NOTES TO FINANCIAL STATEMENTS
December 5, 2016 and December 31, 2015

NOTE 1. Description of the Plan

The following description of the Hemphill Construction 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General. The Plan is a defined contribution plan covering all full-time employees of Hemphill Construction Company, Inc., Hemphill Holding Company, Inc., Suncoast Infrastructure, Inc., and Maintenance Systems, Inc. (collectively referred to as the Company) who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions. Each year, participants may contribute an elected amount of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers various pooled separate accounts, an insurance investment contract and a stable value collective trust fund as investment options for participants. The Company contributes 50% of the first 4% of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain statutory limitations. All eligible employees are automatically enrolled as Plan participants unless an employee declines participation in writing. Automatically enrolled participants have a percentage of their compensation withheld as contributions to the Plan (4% in 2015 and amended to 6% in 2016 with additional annual increases of 1% up to a maximum of 10%). In addition, the Plan allows participants to select a Roth account option for their elective deferral contributions.

c. Participant Accounts. Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

NOTE 1. Description of the Plan – Continued

d. Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is graduated based on years of continuous service, and a participant is 100% vested after six years of credited service.

e. Payment of Benefits. Upon retirement, termination of service, death or disability, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account balance or periodic installments over a period of time not to exceed his or her life expectancy and the life expectancy of his or her designated beneficiary. In addition, withdrawals are allowed upon attainment of age 59 ½ or upon a serious financial hardship that meets specified criteria.

f. Forfeited Accounts. These accounts are used to reduce future employer contributions or pay Plan administrative expenses.

g. Plan Merger. On October 19, 2016, the president of Hemphill Construction Company, Inc. approved the merger of this Plan into the Mississippi AGC Multiple Employer 401(k) Plan (AGC Plan), effective December 5, 2016. As a result, all investments were transferred from the Plan into the AGC Plan on that date.

h. Income Taxes

The Plan is a prototype plan developed by Principal Life Insurance Company. An opinion letter dated March 31, 2014, was obtained from the Internal Revenue Service by Principal Life Insurance Company that indicates the form of the prototype plan is acceptable under Internal Revenue Code 401; however, the Internal Revenue Service has not issued a determination letter regarding whether or not the Plan itself was specifically designed in accordance with applicable sections of the Internal Revenue Code (IRC). However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan files an annual form 5500 information return with the U.S. Department of Labor. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

(Continued)

NOTE 2. Summary of Significant Accounting Policies

a. Basis of Accounting. The financial statements of the plan are prepared using the accrual method of accounting.

b. Estimates. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

c. Investments. Investments are reported at fair value except for fully-benefit responsive investment contracts, which are reported at contract value. See Note 3 for discussion of fair value measurements. All Plan assets were transferred to the AGC Plan before close of business on December 5, 2016.

d. Realized Gain/Loss. Cost of securities sold is determined on a specific identification basis. Realized gains and losses are included in net appreciation (depreciation) in fair value of investments.

e. Administrative Costs. Certain administrative expenses of the plan may be paid by the Company and, if so, are not included in these financial statements.

f. Payment of Benefits. Benefit distributions to participants are recorded when paid. Refunds of excess contributions are accrued in the year that the excess contributions were made by the participants.

NOTE 3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(Continued)

NOTE 3. Fair Value Measurements – Continued

	Total Fair Value	Fair Value Measurements Using: Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2015			
Pooled separate accounts	$5,299,429	$4,175,802	$1,123,627
Collective trust fund	844,251	-	844,251
Total	$6,143,680	$4,175,802	$1,967,878

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value primarily using Level 2 inputs. Level 3 inputs are used when Level 2 inputs are not available.

Level 2 Fair Value Measurements

The fair value of pooled separate accounts with an insurance company, which are primarily invested in mutual funds or securities that have observable level 1 or 2 pricing inputs, are based on the net asset value of these accounts. Although the underlying assets may have quoted prices, the net asset values of pooled separate accounts are not publicly quoted.

(Continued)

NOTE 3. Fair Value Measurements – Continued

Level 3 Fair Value Measurements

Guaranteed investment contracts with an insurance company are not actively traded and significant other observable inputs are not available. These guaranteed investment contracts provide for contract value upon distribution; however, there may be market value adjustments when funds are withdrawn prior to their maturity. The fair value of these guaranteed investment contracts is determined in a valuation process which discounts the related cash flows based on current yields of similar instruments with comparable durations. A pooled separate account with an insurance company, which is invested primarily in commercial real estate is not actively traded and significant other observable inputs are not available. The fair value of this pooled separate account is determined by valuations using property appraisals, occupancy levels, lease rates, market conditions and other factors. Principal Stable Value Fund is a collective investment trust fund operated by certain wholly-owned subsidiaries of Principal Financial Group that invests primarily in investment contracts issued by banks, insurance companies, or other issuers and attempts to maintain principal stability. The investment contracts held by the trust fund are not actively traded and significant other observable inputs are not available. The fair value of the investment contracts is determined by discounting the related cash flows based on current yields of similar instruments having comparable durations (approximately 1.7% in 2016 and 1.6% in 2015). The following table provides further details of the Level 3 fair value measurements.

	Pooled Separate Accounts	Collective Trust Fund	Total
Beginning balance, January 1, 2016	$1,123,627	$ 844,251	$1,967,878
Appreciation in fair value of investment	138,257	6,891	145,148
Purchases and sales, net	786,247	(239,460)	546,787
Administrative expense	(5,676)	(2,387)	(8,063)
Transferred upon merger of Plan	(2,042,455)	(609,295)	(2,651,750)
Ending balance, December 5, 2016	$ -	$ -	$ -

NOTE 3. Fair Value Measurements – Continued

	Pooled Separate Accounts	Collective Trust Fund	Guaranteed Investment Contracts	Total
Beginning balance, January 1, 2015	$ 950,370	$ 977,984	$ 16,830	$1,945,184
Appreciation in fair value of investment	128,774	1,142	-	129,916
Purchases and sales, net	47,346	(132,195)	(16,830)	(101,679)
Administrative expense	(2,863)	(2,680)	-	(5,543)
Ending balance, December 31, 2015	$1,123,627	$ 844,251	$ -	$1,967,878

Gains and losses included in changes in net assets available for benefits for the eleven month and five day period ended December 5, 2016, are reported in net appreciation in fair value of investments.

NOTE 4. Related Party Transactions

Plan investments are units of pooled separate accounts, guaranteed investment contracts and a collective investment trust fund provided by Principal Financial Group, of which the Plan's trustee is a subsidiary. Principal Financial Group also provides administrative services to the Plan. Consequently, these transactions are party-in-interest transactions. Fees paid by the Plan to the trustee for administrative services totaled $22,025 for the eleven month and five day period ended December 5, 2016.

NOTE 5. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements as of December 5, 2016 and for the eleven month and five day period then ended and as of December 31, 2015 was obtained from data that has been prepared and certified as complete and accurate by the trustee of the Plan.
