INDEPENDENT AUDITORS' REPORT

To the Trustees of the
WTS International, Inc. 401(k) Savings Plan
Rockville, Maryland

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WTS International, Inc. 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan as of December 31, 2016 and State Street Bank & Trust Company the trustee of the Plan as of December 31, 2015, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the WTS International, Inc. 401(k) Plan (WTS) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

WTS International, Inc. 401(k) Savings Plan was established on March 1, 1997 as a defined contribution savings plan as described in Section 401(k) of the Internal Revenue Code (IRC). With the exception of nonresident aliens, leased employees and Hawaii PEO employees, the Plan covers substantially all employees of WTS after one year and 1,000 hours of service, who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants can elect to contribute a percentage of their annual compensation, as defined in the Plan, up to the maximum allowed under the applicable provision of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain IRAs. Participants may direct contributions and related earnings to a general asset fund or other pooled separate investments accounts selected by the 401(k) Plan Trustees. The Plan presently maintains 32 investment fund options that are classified by the Plan as stable, conservative, moderate, dynamic, or aggressive in nature. The stable value fund is a common collective trust which is supported by investments in guaranteed investment contract's, collateralized mortgage obligations, managed bond portfolios and cash. Participants may elect to revise investment allocations at any time using on-line access. WTS International, Inc. 401(k) may, at its discretion, make matching contributions based on a percentage of the participants' compensation as defined by the Plan agreement. To discharge fiduciary liability for investment losses, the Plan sponsor qualified the Plan as a 404(c) plan under the Employee Retirement Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) WTS International, Inc. 401(k) contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is their vested account balance.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are fully vested in their contributions and related earnings. Vesting in all other employer contributions and related earnings is based on years of continuous service. Participants vest in WTS International, Inc. 401(k)'s matching contributions as follows:

Years	Percent
1	-
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

The Plan also includes a loan provision allowing participants to borrow money from their individual accounts at amounts between $1,000 and the lesser of $50,000 or 50% of the participant's vested balance. Participants may have two outstanding loans at any one time. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25-7.00%, which are commensurate with local prevailing rates as determined by the Plan Administrator. The maximum repayment period is generally five years, unless the loan was for the purchase of a primary residence. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

Upon termination of service, participants whose vested accounts have never exceeded $5,000 will receive an immediate lump sum distribution, while all others may elect to withdraw balances in lump sum or installments or may let the balances remain in the Plan until the participant has reached age 70½. The Plan also offers hardship withdrawals for those in need who qualify. Hardship distributions totaled $10,443 and $5,221 for the years ended December 31, 2016 and 2015, respectively.

Forfeited Accounts

When termination occurs before the employer matching contribution are 100% vested, the forfeited amount is first used to reduce the Plan's administrative expenses then employer matching contributions. The employer has elected not to make discretionary matching contributions, thus no forfeited amounts were used in 2016 or 2015.

Upon complete or partial termination of the Plan, or in the event of complete discontinuance of contributions, the rights of all affected participants to benefits accrued through the date of termination or discontinuance shall become non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make note receivable repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contribution. The Plan distributed the 2015 excess contributions totaling $16,661, to the applicable participants prior to March 15, 2017 deadline. The Plan distributed the 2015 excess contributions totaling $13,700, to the applicable participants prior to March 15, 2016 deadline.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by WTS International, Inc. 401(k), the Plan sponsor.

Federal Income Tax Status

The Plan is operating under a prototype Plan provided by Automated Data Processing (APD), the Plan's third-party administrator, which received a favorable determination letter from the IRS dated July 16, 2014. Therefore, it is exempt from Federal income taxes under Section 401(k) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Federal tax returns are subject to audit by taxing authorities, generally for three years after filing, hence the Plan's tax returns for the years 2013 and onward are open to examination.

New Accounting Standard

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update "ASU" 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance is effective for fiscal years beginning after December 15, 2015.

Subsequent Events

Subsequent events were evaluated through October 3, 2017, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 3 inputs used at December 31, 2016.

