# RAINBOW RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS As of and for the Period Ended December 31, 2016

---

### NOTE 1 - Description of the Plan

---

The following description of the Rainbow Retirement Plan (the "plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

#### *General*

Effective April 1, 2016, REE Midwest (the "company") established the plan, which is a defined contribution plan covering all full-time employees of REE Midwest (the "company"). Employees are eligible to participate in the plan after the completion of 12 months of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan's Board of Directors is responsible for oversight of the plan. The Investment Committee determines the appropriateness of the plan's investment offerings, monitors investment performance and reports to the Board of Directors.

#### *Contributions*

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of all contributions into various investment options offered by the plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions. Participants are charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### *Vesting*

Participants are immediately vested in their salary reduction, rollover contributions plus actual earnings thereon.

#### *Payment of Benefits*

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account, or annual installment. In addition, the plan allows for hardship distributions if certain criteria are met.

---

### NOTE 2 - Summary of Significant Accounting Policies

---

#### *Basis of Accounting*

The financial statements of the plan are prepared on the accrual basis of accounting.

## RAINBOW RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS As of and for the Period Ended December 31, 2016

---

#### **NOTE 2 - Summary of Significant Accounting Policies (cont.)**

---

##### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

##### *Investment Valuation and Income Recognition*

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisors, trustees and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

##### *Administrative Expenses*

The company pays 100% of the plan's administrative expenses other than specific participant incurred fees for loan administration or short-term trading, which are paid by the individual participant. Expenses that are paid by the company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

##### *Payment of Benefits*

Benefits are recorded when paid.

##### *Subsequent Events*

The plan has evaluated subsequent events for recognition or disclosure through September 20, 2017, the date the financial statements were available to be issued.

## NOTES TO FINANCIAL STATEMENTS As of and for the Period Ended December 31, 2016

---

### NOTE 3 - Information Certified by Trustee

---

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2016. Accordingly, Reliance Trust Company, the trustee of the plan as of December 31, 2016, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2016 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period ended December 31, 2016.

---

### NOTE 4 - Fair Value Measurements

---

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- > quoted prices for similar assets or liabilities in active markets;
- > quoted prices for identical or similar assets or liabilities in inactive markets;
- > inputs other than quoted prices that are observable for the asset or liability;
- > inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

### NOTES TO FINANCIAL STATEMENTS As of and for the Period Ended December 31, 2016

#### NOTE 4 - Fair Value Measurements (cont.)

---

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2016:

|                                             | Assets at Fair Value as of December 31, 2016 |         |         |            |
|---------------------------------------------|----------------------------------------------|---------|---------|------------|
|                                             | Level 1                                      | Level 2 | Level 3 | Total      |
| Mutual funds                                | \$ 103,596                                   | \$ -    | \$ -    | \$ 103,596 |
| Total assets in the fair value hierarchy    | \$ 103,596                                   | \$ -    | \$ -    | 103,596    |
| Investments measured at net asset value (a) |                                              |         |         | 9,835      |
| Investments at Fair Value                   |                                              |         |         | \$ 113,431 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

For period ended December 31, 2016, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

#### NOTE 4 - Fair Value Measurements (cont.)

##### *Investments Measured Using NAV per Share Practical Expedient*

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2016,. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

|                       | December 31, 2016 |                             |                                                     |                                 |

---

#### NOTE 5 - Administration of Plan Assets

---

The plan's assets are administered under a contract with Reliance Trust Company, the trustee of the plan during 2016. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

---

#### NOTE 6 - Related Party and Party In Interest Transactions

---

Certain of the plan's investments are managed by the trustee as defined by the plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the plan for the investment manager services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Additionally, the plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the plan are performed by officers or employees of the company. No such officer or employee receives compensation from the plan.

---

#### NOTE 7 - Plan Termination

---

Although it has not expressed any intent to do so, the company has the right to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their company contributions.

## RAINBOW RETIREMENT PLAN

### NOTES TO FINANCIAL STATEMENTS As of and for the Period Ended December 31, 2016

---

#### NOTE 8 - Tax Status

---

The IRS has determined and informed the company by a letter dated July 16, 2014, that the plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

---

#### NOTE 9 - Risks and Uncertainties

---

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2016, the plan had investments of \$67,650, that were concentrated in four funds.

---

#### NOTE 10 - Reconciliation of Financial Statements to Schedule H Form 5500

---

The following is a reconciliation of year-end net assets available for benefits per the financial statements to Form 5500 for December 31:
