MICO, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 1: DESCRIPTION OF PLAN

This description of the Plan provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at MICO, Inc. (the Company).

General

The Plan is a defined contribution plan covering substantially all employees of the Company, who are 21 years of age or older and have completed certain service requirements. An employee becomes eligible for elective deferral purposes after one month of service and eligible for an employer discretionary contribution after two years of service. A year of service for purposes of eligibility is a consecutive 12 month period during which the employee has 1,000 or more hours of service. Entry dates into the Plan are the first day of the month coinciding with or following the date the eligibility requirements are met. Collectively bargained, nonresident aliens and leased employees are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant accounts

Each participant's account is credited with the employee's contributions, rollover contributions, an allocation of the Company's contributions, if any, and Plan earnings. Allocations are based on the participant's eligible compensation or account balance as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may elect to contribute between 1 percent and 100 percent of their eligible compensation, as defined by the Plan. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company's contribution, if any, is at the discretion of the Board of Directors up to the maximum allowed by law. The Company's contributions are allocated based on the ratio of participant's eligible compensation for the year to the total eligible compensation of all participants for the year. A participant must be employed on the last day of the Plan year in order to receive an allocation of the contribution. There were no Company contributions for the year ended December 31, 2016.

Investment options

Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their accounts upon entry into the Plan.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 and maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan terms may not exceed five years, except for the purchase of a principal residence, which may not exceed 10 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined by the Plan administrator. Interest rates range from 4.25 to 6.00 percent at December 31, 2016 and mature at various dates through August 2020. Principal and interest are repaid ratably through payroll deductions for those participants still actively employed by the Company. Participants that are no longer employed by the Company work directly with the Plan's trustee to pay back any outstanding loans.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 1: DESCRIPTION OF PLAN - CONTINUED

Payment of benefits

Upon termination of service, death, disability, retirement, or hardship, a participant (or in the case of death, the participant's beneficiary), if applicable, may receive the vested value in his or her account in a lump-sum distribution as soon as administratively feasible. Participants may also elect to receive distributions through installment payments for a specified term. A terminated employee with a balance of \$5,000 or less will be automatically paid out by the Plan upon termination.

In-service distributions may also be made, at the participant's request, to a participant who has not separated from service and has reached age 59 ½.

Plan amendments

Effective January 1, 2016, the Plan was restated in its entirety. The following is a summary of significant changes to plan provisions:

- Discretionary matching contributions are permitted
- Installment payments are no longer permitted
- Roth contributions and in-plan Roth conversions are permitted

Effective July 1, 2016, the Plan was amended to remove the option to allow Roth contributions and in-plan Roth conversions.

Merger

On December 1, 2016, the Board of Directors of MICO, Inc. (the Plan Sponsor) approved the merger of this Plan into the WABCO 401(k) Retirement Plan (the WABCO Plan), effective January 3, 2017. As a result, investments liquidated in preparation for transfer to the WABCO Plan. This liquidation resulted in a pending trade, which is recorded in other receivables on the Statement of Net Assets Available for Benefits (see Note 10). The trade settled in 2017, at which time the assets were transferred.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the MICO, Inc. Retirement Plan (the Plan) are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America.

Valuation of investments

The Plan's investments are stated at fair market value. For additional information on the fair value of investments see Note 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Reclassifications

Certain prior year items have been reclassified to conform to the current year presentation. These reclassifications had no effect on previously reported net assets available for benefits.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

MICO, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payments of benefits

Benefit payments are recorded when paid.

Administrative expenses

Certain expenses of the Plan are paid by the plan sponsor and are not included in the statement of changes in net assets available for benefits (see Note 3).

Investment and Securities Transactions

The Plan's investments are stated at fair value. A substantial amount of Plan assets were transferred to the WABCO Plan with a trade date of December 30, 2016 and a settlement date of January 3, 2017.

Subsequent events

The Plan's management has evaluated subsequent events through, September 12, 2017, the date the financial statements were available to be issued.

Effective January 3, 2017, substantially all assets of the Plan were transferred out to the WABCO 401(k) Retirement Plan.

New accounting pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12 (Parts I, II, and III), *Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Pension Plans, and Health and Welfare Benefit Plans*, which modifies FASB Accounting Standards Codification (ASC) Topics 960, 962, and 965, respectively. The amendments make the following changes:

Part I

- In regards to fully benefit responsive contracts, contract value will be the only relevant measure. No longer will there be a requirement to include an adjustment to fair value.

Part II

- Eliminates specific disclosures for participant vs. nonparticipant directed investments
- Net appreciation/depreciation is no longer required by investment type
- Investments only need to be grouped by general type rather than being disaggregated
- Disclosure for investments that comprise 5% or more of net assets available for benefits is no longer required
- For investments that use net asset value (NAV) as a practical expedient for fair value that file as a direct filing entity with the Department of Labor on a Form 5500 there is no longer a requirement to disclose the investment strategy

The amendments in this update were effective for fiscal years beginning after December 15, 2015 with early application permitted. Management has elected to apply this amendment early in the year ended December 31, 2015.

Note 3: ADMINISTRATION FEES

The Plan's record keeper charges the Plan an asset-based service fee of 19 basis points against all Plan participant accounts on a monthly basis, using each participant's prior month-end account market value, excluding participant loan balances. Fees are also charged to participants who take a distribution, borrow money against their account, or purchase an insurance policy through the plan. Expenses paid out of the Plan were approximately \$50,600 for the year ended December 31, 2016. The Company pays all other significant fees.

Note 5: FAIR VALUE MEASUREMENT

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

MICO, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 5: FAIR VALUE MEASUREMENT – CONTINUED

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered Investment Companies - Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts (CCT): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. The level 2 assets shown below are cash equivalents that are not actively traded.

Life Insurance: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: FAIR VALUE MEASUREMENT - CONTINUED

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

MICO, INC. RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

Note 5: FAIR VALUE MEASUREMENT - CONTINUED

There were no changes in the level 3 investments for the year ended December 31, 2016.

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2015:

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
BMO Employee Benefit Stable Value Fund	<u>\$ 5,980,376</u>	<u>NA</u>	<u>Daily</u>	<u>90 days</u>

The plan had no investments that were measured at fair value based on NAV per share as of December 31, 2016.

Note 6: INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated July 7, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 7: PLAN TERMINATION

The Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As discussed in Note 1, the Plan Sponsor has elected to merge the Plan with the WABCO 401(k) Retirement Plan effective January 3, 2017.

Note 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. The investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are managed by BMO Retirement Services, trustee and therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Certain employees of the Company provide to the Plan certain accounting and administrative services for which no fees are charged.

Note 10: OTHER RECEIVABLES

As a result of the transfer of assets that was pending as of December 31, 2016, the Plan has approximately \$18,795,000 of its assets included in other receivables on the Statement of Net Assets Available for Benefits. This transaction settled and was transferred to the WABCO Plan effective January 3, 2017 as discussed in Note 1.