Level 1 Fair Value Measurements

Fair values are based on quoted prices (unadjusted) in active markets or identical assets that the plan has the ability to access at the measurement date (e.g. prices derived from NYSE, NASDAQ or Chicago Board of Trade).

Level 2 Fair Value Measurements

Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly (i.e. interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

NAV as a Practical Expedient for Fair Value: It was determined that as a practical expedient, net asset value ("NAV") per share is permitted by ASC 820 to estimate the fair value of an investment as long as the investment does not already have a readily determinable fair value (i.e. it's available on a domestic stock exchange or is a mutual fund with a published price), it's calculated in a manner consistent with the measurement principles of the investment company reporting as of the reporting entity's measurement date and there are no plans to redeem the investments at amounts different from NAV.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2016.

Common Collective Trust Funds: Investments held by a collective investment trust are valued at the net asset value (NAV) of units of the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective investment trust is required to be reported at fair value.

Mutual Funds: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

This space left blank intentionally

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

December 31, 2016	**(Level 1)**	**Total**
Mutual Funds	$ 1,795,128	$ 1,795,128
Other investments measured at net asset value	-	607,126
Total	$ 1,795,128	$ 2,402,254
December 31, 2015		
Mutual Funds	$ 1,584,143	$ 1,584,143
Other investments measured at net asset value	-	516,560
Total	$ 1,584,143	$ 2,100,703

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no transfers (out of) or into Level 3 for the year ended December 31, 2016.

Fair Value of Investments in Entities that Use Net Asset Value

NOTE 4 - UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Statement of Net Assets Available for Benefits as of December 31, 2016 and 2015, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Reliance Trust Company, the trustee of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The certified information includes total investments of $2,402,254 and $2,100,703 at December 31, 2016 and 2015, respectively, and a related net investment income of $184,619 for the year ended December 31, 2016.

NOTE 5 - INVESTMENTS

Securities Lending

Several of the common collective trust funds managed by SSGA participate in a securities lending program. Under this program, the Plan's investment securities are loaned to investment brokers for a fee. Securities so loaned are fully collateralized by cash, letters of credit, and securities issued or guaranteed by the U.S. government, its agencies, and instrumentalities. Funds that engage in securities lending do so in order to benefit from the potential additional income that securities lending offers to institutional investors, whether to augment returns, offset plan expenses or other similar purposes. The collateral pools have not realized any material credit losses nor do they hold securities of issuers that have defaulted on their obligations. There are no direct securities lending by the Plan; however certain investment funds permit securities lending. Should there be a default on loaned securities; the funds are generally reimbursed for the amount of the default. In certain market circumstances, there is the possibility that the funds may impose withdrawal restrictions. As of December 31, 2016, there were no withdrawal restrictions and no effect on net asset values. There were no losses allocated to participants as a result of the loss of collateral with respect to securities lending programs as of and for the year ended December 31, 2016.

NOTE 6 - INVESTMENTS IN STABLE VALUE COMMON COLLECTIVE TRUST

The Invesco Stable Asset Trust holds assets that provide for benefit payments or withdrawals on a contractual basis such as guaranteed investment contracts ("GICs"), group annuity contracts (including separate account guaranteed investment contracts), and synthetic GIC contracts (collectively, "Investment Contracts"). Since market quotations are not readily available for Investment Contracts, the Trustee or its agent will determine the fair value of Investment Contracts, also sometimes referred to as their contract value, which shall generally be their accrued book value (purchase price of Fund assets covered by the Investment Contract ("covered assets") minus the sale price of covered assets sold to fund unit redemptions (if any), plus interest accrued at the crediting rate specified in the investment contract). With respect to Investment Contracts covering interests in insurance company separate accounts, the Trustee shall be entitled to rely on the valuation provided by the insurance company sponsoring the account. In certain circumstances, the terms of an Investment Contract may require some or all of the Covered Assets to be valued at their market value without reference to the Investment Contract rather than at their accrued book value, which could adversely affect the value of the Fund.

