NOTE A. DESCRIPTION OF THE PLAN

The following description of the O'Gara Coach Company, LLC ("Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a cash or deferred arrangement 401(k) profit sharing plan for employees of the Company. The Plan has an original inception date of January 1, 2010 and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Effective March 1, 2015 the Plan was amended and restated to comply with the Pension Protection Act of 2006, other legislative and regulatory changes, and to adopt certain changes to eligibility, enrollment, matching and vesting.

2. Eligibility

Eligibility in the Plan is available to any employee on the first day of the month following the completion of three months of eligible service and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, amounts of their compensation up to 80%, or the maximum deferral limit per Section 402(g)(1) Internal Revenue Code (IRC) of $18,000 for the year ended December 31, 2016. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution was $6,000 in 2016. The Plan also allows for Roth contributions.

At the option of the Company, Employer contributions can be made. No employer contributions were made for the Plan year ended December 31, 2016.

4. Rollovers

An employee who qualifies as part of an eligible class of employees can make rollover contributions subject to the guidelines of the Plan.

NOTE A. DESCRIPTION OF THE PLAN (Continued)

5. Participant Accounts

Each participant's account is credited with the employee's contributions, rollovers, Employer matching contributions and profit sharing contributions, and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. A participant is entitled to the benefit that can be provided from their vested account.

6. Investment Options

Participants may direct employee and employer contributions, if the employer decides to make such contributions, as desired, in any of a variety of options held by SSB, as provided by the Plan. Participants may change their investment options daily.

7. Vesting

Participants are vested in their contributions plus actual earnings thereon. If the Company decides to make contributions, then those contributions would vest based on years of service as follows:

Years of Service	Percentage
Less than 1	0%
At least 1, but less than 2	25%
At least 1, but less than 3	50%
At least 1, but less than 4	75%
4 or more	100%

8. Benefit Payments

At retirement, disability, or death, a participant automatically becomes 100 percent vested, and may elect to receive either a lump-sum payment or a rollover payment in an amount equal to the value of the participant's account as defined by the Plan. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as defined by the Plan.

9. Forfeitures

Forfeitures attributable to matching contributions may be used to pay administrative expenses or reduce future discretionary Company contributions. As of December 31, 2016 and 2015, forfeitures were not significant.

NOTE A. DESCRIPTION OF THE PLAN (Continued)

10. Notes Receivable from Participants

Subject to approval by the Plan Administrator, participants may borrow a minimum of $500 up to a maximum of 50 percent of their vested balance, not to exceed $50,000, less any outstanding loan balance. The interest rate is the prime rate as published in The Wall Street Journal, plus two percentage points. Loans must be paid back through payroll deductions within five years of the date of issuance, in accordance with terms established by the Plan Administrator. Loans for the purchase of a primary residence may be paid back within a period of no more than 30 years as approved by the Plan Administrator. A participant may only have one loan outstanding at any time.

11. Plan Termination

Although it has not expressed such intent, the Employer reserves the right under the Plan document to amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts and funds will be distributed in accordance with the Plan terms and the IRC.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the Plan Sponsor and the Plan Administrator. The Plan Administrator is responsible for carrying out the duties imposed under ERISA.

3. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See note D for further discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative and Other Expenses

Administrative expenses incurred by the trustee in performance of its duties are paid from the assets of the Plan. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly to the participant's account and are included in administrative expenses. Other reasonable Plan expenses may be paid from the Plan's forfeiture account (see Note A.9). Investment related expenses are included in net appreciation/(depreciation) of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C. INVESTMENTS AND CERTIFICATION BY TRUSTEE

The trustee, Reliance Trust Company ("Reliance"), has been granted discretionary authority to invest and reinvest the assets of the trust, subject to the investment discretion of the individual participants over the Employer contributions and participant contributions.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by Reliance, in the accompanying Statements of Net Assets Available for Plan Benefits were $2,377,055 and $2,650,618 as of December 31, 2016 and 2015, respectively.

