Note 1 – Description of plan

The following description of Therapy Specialists 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. Employees of Susan J. Harris, Inc. DBA Therapy Specialists (the "Company") become eligible to participate in the Plan on the Plan entry date immediately following the date the employee completes three months of service, providing they are at least twenty-one years of age and they are not subject to a collective bargaining agreement or a non-resident alien.

Contributions

Each year participants may contribute their eligible compensation, as defined in the Plan document, up to the annual limit allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions equal to a percentage of the participant's contributions subject to overall compensation limitations. Participants are eligible to share in the Company discretionary matching contributions if they elected to make employee contributions and are employed with the plan sponsor at the last day of the year. For the year ended December 31, 2016 the matching contribution was 1% of the participants' compensation for participants that deferred 6% of compensation. The matching contribution is prorated for participants that defer less than 6% of compensation. The discretionary matching contribution for December 31, 2016 is $41,787.

In addition, the Company may make a discretionary nonelective contribution. For the year ended December 31, 2016 the Company did not make a discretionary nonelective contribution.

Rollover contributions

The Plan provides for rollover contributions, which represent contributions by participants from other tax qualified retirement plans. The maximum amount of a participant's rollover contribution is not affected by the limits otherwise applicable to participant contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. The contributions are allocated within each participant account based upon the participant's investment elections. All amounts in participant accounts are participant-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of service. A year of service is obtained upon completion of at least 1,000 hours of service. A participant vests in Company contributions at the rate of 20% per year beginning in year two and is 100% vested after six years of credited service.

Note 1 – Description of plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the vested balance in the participant's account and bear a reasonable rate of interest, which is commensurate with local prevailing rates of commercial U.S. banks and are determined at the time the note is made. Note transactions are treated as transfers to (from) the investment funds from (to) a participant's note receivable. Note terms cannot exceed five years, unless the note qualifies as a residential mortgage in which case a note term may qualify for a period up to twenty years.

Principal and interest are paid ratably through payroll deductions. Notes to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document. Plan management has evaluated the collectability of notes receivable from participants and, because they are secured by the participants' accounts, an allowance has not been recorded.

Payment of benefits

Benefits are payable to participants or designated beneficiaries upon retirement, termination, death, hardship, disability, or in-service if the participant has attained age 65. Distributions may be paid in a lump-sum amount equal to the value of the participant's vested interest in his or her account, payments over a fixed period, or they may be rolled over into another plan or an individual retirement account.

Hardship withdrawals

Participants may withdraw their elective deferral contributions in the event of hardship as defined by the Plan agreement.

Administrative expenses

The Plan's recordkeeper fees are paid directly by the Plan, and all other administration costs of the Plan are paid by the Company.

Forfeitures

Upon termination of employment, the unvested portion of a participant's Company contribution account is forfeited. Forfeitures of matching contributions are available to reduce future Company matching contributions. At December 31, 2016, forfeited accounts available to reduce Company matching contributions were $14,093. Forfeitures used to reduce the employer matching contributions in 2016 were $14,093.

Note 2 – Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of accounting policies (continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management evaluates events occurring subsequent to December 31, 2016 in determining the accounting for and disclosure of events that affect the financial statements. The Plan has no subsequent events that required recognition or disclosure in the financial statements for the year ended December 31, 2016. Subsequent events were evaluated through October 6, 2017, which is the date the financial statements were available to be issued.

Note 3 – Information prepared and certified by trustee

The following is a summary of the information included in the accompanying financial statements and supplemental information, which was prepared by or derived from information prepared and furnished to the Plan administrator by the trustee, Great-West Life & Annuity Insurance Company, at December 31, 2016 and 2015 and for the year ended December 31, 2016. The Plan administrator has obtained certification from the trustee that such information is complete and accurate.

	2016	2015
Investments at fair value:		
Mutual funds	$ 5,943,894	$ 5,659,330
Stable value fund	943,623	904,427
Total investments at fair value	$ 6,887,517	$ 6,563,757
Investment income:		
Net appreciation in fair value of investments	$ 287,995	
Dividends	161,353	
Total investment income	$ 449,348	

Note 4 – Fair value measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair value measurements (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The Plan has adopted ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The Stable value fund is measured at net asset value and therefore is exempt from fair value categorization.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2016 are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Fair Value	Fair Value Measurements Using: Significant Other Observable Inputs (Level 1)
December 31, 2016		
Mutual funds	$ 5,943,894	$ 5,943,894
Total assets in the fair value hierarchy	5,943,894	5,943,894
Investments measured at net asset value	943,623	-
Total assets at fair value	$ 6,887,517	$ 5,943,894
December 31, 2015		
Mutual funds	$ 5,659,330	$ 5,659,330
Total assets in the fair value hierarchy	5,659,330	5,659,330
Investments measured at net asset value	904,427	-
Total assets at fair value	$ 6,563,757	$ 5,659,330

Note 5 – Income tax status

The Plan document is a Great-West Trust Company Defined Contribution Volume Submitter Plan and Trust with an Internal Revenue Service (IRS) opinion letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The Plan's annual return / report of employee benefit plan filings for the past three years are subject to examination by tax authorities, and may change upon examination.

Note 6 – Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the company chooses to terminate the Plan, participants are 100 percent vested in Company contributions.

Note 7 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Related party and party-in-interest transactions

Great-West Retirement Services, the Plan's recordkeeper, is a party in interest in accordance with the definition provided by the Employee Retirement Income Security Act of 1974 (ERISA). During the year ended December 31, 2016, fees totaling $39,242 were paid by the Plan to Great-West Retirement Services.

Note 9 – Prohibited transactions

Participant contributions of $118,165 were withheld from participants pay on various pay dates during 2015, but were not remitted to the Plan's trust within the time required by the Department of Labor. The lost earnings of $95 on participant contributions were based on interest rates determined by the Internal Revenue Code and were remitted to the Plan's trust in November 2016.
