Participants may also contribute amounts representing distributions from other qualified plans referred to as "Rollovers". The Company will match 100% of employee contributions not to exceed 3% of total compensation and 50% of contributions greater than 3%, but no more than 5% of compensation. The plan is defined as a "Safe Harbor Plan". Employer and Employee contributions are made directly to funds in the custody of Wells Fargo Bank.

3. Participant Accounts. Each participant's account is credited with (1) The participant's contribution, (b) The Company's contribution and (c) Allocated Plan earnings. Participants are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions, the Company's safe harbor matching contribution and actual earnings on these two contributions. A six year vesting schedule applies to any other contributions that the Company might make to the plan such as nonelective or additional matching contributions.

5. Forfeitures. At December 31, 2016, the forfeiture account had a balance of $436.85.

6. Administrative Expenses. Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Note A. Description of the Plan (continued)

7. Notes Receivable from Participants. Participants may borrow a minimum of $1,000 and an amount up to 50% of their vested account balance not to exceed $50,000. The loans are secured by the balance in the participant's account. Interest rates are prime plus 1% ranging from 4.25% to 9.25%, depending on the prevailing rates at the times the loans were made.

8. Payments of Benefits. On termination of service due to severance of employment, the participant may receive a lump sum distribution. For employees aged 59 ½ and those who qualify for "Hardship Distributions", in-service distributions are permitted by the plan. Participants should refer to the "Summary Plan Description" for the details concerning death and disability as it relates to distributions.

Note B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are presented at fair value except for fully-benefit responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents both the investments valued at fair value and the investments valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B. Summary of Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015.

Payment of Benefits- Benefits are recorded when paid.

Administrative Expenses-Expenses of maintaining the plan are shared by the plan and the employer. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 6, 2017, the date the financial statements were available to be issued. The plan sponsor (The Rutland Group) was acquired by PolyOne Corporation on January 7, 2017. The plan is expected to be terminated between December 15, 2017 and February 1, 2018.

Note C. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Note D. Information Certified by the Trustee (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A. (the trustee of the Plan). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian in accordance with Section 2520.103-5(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The value of the following investments at December 31, 2016 and 2015, as reported by Wells Fargo Bank N.A. is summarized as follows:

	December 31, 2016	December 31, 2015
Investments at Fair Value		
Mutual Funds	$3,576,536	$3,544,511
Common Trust Funds	621,341	581,179
Total	4,197,877	4,125,690
Investments Reported at Contract Value		
Common Trust Fund	1,063,346	1,042,657
Notes Receivable from Participants	120,620	115,031
Total Investments Reported	$5,381,843	$5,283,378

Audit procedures were not performed on the information above, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

During the year ended December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year and dividends and interest reinvested) appreciated in value by $322,660.

Note E. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the following methodologies used at December 31, 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded. Common Trust Funds: Valued at market-based prices with observable inputs except for the Wells Fargo Stable Value Fund which has a benefit-responsive component and is valued at contract value.

Note E. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2016 and 2015.

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$3,576,536			$3,576,536
Common Trust Funds		621,341		621,341
Investments at Fair Value	$3,576,536	$621,341	-	$4,197,877

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	3,544,511	-	-	3,544,511
Common Trust Funds	-	581,179	-	581,179
Investments at Fair Value	$3,544,511	$581,179	-	$4,125,690

Note F. Related Party Transactions

Certain Plan investments are shares of mutual funds and common trust funds managed by Wells Fargo Bank, N.A. the trustee of the Plan. During 2016, the Plan paid $23,972 to Wells Fargo for plan administration. These transactions qualify as exempt party-in-interest transactions. The plan auditor's compensation was paid by the plan sponsor.

Note G. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Due to the acquisition of the plan sponsor described in "Note B", it is intended that the plan will be terminated and the participant accounts will be transferred to a plan in the acquiring company's corporate group. The exact timing of events has not been determined.

Note H. Reconciliation of Financial Statements to Schedule H of Form 5500

There are no differences to report.

Note I. Tax Status

The Plan has not requested a determination letter from the Internal Revenue Service. Effective September 1, 2015, the plan was restated under a Volume Submitter 401(K) Plan sponsored by Wells Fargo Bank, N.A. The latest Internal Revenue Service opinion letter supporting this plan design was issued on March 31, 2014. The letter states that the form of the plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax-exempt.

Effective January 1, 2016, the plan was amended to shorten the service interval that precedes eligibility for plan participation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2013.