Net investment appreciation and interest on notes receivable from participants are certified by Reliance was $160,564 for the year ended December 31, 2016.

NOTE D. FAIR VALUE MEASUREMENTS

The framework used for measuring fair value provides a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE D. FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These fund are required to publish their daily net asset value and transact at that price. The NAV for mutual funds is a publically available quoted price in an active market.

Common/collective trust funds: Valued at the NAV of units of a collective trust, the NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

NOTE D. FAIR VALUE MEASUREMENTS (Continued)

Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The funds do not have any unfunded commitments. Participant redemptions can be made on any business day and do not have a redemptions notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 1,209,373	$ -	$ -	$ 1,209,373
Investments measured at net asset value (a)				1,143,732
Total assets in at fair value				$ 2,353,105

Assets at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 1,286,306	$ -	$ -	$ 1,286,306
Investments measured at net asset value (a)				1,345,817
Total assets in at fair value				$ 2,632,123

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE E. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2016, there were transactions involving participant loans and investment of Plan assets in investment funds maintained by the Plan's trustee or its affiliates. These transactions are considered parties-in-interest as defined in Section 3(14) of ERISA for which a statutory exemption exists.

NOTE F. RISKS AND UNCERTAINTIES

Plan investments are subject to market fluctuations and interest rate changes that may materially affect their fair value. Certain investment options could include contracts with insurance companies and other financial institutions. These contracts could impose a contract penalty on withdrawals or exchanges from the fund caused by extraordinary events.

The Plan invests, through mutual funds and common collective trusts, in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments.

NOTE G. INCOME TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service (IRS) on July 8, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, that are insignificant or operational in nature, are handled by the Plan Administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE G. INCOME TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2013.

NOTE H. SUBSEQUENT EVETNS

Plan Management has evaluated subsequent events through October 9, 2017, the date the financial statements were available to be issued.

NOTE A. DESCRIPTION OF THE PLAN

The following description of the O'Gara Coach Company, LLC ("Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a cash or deferred arrangement 401(k) profit sharing plan for employees of the Company. The Plan has an original inception date of January 1, 2010 and is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Effective March 1, 2015 the Plan was amended and restated to comply with the Pension Protection Act of 2006, other legislative and regulatory changes, and to adopt certain changes to eligibility, enrollment, matching and vesting.

2. Eligibility

Eligibility in the Plan is available to any employee on the first day of the month following the completion of three months of eligible service and the attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, amounts of their compensation up to 80%, or the maximum deferral limit per Section 402(g)(1) Internal Revenue Code (IRC) of $18,000 for the year ended December 31, 2016. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution was $6,000 in 2016. The Plan also allows for Roth contributions.

At the option of the Company, Employer contributions can be made. No employer contributions were made for the Plan year ended December 31, 2016.

4. Rollovers

An employee who qualifies as part of an eligible class of employees can make rollover contributions subject to the guidelines of the Plan.

NOTE A. DESCRIPTION OF THE PLAN (Continued)

5. Participant Accounts

Each participant's account is credited with the employee's contributions, rollovers, Employer matching contributions and profit sharing contributions, and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. A participant is entitled to the benefit that can be provided from their vested account.

6. Investment Options

Participants may direct employee and employer contributions, if the employer decides to make such contributions, as desired, in any of a variety of options held by SSB, as provided by the Plan. Participants may change their investment options daily.

7. Vesting

Participants are vested in their contributions plus actual earnings thereon. If the Company decides to make contributions, then those contributions would vest based on years of service as follows:

Years of Service	Percentage
Less than 1	0%
At least 1, but less than 2	25%
At least 1, but less than 3	50%
At least 1, but less than 4	75%
4 or more	100%

8. Benefit Payments

At retirement, disability, or death, a participant automatically becomes 100 percent vested, and may elect to receive either a lump-sum payment or a rollover payment in an amount equal to the value of the participant's account as defined by the Plan. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as defined by the Plan.

9. Forfeitures

Forfeitures attributable to matching contributions may be used to pay administrative expenses or reduce future discretionary Company contributions. As of December 31, 2016 and 2015, forfeitures were not significant.

