The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan became effective on January 1, 1998, and was most recently amended effective March 1, 2015 (the "Effective Date") to change the eligibility requirements to include a service requirement of 60 days and changing the entry date to the first day of the next calendar month after meeting the service requirement. The Plan is administered by the management of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Transamerica Life Insurance Company, the trustee of the Plan, is responsible for the custody and management of the Plan's assets.

Eligibility

All employees who have attained age 18 and completed 60 days of service are eligible for participation in the Plan. Enrollment can occur on the first day of the next calendar month after meeting the service requirement.

Participant Contributions

Each year, participants may contribute a maximum of 100% of eligible annual compensation, not to exceed elective deferral limits imposed by the Internal Revenue Service ("IRS"), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions

The Company may make a discretionary matching contribution on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the contribution period. For the year ended December 31, 2016, the total Employer Matching Contribution amounted to $800,544. All employer contributions are invested in the same manner that the participant directs his or her contributions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, rollovers from qualified plans of the participant's previous employers, allocation of the Company's contributions, if any, and allocations of the Plan's earnings. Each participant's account is credited with the participant's contribution and the Company's matching contribution. The allocation is made in accordance with the investment directions provided to trustee by each participant among the options listed in the service agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct their salary deferral contributions and the Company matching contributions, as desired, in any of several investment options offered by the Plan. Participants may change their investment options any time throughout the year via the Internet website or by using the automated telephone system offered by the trustee.

Notes from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the prior 12 month period. Participants may only have one outstanding loan at any time. The loans are secured by the participant's vested interest in the Plan and bear a rate of interest as determined by the Plan Administrator which is comparable to commercial lending institutions. Current loan interest rates range from 4.25% to 5.25%. Loan terms range from one to five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through biweekly payroll deductions.

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination and hardship, participants or the participants' beneficiaries are eligible to receive their vested interest in funds either in the form of payments beginning at age 70 ½ or in a lump-sum payment.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Plan participants are 100% vested in the balance of their contributions and related investment earnings at all times. The Employer's matching contributions and investment gains or losses thereon vest as follows:

Years of Service	Cumulative Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Participant's accounts are forfeited if the employer contribution portion has not fully vested at the time of withdrawal. Forfeitures may first be used to pay any administrative expenses and then any remaining forfeitures will be used to reduce any matching contributions. As of December 31, 2016 and 2015, forfeited nonvested accounts totaled $24,148 and $23,787, respectively. During the year ended December 31, 2016, the Plan used $10,707 of forfeited amounts to cover administrative expenses of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and include only the assets, liabilities and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America. Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

Contributions by the participants are recognized in the period the participants' wages are earned. Withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income is recorded when received by the Plan trustee. Plan expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents
The Plan considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes from Participants
Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefit payments to participants are recorded when paid. As of December 31, 2016, there were no benefits payable to participants who elected to withdraw from the Plan.

Administrative Expenses
Administrative expenses are paid using forfeited amounts, and the remaining expenses are paid directly by either the Company or by the Plan, as defined in the Plan document. For the year ended December 31, 2016, administrative expenses paid by the Plan's participants totaled $45,823.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 850): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. The amendments in ASU 2015-07 are effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. This ASU will be effective for the Company for fiscal years beginning after December 15, 2016. Early adoption is permitted, and the amendments in ASU 2015-07 should be applied retrospectively to all periods presented. Management elected to adopt this guidance for the Plan's year ended December 31, 2016. The adoption of these rules did not have a material effect on the disclosures in the Plan's financial statements.

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements* ("ASU 2015-10"). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards. The amendments in ASU 2015-10 will generally be effective for fiscal periods beginning after December 15, 2015. Management adopted this guidance for the Plan's year ended December 31, 2016. The adoption of the amendments did not have a material impact on the Plan.

Recently Issued Accounting Pronouncements

In February 2017, the FASB issued ASU No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) Employee Benefit Plan Master Trust Reporting.* The Update primarily relates to the reporting by an employee benefit plan for its interest in a master trust. The amendment of this Update clarifies presentation requirements for a plan's interest in a master trust and requires more detailed disclosures of the plan's interest in the master trust. The amendments also eliminate a redundancy relating to 401(h) account disclosures. The amendments of this Update are effective for fiscal years beginning after December 15, 2018. Early adoption is permitted. Management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company, the trustee of the Plan, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, and the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

Cash and cash equivalents: Valued at the carrying value, which approximates fair value due to the short-term nature of such instruments.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transfer at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments at fair value

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Cash	$ 29,028	$ -	$ -	$ 29,028
Mutual Funds	16,519,473	-	-	16,519,473
Total	**$ 16,548,501**	**$ -**	**$ -**	**$ 16,548,501**

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica Life Insurance Company. Transamerica Life Insurance Company is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt "party-in-interest" transactions permitted by the United States Department of Labor ("DOL") Rules and Regulations. Fees paid by the Plan to the trustee amounted to $45,823 for the year ended December 31, 2016. Notes from participants and the related interest income of $27,874 are also considered related-party transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, including mutual funds. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 7 – PLAN TERMINATION

Although it has not expressed such intent, the Company, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 8 – FEDERAL INCOME TAX STATUS

Effective January 1, 2015, the Plan adopted a volume submitter form of a prototype plan sponsored by the Transamerica Life Insurance Company. The prototype volume submitter plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the trustee believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability, asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