Because changes in market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the wrapper contract's interest crediting rate. In addition, participant withdrawals and transfers from the Trust are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate.

Investment contracts are valued at contract value principally because unitholders are able to transact at contract value when initiating benefit-responsive withdrawals, taking loans or making investment option transfers permitted by the participating plan. A benefit-responsive withdrawal includes a payment to a unitholder arising from retirement, termination of employment, disability or death. In the normal course, unitholder events are predictable (for unitholders as a group) such that the economic integrity of investment contracts is largely unaffected by unitholder withdrawals.

Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the Trust's ability to transact at contract value with plan unitholders. Other events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the plan's loss of its qualified status, material breaches of responsibilities that are not cured, or material and adverse changes to the provisions of the plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments.

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has engaged Automated Data Processing (APD), to act as a third party administrator. Fees paid for recordkeeping and administration services totaled $8,393 for the year ended December 31, 2016.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2016	2015
Net assets available for benefits per the audited financial statements	$ 2,444,109	$ 2,154,183
Participant contribution receivable	(14,811)	(9,802)
Corrective distributions payable	16,661	13,700
Net assets available for benefits per schedule H the Form 5500	$ 2,445,959	$ 2,158,081

As of December 31, 2016, all amounts allocated to accounts of participants who have withdrawn from the Plan have been paid.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intent to do so, WTS International, Inc. 401(k), the Plan sponsor, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all contributions.

INDEPENDENT AUDITORS' REPORT

To the Trustees of the
WTS International, Inc. 401(k) Savings Plan
Rockville, Maryland

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WTS International, Inc. 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan as of December 31, 2016 and State Street Bank & Trust Company the trustee of the Plan as of December 31, 2015, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the WTS International, Inc. 401(k) Plan (WTS) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

WTS International, Inc. 401(k) Savings Plan was established on March 1, 1997 as a defined contribution savings plan as described in Section 401(k) of the Internal Revenue Code (IRC). With the exception of nonresident aliens, leased employees and Hawaii PEO employees, the Plan covers substantially all employees of WTS after one year and 1,000 hours of service, who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants can elect to contribute a percentage of their annual compensation, as defined in the Plan, up to the maximum allowed under the applicable provision of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain IRAs. Participants may direct contributions and related earnings to a general asset fund or other pooled separate investments accounts selected by the 401(k) Plan Trustees. The Plan presently maintains 32 investment fund options that are classified by the Plan as stable, conservative, moderate, dynamic, or aggressive in nature. The stable value fund is a common collective trust which is supported by investments in guaranteed investment contract's, collateralized mortgage obligations, managed bond portfolios and cash. Participants may elect to revise investment allocations at any time using on-line access. WTS International, Inc. 401(k) may, at its discretion, make matching contributions based on a percentage of the participants' compensation as defined by the Plan agreement. To discharge fiduciary liability for investment losses, the Plan sponsor qualified the Plan as a 404(c) plan under the Employee Retirement Security Act of 1974 (ERISA).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) WTS International, Inc. 401(k) contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is their vested account balance.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are fully vested in their contributions and related earnings. Vesting in all other employer contributions and related earnings is based on years of continuous service. Participants vest in WTS International, Inc. 401(k)'s matching contributions as follows:

Years	Percent
1	-
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

The Plan also includes a loan provision allowing participants to borrow money from their individual accounts at amounts between $1,000 and the lesser of $50,000 or 50% of the participant's vested balance. Participants may have two outstanding loans at any one time. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25-7.00%, which are commensurate with local prevailing rates as determined by the Plan Administrator. The maximum repayment period is generally five years, unless the loan was for the purchase of a primary residence. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

Upon termination of service, participants whose vested accounts have never exceeded $5,000 will receive an immediate lump sum distribution, while all others may elect to withdraw balances in lump sum or installments or may let the balances remain in the Plan until the participant has reached age 70½. The Plan also offers hardship withdrawals for those in need who qualify. Hardship distributions totaled $10,443 and $5,221 for the years ended December 31, 2016 and 2015, respectively.