NOTE A. DESCRIPTION OF THE PLAN (Continued)

10. Notes Receivable from Participants

Subject to approval by the Plan Administrator, participants may borrow a minimum of $500 up to a maximum of 50 percent of their vested balance, not to exceed $50,000, less any outstanding loan balance. The interest rate is the prime rate as published in The Wall Street Journal, plus two percentage points. Loans must be paid back through payroll deductions within five years of the date of issuance, in accordance with terms established by the Plan Administrator. Loans for the purchase of a primary residence may be paid back within a period of no more than 30 years as approved by the Plan Administrator. A participant may only have one loan outstanding at any time.

11. Plan Termination

Although it has not expressed such intent, the Employer reserves the right under the Plan document to amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts and funds will be distributed in accordance with the Plan terms and the IRC.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the Plan Sponsor and the Plan Administrator. The Plan Administrator is responsible for carrying out the duties imposed under ERISA.

3. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See note D for further discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on trade-date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative and Other Expenses

Administrative expenses incurred by the trustee in performance of its duties are paid from the assets of the Plan. Fees related to the administration of notes receivable from participants and other participant specific fees are charged directly to the participant's account and are included in administrative expenses. Other reasonable Plan expenses may be paid from the Plan's forfeiture account (see Note A.9). Investment related expenses are included in net appreciation/(depreciation) of fair value of investments. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C. INVESTMENTS AND CERTIFICATION BY TRUSTEE

The trustee, Reliance Trust Company ("Reliance"), has been granted discretionary authority to invest and reinvest the assets of the trust, subject to the investment discretion of the individual participants over the Employer contributions and participant contributions.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

Total investments and notes receivable from participants held and certified by Reliance, in the accompanying Statements of Net Assets Available for Plan Benefits were $2,377,055 and $2,650,618 as of December 31, 2016 and 2015, respectively.

Net investment appreciation and interest on notes receivable from participants are certified by Reliance was $160,564 for the year ended December 31, 2016.

NOTE D. FAIR VALUE MEASUREMENTS

The framework used for measuring fair value provides a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE D. FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These fund are required to publish their daily net asset value and transact at that price. The NAV for mutual funds is a publically available quoted price in an active market.

Common/collective trust funds: Valued at the NAV of units of a collective trust, the NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily.

NOTE D. FAIR VALUE MEASUREMENTS (Continued)

Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The funds do not have any unfunded commitments. Participant redemptions can be made on any business day and do not have a redemptions notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 1,209,373	$ -	$ -	$ 1,209,373
Investments measured at net asset value (a)				1,143,732
Total assets in at fair value				$ 2,353,105

Assets at Fair Value as of December 31, 2015

	Level 1	*Level 2*	*Level 3*	*Total*
Assets in the fair value hierarchy:				
Mutual funds	$ 1,286,306	$ -	$ -	$ 1,286,306
Investments measured at net asset value (a)				1,345,817
Total assets in at fair value				$ 2,632,123

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE E. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2016, there were transactions involving participant loans and investment of Plan assets in investment funds maintained by the Plan's trustee or its affiliates. These transactions are considered parties-in-interest as defined in Section 3(14) of ERISA for which a statutory exemption exists.

NOTE F. RISKS AND UNCERTAINTIES

Plan investments are subject to market fluctuations and interest rate changes that may materially affect their fair value. Certain investment options could include contracts with insurance companies and other financial institutions. These contracts could impose a contract penalty on withdrawals or exchanges from the fund caused by extraordinary events.

The Plan invests, through mutual funds and common collective trusts, in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments.

NOTE G. INCOME TAX STATUS

The Employer adopted a volume submitter document, which received a favorable opinion letter from the Internal Revenue Service (IRS) on July 8, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, that are insignificant or operational in nature, are handled by the Plan Administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE G. INCOME TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2013.

NOTE H. SUBSEQUENT EVETNS

Plan Management has evaluated subsequent events through October 9, 2017, the date the financial statements were available to be issued.
