The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended to cease all new loans obtainable under the Plan effective December 24, 2016.

Effective December 31, 2016, the Plan was frozen to new participants. Accordingly, no additional elective deferrals, catch-up contributions, rollover contributions, matching contributions, nonelective contributions, or direct transfers are permitted to be made to the Plan subsequently.

Eligibility: Employees were eligible to participate in the Plan immediately upon being hired by the Company. Employees of Jameson Health System, Inc. were eligible to receive employer matching contributions after completing three months of service. Employees of Jameson Care Center, Inc. were eligible to receive employer matching contributions after completing one year of service.

Contributions: Eligible employees were able to contribute pre-tax and post-tax annual compensation as defined in the Plan up to the maximum amount allowed by the Internal Revenue Code. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. The Company made matching contributions for eligible employees of Jameson Health System, Inc. with a maximum of 2 - 6% of an employee's annual compensation based on total years of credited service at the beginning of the Plan year. The eligible employees of Jameson Care Center, Inc. received a matching contribution equal to 50% of the employee's elective deferral contributions up to a maximum of 4% of the employee's annual compensation. Employees could receive non-elective contributions as permitted by the Plan document, upon discretion and approval of the President and Chief Executive Officer. Participants could roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions were subject to certain limitations.

Participant accounts: Each participant account was (a) credited with the participant's contributions, (b) credited with the Company's contributions, (c) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, (d) reduced by the participant's withdrawals, and (e) reduced by administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocations to individual participant accounts were based upon share values at specified valuation dates.

Vesting: Participants were immediately vested in their contributions and rollover contributions, as defined by the Plan document, plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portions of their accounts plus actual earnings thereon was based on years of service. A participant became 100 percent vested after three years of credited service as defined in the Plan document. Additionally, participants became fully vested, regardless of vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants: A participant could borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Loan terms could not exceed five years. However, if the loan was for the purchase of a principal residence, the Plan Administrator could permit a longer repayment term not to exceed 15 years. Loans are collateralized by the percentage of the participant's vested account balance equal to the amount borrowed, divided by the vested account balance. The interest rate for these loans was fixed for the life of the loan. The interest rate was based on the prime rate plus one percent. Principal and interest was paid through payroll deductions.

Payment of benefits: On termination of service due to death, disability, retirement, or other reason, a participant could elect to receive a lump-sum distribution or installments of his or her vested account balance. The Plan Sponsor could initiate a mandatory distribution for those terminated participants whose vested account balance is \$1,000 or less.

Forfeited accounts: Forfeitures of non-vested employer contributions arising from employee terminations and withdrawals were to be used to offset Plan expenses and to reduce employer contributions. As of December 31, 2016 and 2015, forfeited non-vested accounts totaled \$15,137 and \$35,871, respectively. Also, during the years ended December 31, 2016 and 2015, forfeited accounts of \$46,078 and \$22,083, respectively, were used to reduce employer matching contributions.

Investment options: Participants were allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants could change their allocations on a daily basis.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affected the determination of net assets available for benefits and changes in net assets available for benefits were as follows:

Basis of accounting: The financial statements of the Plan were prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade date basis. Dividend income was recorded on the ex-dividend date and interest income was recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits were recorded when paid.

Administrative expenses: The Plan's administrative expenses were paid by either the Plan or the Plan Sponsor as provided by the Plan document (Note 5).

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through October 4, 2017, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3. Information Certified by Empower, the Record Keeper of the Plan, as Agent for Huntington National Bank, the Custodian

The following is a summary of the investment information as of and for the years ended December 31, 2016 and 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Agent for the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Agent for the Custodian that information provided to the Plan Administrator by the Agent for the Custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of December 31:

	2016	2015
Investments, at fair value:		
Mutual funds	\$ 39,237,783	\$ 37,138,516
Guaranteed interest account	3,174,365	2,777,608
	<u>\$ 42,412,148</u>	<u>\$ 39,916,124</u>

The Agent for the Custodian also certified to the completeness and accuracy of \$1,716,915 of net appreciation and \$(1,758,313) of net (depreciation) in fair value of investments, \$14,983 and \$14,750 of interest income from notes receivable from participants, \$1,058,269 and \$1,712,846 of interest and dividends, and \$40,932 and \$7,257 of other income related to the aforementioned investments for the years ended December 31, 2016 and 2015, respectively. Notes receivable from participants that were certified as of December 31, 2016 and 2015, amounted to \$355,104 and \$368,807, respectively.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

JAMESON HEALTH SYSTEM, INCORPORATED 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016 or 2015:

Mutual funds: Valued based on quoted market prices.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations with consideration of the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016.

	Assets at Fair Value as of December 31, 2016			
	Total	Level I	Level II	Level III
Mutual funds	\$ 39,237,783	\$ 39,237,783	\$ -	\$ -
Guaranteed interest account	3,174,365	-	3,174,365	-
Total assets at fair value	\$ 42,412,148	\$ 39,237,783	\$ 3,174,365	\$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

	Assets at Fair Value as of December 31, 2015			
	Total	Level I	Level II	Level III
Mutual funds	\$ 37,138,516	\$ 37,138,516	\$ -	\$ -
Guaranteed interest account	2,777,608	-	2,777,608	-
Total assets at fair value	\$ 39,916,124	\$ 37,138,516	\$ 2,777,608	\$ -

Note 5. Related Party Transactions

Certain Plan investments were managed by Huntington National Bank. Huntington National Bank was the Custodian of these investments and, therefore, these transactions qualified as party-in-interest transactions.

Certain administrative expenses were paid directly by the Company for which it was not reimbursed. Certain administrative functions were performed by officers or employees of the Company. No such officers or employees received compensation from the Plan.

Note 6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100 percent vested in their entire account.

JAMESON HEALTH SYSTEM, INCORPORATED 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The Plan terms were written and designed to comply with the final regulations under Internal Revenue Code Section 403(b). The Plan was required to operate in conformity with the IRC to maintain the exclusion from tax for Plan participants. Plan management believed the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended December 31, 2013, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it was at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 9. Subsequent Events

Effective January 1, 2017, all active participants and terminated participants who have not yet forfeited their nonvested account balances shall become fully vested in their account balances.

Effective January 1, 2017, participants are eligible to transfer their monies to the UPMC 403(b) Retirement Savings Plan if the participant meets the following requirements: (1) is 100% vested under this Plan; (2) has no outstanding loans; (3) is actively employed by UPMC or one of its affiliates; and (4) is participating in the UPMC 403(b) Retirement Savings Plan.
