NOTE 1 — DESCRIPTION OF PLAN

The following description of the Silhouette Optical, Ltd. Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Silhouette Optical, Ltd. (the "Company") who have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and other applicable sections of the Internal Revenue Code.

Contributions

Each year, participants may contribute from 2% to 75% (not to exceed dollar limits set by law) of pretax annual compensation, as defined in the Plan. For each pay period in which a participant makes an elective deferral the Company matches 100% of the first 3% of participants' deferrals, up to 3% of participants' compensation, and 50% of the next 2% of participants' deferrals. An employer discretionary contribution amount may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations. There were no discretionary contributions made during 2016 or 2015.

Participants may also contribute amounts representing distributions from other qualified plans. These contributions do not qualify for the Company match.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Employer matching and discretionary contributions are fully vested (100%) when such contributions are made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Forfeitures

Forfeitures are used to reduce employer contributions. For the years ended December 31, 2016 and 2015, there was $1,406 and $1,386, respectively, in unallocated forfeitures which can be used to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Participant loans are secured by the remaining balance in the participant's account and bear interest at local prevailing rates. Principal and interest are paid ratably through payroll deductions.

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Employment Termination

Upon termination of service, benefits are paid in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants, pursuant to the qualifications set forth in the Plan agreement, may elect to have their benefits paid in installments over 10, 15 or 20 years.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Valuation

Generally accepted accounting principles for Fair Value Measurements and Disclosures, provides the framework for measuring the fair value of investments and expands investment related disclosures. In this regard, fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The following describes the three levels of inputs that may be used to measure fair value:

Level 1 – quoted prices in active markets for identical assets and liabilities;

Level 2 – observable inputs other than quoted market prices in active markets for identical assets and liabilities; and

Level 3 – unobservable inputs in which there is little or no market data available, which require the reporting entity to develop its own assumptions.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value.

Mutual Funds

The mutual fund investments are traded in public markets and are valued based on unadjusted quoted market values within active markets. There have been no changes in the methodologies used at December 31, 2016 and 2015.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation (Continued)

Stable Value Fund

The stable value fund primarily invests in a variety of investment contracts and is valued at the net asset value of units of the fund. The net asset value is used as a practical expedient to estimate fair value.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a difference fair value measurement at the reporting date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Administrative expenses related to trustee fees are allocated and charged directly to Plan participant accounts. Other expenses of maintaining the Plan are paid by the Company.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2017, the date the financial statements were available to be issued.

NOTE 3 — TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is qualified under the appropriate sections of the Internal Revenue Code. The Company is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTE 3 — TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 — FAIR VALUE

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as reported in the Statement of Assets Available for Plan Benefits as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$15,377,504	$ -	$ -	$15,377,504
Total assets in the fair value hierarchy	15,377,504	-	-	15,377,504
Stable value fund	-	-	-	1,513,130
Investments measured at net asset value (a)	-	-	-	1,513,130
Investments at fair value	$15,377,504	$ -	$ -	$16,890,634

	December 31, 2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$13,823,354	$ -	$ -	$13,823,354
Total assets in the fair value hierarchy	13,823,354	-	-	13,823,354
Stable value fund	-			1,401,753
Investments measured at net asset value (a)	-	-	-	1,401,753
Investments at fair value	$13,823,354	$ -	$ -	$15,225,107

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 — FIDELITY MANAGEMENT TRUST COMPANY CERTIFICATION

The Company is party to a trust agreement with Fidelity Management Trust Company for the holding and administration of the Plan assets. All information summarized in the financial statements and schedule relating to investments of the Plan for the years ended December 31, 2016 and 2015, including interest and dividend income, net appreciation (depreciation) in fair value of investments, contract value of investments, notes receivable from participants and investments held as of December 31, 2016 and 2015 was certified by the trustee of the Plan as being a complete and accurate reflection of the books and records of the Plan.

NOTE 6 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 7 — RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions, which are exempt from prohibited transactions rules. Fees paid to Fidelity total approximately $2,000 and $1,800 for the years ended December 31, 2016 and 2015, respectively.

NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

The Plan has evaluated subsequent events through October 4, 2017, the date the financial statements were available to be issued.

NOTE 3 — TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan is qualified under the appropriate sections of the Internal Revenue Code. The Company is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

NOTE 3 — TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 — FAIR VALUE

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as reported in the Statement of Assets Available for Plan Benefits as of December 31, 2016 and 2015:

NOTE 7 — RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity. NOTE 8 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.