Forfeited Accounts

When termination occurs before the employer matching contribution are 100% vested, the forfeited amount is first used to reduce the Plan's administrative expenses then employer matching contributions. The employer has elected not to make discretionary matching contributions, thus no forfeited amounts were used in 2016 or 2015.

Upon complete or partial termination of the Plan, or in the event of complete discontinuance of contributions, the rights of all affected participants to benefits accrued through the date of termination or discontinuance shall become non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using contract value for the fully benefit-responsive investment contract.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2016 and 2015, no allowance for credit losses has been recorded. If a participant does not make note receivable repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contribution. The Plan distributed the 2015 excess contributions totaling $16,661, to the applicable participants prior to March 15, 2017 deadline. The Plan distributed the 2015 excess contributions totaling $13,700, to the applicable participants prior to March 15, 2016 deadline.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by WTS International, Inc. 401(k), the Plan sponsor.

Federal Income Tax Status

The Plan is operating under a prototype Plan provided by Automated Data Processing (APD), the Plan's third-party administrator, which received a favorable determination letter from the IRS dated July 16, 2014. Therefore, it is exempt from Federal income taxes under Section 401(k) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Federal tax returns are subject to audit by taxing authorities, generally for three years after filing, hence the Plan's tax returns for the years 2013 and onward are open to examination.

New Accounting Standard

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update "ASU" 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance is effective for fiscal years beginning after December 15, 2015.

Subsequent Events

Subsequent events were evaluated through October 3, 2017, which is the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Level 3 inputs used at December 31, 2016.

Level 1 Fair Value Measurements

Fair values are based on quoted prices (unadjusted) in active markets or identical assets that the plan has the ability to access at the measurement date (e.g. prices derived from NYSE, NASDAQ or Chicago Board of Trade).

Level 2 Fair Value Measurements

Fair values are based on inputs other than quoted price included within level 1 that are observable for valuing the asset or liability, either directly or indirectly (i.e. interest rate and yield curves observable at commonly quoted intervals, default rates, etc.). Observable inputs include quoted price for similar assets or liabilities in active or non-active markets. Level 2 inputs may also include insignificant adjustments to market observable inputs.

NAV as a Practical Expedient for Fair Value: It was determined that as a practical expedient, net asset value ("NAV") per share is permitted by ASC 820 to estimate the fair value of an investment as long as the investment does not already have a readily determinable fair value (i.e. it's available on a domestic stock exchange or is a mutual fund with a published price), it's calculated in a manner consistent with the measurement principles of the investment company reporting as of the reporting entity's measurement date and there are no plans to redeem the investments at amounts different from NAV.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2016.

Common Collective Trust Funds: Investments held by a collective investment trust are valued at the net asset value (NAV) of units of the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The collective investment trust is required to be reported at fair value.

Mutual Funds: The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

This space left blank intentionally

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

December 31, 2016	**(Level 1)**	**Total**
Mutual Funds	$ 1,795,128	$ 1,795,128
Other investments measured at net asset value	-	607,126
Total	$ 1,795,128	$ 2,402,254
December 31, 2015		
Mutual Funds	$ 1,584,143	$ 1,584,143
Other investments measured at net asset value	-	516,560
Total	$ 1,584,143	$ 2,100,703

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no transfers (out of) or into Level 3 for the year ended December 31, 2016.

Fair Value of Investments in Entities that Use Net Asset Value

NOTE 4 - UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Statement of Net Assets Available for Benefits as of December 31, 2016 and 2015, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Reliance Trust Company, the trustee of the Plan, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The certified information includes total investments of $2,402,254 and $2,100,703 at December 31, 2016 and 2015, respectively, and a related net investment income of $184,619 for the year ended December 31, 2016.

