to the Plan solely at the discretion of the owners of the Company. The Company matched 100% of the first 4% of base compensation that a participant contributes to the plan. There were no profit sharing contributions authorized during 2016 and 2015. The Company's and participant's contributions are subject to the limitations imposed under the Internal Revenue Code (IRC). Separate accounts are maintained for each participant.

Participant Accounts
Each participant's account is credited with the participant's voluntary 401(k) contributions, any contributions by the Company, and earnings or losses on those contributions. The Company's discretionary profit sharing contributions are allocated to participants employed at the end of the plan year and are based on participants' compensation, as defined.

Participant Directed Investment Options
Upon enrollment in the Plan, a participant may direct contributions to any of the investment options.

Participants may change their investment options anytime via the telephone or Internet.

Vesting
Participants are immediately vested in voluntary 401(k) contributions, plus actual earnings thereon. The employer discretionary contributions are subject to a vesting schedule, as defined, with the participant being fully vested after six years.

Notes Receivable From Participants
Loans of up to 50% of a participant's vested account, with a minimum of a $1,000, not to exceed $50,000, may be obtained from the Plan at the discretion of the Plan's trustee. All loans are subject to the terms and conditions of the Plan.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Payment of Benefits
On termination of service, for account balances greater than $1,000, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in their account, installment payments over a future period, or an annuity contract. The Plan Administrator may authorize a lump-sum distribution for account balances less than $1,000. Participants terminated for reasons other than death, disability or retirement are entitled to receive their benefits as soon as administratively feasible.

Forfeitures
Forfeitures represent the non-vested portion of the Company's discretionary contributions plus earnings thereon, which are not distributable to participants who terminate employment before they are 100% vested. The amounts forfeited are used to reduce the Company's discretionary match contribution. At December 31, 2016 and 2015, forfeited non-vested accounts totaled $21,187 and $20,396, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management does not believe this will impact the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Part II was applied beginning with the December 31, 2015 plan year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Plan recordkeeping expenses and certain other administrative expenses are paid by the Plan. The Plan has an expense reimbursement account arrangement with American Funds that can be used to pay expenses of the Plan. Investment management fees are netted against Plan earnings.

Subsequent Events
Subsequent events have been evaluated through September 27, 2017, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Capital Bank and Trust (the custodian of the Plan).

NOTE 4: INVESTMENTS

During the plan years ended December 31, 2016 and 2015, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) as follows:

	2016	2015
Net appreciation/(depreciation)	$ 98,807	$ (155,204)

NOTE 5: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds and money market: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	Level 2	Level 3	Total
Mutual funds and money market	$ 3,422,729	0	0	$ 3,422,729
Total Assets at Fair Value				$ 3,422,729

Assets at Fair Value as of December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds and money market	$ 3,258,820	0	0	$ 3,258,820
Total Assets at Fair Value				$ 3,258,820

NOTE 6: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of funds managed by Capital Bank and Trust, which is the custodian of the Plan. These transactions qualify as party-in-interest.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8: TAX STATUS

The Plan Administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a Volume Submitter plan sponsored by ASC Institute LLC, which has received a favorable opinion letter from the IRS. The plan sponsor made no changes in the approved language of the Volume Submitter document. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, the Plan has no income subject to unrelated business income tax thus no provision for income taxes has been included in the Plan's financial statements.

NOTE 8: TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the high level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 10: VOLUNTARY CORRECTION PROGRAM

An error in the calculation of total wages subject to the deferral calculation was identified within the Plan. Corrective contributions to participant accounts, including lost earnings, have been identified and quantified by the Company. The Company will be making a voluntary submission to the IRS under the Voluntary Correction Program ("VCP"), outlining the foregoing operation issues, proposed resolution and corrective action. The estimate for the corrective contributions was based upon the plan provisions and was limited by various IRC regulations. An estimate of approximately $113,168 is recorded as corrective contributions receivable as of December 31, 2016, in the accompanying statement of net assets available for benefits. The estimate reflects investment earnings and losses based upon the affected participants' investment elections during the correction years. These amounts will be remitted by the Company and credited to participants' accounts as soon as administratively possible, upon approval by the Internal Revenue Service. These amounts have been estimated based on the proposed corrective action in the VCP. Any differences in the estimated and final correction methods, as agreed upon with the IRS, will be reflected in future years. Although submission is still pending with the IRS, all corrective actions, as required by the IRS, will be taken by the Company. No provision for income taxes has been included in the plan's financial statement related to the foregoing matters because the Company believes that the plan continues to be qualified, and the tax status of the related trust continues to be tax exempt.