RUTLAND PLASTICS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

Note A. Description of the Plan

The following description of the Rutland Plastics, Inc. 401(K) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan covering all full-time employees of The Rutland Group ("the company") who have completed three months of service and are at least 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions. Each year, participants may contribute up to 100% of their qualifying compensation, as defined by the Plan. In 2016, participant contributions were subject to a limitation of $18,000 plus an additional $6,000 for participants aged 50 or older. Participants may also contribute amounts representing distributions from other qualified plans referred to as "Rollovers". The Company will match 100% of employee contributions not to exceed 3% of total compensation and 50% of contributions greater than 3%, but no more than 5% of compensation. The plan is defined as a "Safe Harbor Plan". Employer and Employee contributions are made directly to funds in the custody of Wells Fargo Bank.

3. Participant Accounts. Each participant's account is credited with (1) The participant's contribution, (b) The Company's contribution and (c) Allocated Plan earnings. Participants are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting. Participants are immediately vested in their contributions, the Company's safe harbor matching contribution and actual earnings on these two contributions. A six year vesting schedule applies to any other contributions that the Company might make to the plan such as nonelective or additional matching contributions.

5. Forfeitures. At December 31, 2016, the forfeiture account had a balance of $436.85.

6. Administrative Expenses. Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Note A. Description of the Plan (continued)

7. Notes Receivable from Participants. Participants may borrow a minimum of $1,000 and an amount up to 50% of their vested account balance not to exceed $50,000. The loans are secured by the balance in the participant's account. Interest rates are prime plus 1% ranging from 4.25% to 9.25%, depending on the prevailing rates at the times the loans were made.

8. Payments of Benefits. On termination of service due to severance of employment, the participant may receive a lump sum distribution. For employees aged 59 ½ and those who qualify for "Hardship Distributions", in-service distributions are permitted by the plan. Participants should refer to the "Summary Plan Description" for the details concerning death and disability as it relates to distributions.

Note B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are presented at fair value except for fully-benefit responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents both the investments valued at fair value and the investments valued at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B. Summary of Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from these estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015.

Payment of Benefits- Benefits are recorded when paid.

Administrative Expenses-Expenses of maintaining the plan are shared by the plan and the employer. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through October 6, 2017, the date the financial statements were available to be issued. The plan sponsor (The Rutland Group) was acquired by PolyOne Corporation on January 7, 2017. The plan is expected to be terminated between December 15, 2017 and February 1, 2018.

Note C. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note D. Information Certified by the Trustee (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A. (the trustee of the Plan). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian in accordance with Section 2520.103-5(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The value of the following investments at December 31, 2016 and 2015, as reported by Wells Fargo Bank N.A. is summarized as follows:

	December 31, 2016	December 31, 2015
Investments at Fair Value		
Mutual Funds	$3,576,536	$3,544,511
Common Trust Funds	621,341	581,179
Total	4,197,877	4,125,690
Investments Reported at Contract Value		
Common Trust Fund	1,063,346	1,042,657
Notes Receivable from Participants	120,620	115,031
Total Investments Reported	$5,381,843	$5,283,378

Audit procedures were not performed on the information above, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

During the year ended December 31, 2016, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year and dividends and interest reinvested) appreciated in value by $322,660.

Note E. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the following methodologies used at December 31, 2016.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded. Common Trust Funds: Valued at market-based prices with observable inputs except for the Wells Fargo Stable Value Fund which has a benefit-responsive component and is valued at contract value.

Note E. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's investments at fair value as of December 31, 2016 and 2015.

Note F. Related Party Transactions

Certain Plan investments are shares of mutual funds and common trust funds managed by Wells Fargo Bank, N.A. the trustee of the Plan. During 2016, the Plan paid $23,972 to Wells Fargo for plan administration. These transactions qualify as exempt party-in-interest transactions. The plan auditor's compensation was paid by the plan sponsor.

Note G. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Due to the acquisition of the plan sponsor described in "Note B", it is intended that the plan will be terminated and the participant accounts will be transferred to a plan in the acquiring company's corporate group. The exact timing of events has not been determined.

Note H. Reconciliation of Financial Statements to Schedule H of Form 5500

There are no differences to report.

Note I. Tax Status

The Plan has not requested a determination letter from the Internal Revenue Service. Effective September 1, 2015, the plan was restated under a Volume Submitter 401(K) Plan sponsored by Wells Fargo Bank, N.A. The latest Internal Revenue Service opinion letter supporting this plan design was issued on March 31, 2014. The letter states that the form of the plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the plan is qualified and the related trust is tax-exempt.

Effective January 1, 2016, the plan was amended to shorten the service interval that precedes eligibility for plan participation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2013.