NOTE 5 - INVESTMENTS

Securities Lending

Several of the common collective trust funds managed by SSGA participate in a securities lending program. Under this program, the Plan's investment securities are loaned to investment brokers for a fee. Securities so loaned are fully collateralized by cash, letters of credit, and securities issued or guaranteed by the U.S. government, its agencies, and instrumentalities. Funds that engage in securities lending do so in order to benefit from the potential additional income that securities lending offers to institutional investors, whether to augment returns, offset plan expenses or other similar purposes. The collateral pools have not realized any material credit losses nor do they hold securities of issuers that have defaulted on their obligations. There are no direct securities lending by the Plan; however certain investment funds permit securities lending. Should there be a default on loaned securities; the funds are generally reimbursed for the amount of the default. In certain market circumstances, there is the possibility that the funds may impose withdrawal restrictions. As of December 31, 2016, there were no withdrawal restrictions and no effect on net asset values. There were no losses allocated to participants as a result of the loss of collateral with respect to securities lending programs as of and for the year ended December 31, 2016.

NOTE 6 - INVESTMENTS IN STABLE VALUE COMMON COLLECTIVE TRUST

The Invesco Stable Asset Trust holds assets that provide for benefit payments or withdrawals on a contractual basis such as guaranteed investment contracts ("GICs"), group annuity contracts (including separate account guaranteed investment contracts), and synthetic GIC contracts (collectively, "Investment Contracts"). Since market quotations are not readily available for Investment Contracts, the Trustee or its agent will determine the fair value of Investment Contracts, also sometimes referred to as their contract value, which shall generally be their accrued book value (purchase price of Fund assets covered by the Investment Contract ("covered assets") minus the sale price of covered assets sold to fund unit redemptions (if any), plus interest accrued at the crediting rate specified in the investment contract). With respect to Investment Contracts covering interests in insurance company separate accounts, the Trustee shall be entitled to rely on the valuation provided by the insurance company sponsoring the account. In certain circumstances, the terms of an Investment Contract may require some or all of the Covered Assets to be valued at their market value without reference to the Investment Contract rather than at their accrued book value, which could adversely affect the value of the Fund.

Because changes in market interest rates affect the yield to maturity and the market value of the underlying investments, they can have a material impact on the wrapper contract's interest crediting rate. In addition, participant withdrawals and transfers from the Trust are paid at contract value but funded through the market value liquidation of the underlying investments, which also impacts the interest crediting rate.

Investment contracts are valued at contract value principally because unitholders are able to transact at contract value when initiating benefit-responsive withdrawals, taking loans or making investment option transfers permitted by the participating plan. A benefit-responsive withdrawal includes a payment to a unitholder arising from retirement, termination of employment, disability or death. In the normal course, unitholder events are predictable (for unitholders as a group) such that the economic integrity of investment contracts is largely unaffected by unitholder withdrawals.

Employer initiated events, if material, may affect the underlying economics of investment contracts. These events include plant closings, layoffs, plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of a trust or other events. The occurrence of one or more employer initiated events could limit the Trust's ability to transact at contract value with plan unitholders. Other events that would permit a wrapper contract issuer to terminate a wrapper contract upon short notice include the plan's loss of its qualified status, material breaches of responsibilities that are not cured, or material and adverse changes to the provisions of the plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the market value of the underlying investments.

NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has engaged Automated Data Processing (APD), to act as a third party administrator. Fees paid for recordkeeping and administration services totaled $8,393 for the year ended December 31, 2016.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2016	2015
Net assets available for benefits per the audited financial statements	$ 2,444,109	$ 2,154,183
Participant contribution receivable	(14,811)	(9,802)
Corrective distributions payable	16,661	13,700
Net assets available for benefits per schedule H the Form 5500	$ 2,445,959	$ 2,158,081

As of December 31, 2016, all amounts allocated to accounts of participants who have withdrawn from the Plan have been paid.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intent to do so, WTS International, Inc. 401(k), the Plan sponsor, has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all contributions.
